THE FATE OF A PROMINENT MARINE GROCERYMAN.

P. H. Monahan, one of Detroit's Oldest and Best Known Merchants Meets with a Serious Experience.

From the Evening News, Detroit, Mich.

Prominent among the business men of Detroit, Mich., is Patrick H. Monahan, who resides at 199 Baker street.

He has been actively engaged in the grocery business for the past forty-seven years, of which forty-two years have been in Detroit. Coming here nearly half a century ago he started into business at the corner of Second and Jefferson avenues, and for years catered to the marine trade. From Duluth to Buffalo his name as an honorable, honest boat supply man was well known to all boatmen.

No matter what time of day or night, the Monahan Marine Grocery was kept open for the convenience of the lake boats. He is the best known and oldest retail grocery dealer in Detroit. He has been successful in business by his square dealings, and is yet to be found behind the counter any day at his large store, corner of Twelfth and Baker streets. To a reporter, he recently said:

"When we first opened the Jefferson Avenue store we had to work day and night. The vessels that needed supplies, wanted them right off and we had to jump all the time. The reason vesselsmen patronized us, was because we filled their orders at once. Every hour counts with them and we had a double set of clerks that worked day and night. I have been hustling all my life. No man can succeed in business without hustling. Some people hustle too much, and I was one of them."

"About four years ago I had to give up on account of my back giving out. It had bothered me for years. For a week I sat around the house and then had to go to bed. The family physician said that I had worn myself out by hard work. I did not do

much for nearly two years, and doctored for my kidneys. My friends advised me to try remedies that they had faith in, and I tried nearly all of them. I was ready for any remedy that would relieve me, but I did not receive any benefit.

"I read considerable during my sickness and in my daily paper I noticed frequently articles regarding the wonderful cures made by Dr. Williams' Pink Pills for Pale People, and how the pills contained, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. One day I read of a case like mine, in which a complete cure had been effected. That convinced me that the pills had merit, and I decided to try them as they cost only 50 cents a box (never in loose form) or six boxes for \$2.50, and could be had at any drug store, or by mail from the Dr. Williams' Medicine Company, Schenectady, N. Y. The next day I asked the druggist regarding them. He said, 'We sell large quantities of the pills and they are well recommended by the purchasers.' They build up the blood, and restore the glow of health to pale and sallow cheeks, and effect a radical cure in all cases arising from mental worry, overwork or excess of whatever nature. I bought a box and took it home, and commenced to take the pills. Before I had taken one box that intense pain which for fifteen years had nearly killed me was gone. I continued using the pills until I had taken four boxes, which made me feel as well as I had for years previous to my sickness. My friends noticed the change at once and were more than pleased to see me out again. I continued using the pills, and in less than sixty days I was so much improved that I was able to attend to business."

The choral union will meet at the Presbyterian church next Wednesday evening, and all members and those who wish to become members are desired to be there. There is a prospect that an excellent leader will be chosen on that night.

J. J. Henderson says that he never saw fall sown grain come up nicer and make finer growth than it has this season, and it has been his observation that wheat that grew strong and vigorous in the fall was the wheat that made strong yields at harvest time. There ought to be something in that.

Adolph Matthies and John Booth have bought the meat business of Harding & West and will take possession next week. Mr. Matthies is well known to the citizens of McMinnville as a caterer in this line of business, and his return to his old place behind the steak-counter will be a pleasant surprise. Mr. Booth is said to be a good judge of fat steers and together they should make a bustling firm.

School Superintendent Reynolds is turning over in his mind a plan for a crusade in behalf of better spelling. He thinks not enough attention is paid to oral spelling, and his plan contemplates the selection of a list of say 2000 words on which all the schools in the county are to drill, and then at a stated time each school to send its champion speller to a grand spelling match to be held at the county seat. Gold and silver medals would be given to the winners. This strikes us as a good method of awakening interest in spelling. There is need of improvement.

Councilman McKinney makes some suggestions about the city water and light plant that we think are worth considering. Instead of the revenues from the plant increasing from month to month as they should, they are actually diminishing. It is hard to tell where all the fault lies. It is bad management undoubtedly, and he thinks there are too many hands trying to run the business to make a success of it. There are doubtless several gentlemen on the council who would be capable of the task if left to themselves, but it is quite a different proposition to find six men in the council capable of the same feat. Mr. McKinney would favor placing the business in the hands of a commission of not to exceed three persons, but this cannot be done without amending the city charter. However, the charter as it stands authorizes the council to appoint a superintendent, and define his duties, and the same end could be accomplished in that way. A good and sufficient bond would indemnify the city against any possible risk.

Gave Back My Health.

There is no reason for being despondent and considering diseases of the blood incurable, simply because the treatment of physicians and many so-called blood remedies fail to effect a cure. Though it is naturally disheartening to the sufferer who faithfully takes the prescribed treatment of the physicians, often at the expense of hundreds of dollars, to find himself, no better as time goes by, still a cure will result from the right remedy, S.S.S., no matter what other treatment has failed.

The reason that S.S.S. (Swift's Specific) has so successfully cured even the worst cases after other treatment had been tried in vain is that it is the only remedy which forces the poison from the blood and permanently eliminates it from the system, which is the only correct principle of curing the disease. Mercurial remedies bottle up the poison and tear down the system, while S.S.S. forces out the poison and builds up and adds strength and vigor to the entire system. It is nature's remedy, and contains no harmful ingredient.

Mr. Charles Glenn, of 1561 Dudley St., Cincinnati, is one of the many who constantly praise S.S.S. for giving him back his health. He says:

"From childhood I was afflicted with a terrible blood disease, and have taken almost every blood remedy on the market, but my case was deep-seated, and one by one they failed. The large, red blotches increased in size and number, and soon covered my entire body. My parents had me treated by a number of physicians, but the disease was too much for them, and after their temporary relief was over, I found myself growing steadily worse. Thus I grew into manhood, handicapped by a terrible disease, and having tried so many remedies without relief, when a friend urged me to take S.S.S. I had little faith in any medicine. I was happy to find, however, that I had at last gotten the right remedy, for one bottle of S.S.S. did me so much good that I soon had hopes of being cured. I continued the remedy, and was cured completely, the unsightly spots soon disappeared, leaving my skin perfectly clear. My general health was also built up, and I am robust and strong. I believe S.S.S. will cure the worst case of blood poison in the world."

S.S.S. is a real blood remedy, and will cure the most obstinate cases of Cancer, Eczema, Catarrh, Scrofula, Rheumatism, Contagious Blood Poison, old sores, or any disease caused by impure blood. It is

Purely Vegetable

and is the only blood remedy guaranteed to contain not a particle of mercury, potash, arsenic or other mineral. S.S.S. is sold by all druggists.

Valuable books on blood and skin diseases will be mailed free by Swift Specific Company, Atlanta, Ga.
