

Blood Poisoned.

FEARFUL RESULT OF IMPROPERLY TREATING AN ABSCESS.

Mrs. L. E. Browning, of Pueblo, Painfully Afflicted from a Complication of Diseases—Her Remarkable Fortitude.

From the *Chieftain*, Pueblo, Col.

The hurry and bustle of the housewife is extremely wearing upon the delicate organism of womanhood. Her intense earnestness in whatever she undertakes, tempts her constantly to go beyond her strength.

Read the story of a Colorado woman as told to our reporter: "Eight years ago," said she, "my husband died, and I was left with three children to care for and educate. About two years ago I was very sick with blood poisoning, caused by an abscess that had not received proper treatment. The disease for a time settled in my throat, causing me intense agony. Then inflammatory rheumatism set in. For four months and a half I was a prisoner in my room, most of the time confined to my bed. My hands were swollen so that I could not feed myself, and the swelling in my feet and ankles would have made walking impossible if I had been strong enough.

"One day, after considerable treatment, my physician brought me a box of pills. 'You need a tonic,' he said, 'and something that will set at once, and this is the best medicine I know of for that purpose.'

"Pills," I exclaimed in surprise as he opened the box and showed me the little pink gloves. "These are Dr. Williams' Pink Pills for Pale People."

"Yes," he replied, "but you need not be alarmed, they are not physic, and my word for it, they'll do you good."

"Before I had been taking them a week I noticed a great improvement in my condition. Soon my rheumatism was gone, I grew stronger each day and now am in the best of health.

The lady was Mrs. L. E. Browning, of 1154 East 4th St., Pueblo, Colorado.

Chas. Chaney of Amity was a business caller on Monday. Charley and his brother are farming about 700 acres of land and are among the most enterprising and pushing young farmers in the county. They have just sold the balance of their wheat crop, which amounted to about 4500 bushels.

Mrs. H. F. Bedwell of North Yamhill, who was a pleasant caller at The Reporter office this week, mentioned the fact that there was not an empty dwelling in that town, which is pretty good evidence of local prosperity. The further fact that three doctors and three preachers are now established in the place insures the physical and moral welfare of the population.

The actors in the coming presentation of "The Man from Maine," set for Nov. 12th, are as follows: Will Holman, C. H. McKinney, Earnest Henderson, Robert Henderson, Sam Gaunt, George Snyder, John Evenden, Arthur McPhillips, A. B. Apperson, Mrs. J. W. Hobbs, Miss Daisy Young and Miss Clara Irvine. Hard work is being done on the "parts," and some midnight oil is likely to be burned.

Last week in noting the recommendation of J. M. Hill of Pullman, Wash., for appointment to a land office position, it was erroneously stated that he was a brother of Mrs. J. W. Gault and Mrs. B. F. Hartman. He is brother-in-law to the ladies named and a brother to Mrs. Franklin Stout. Since all of them are good republicans, patriotic and true, there ought to be no delay in Mr. Hill's appointment.

A good record in horesdom in Yamhill county has been overlooked until now. On Salem day at the late state fair, Princess D., a three-year-old filly raised at Bellevue, and sired by George Owen's Duroc Prince, trotted a mile in 2:18. She is the property of Mr. Smith of Lafayette. This places Yamhill county in touch with some of the swiftest blood in the country. She is the only one of Duroc's coits that has been developed for speed.

Inherited Blood Taint.

Here is a case of inherited blood taint which resulted in what threatened to be a complete wreck of an innocent young life. The most serious feature of being afflicted with a blood disease is the fact that innocent posterity must suffer. The man or woman with the slightest taint in the blood forces the undesirable legacy of impurity upon their children whose veins flow with the impure inheritance which handicaps them in the race of life.

No child who has a trace of bad blood can be healthy or strong, and those predisposed to Scrofula are liable to a great deal of sickness, because their constitutions are weak and cannot withstand the many dangers which beset the path of childhood. Medical statistics show that a majority of lung troubles result directly from Scrofula, so that a child afflicted with this disease is likely to fall a victim to dreaded consumption.

Mr. W. A. Clayton, of Addie, N. C., believes S.S.S. is the only blood remedy which can have any effect whatever upon obstinate cases. He says:

"My three-year-old boy had the worst case of Scrofula I ever heard of. He

was given many blood remedies without relief, and treated by the best doctors. He seemed to get worse all the while, however, and the disease finally resulted in curvature of the spine, making him utterly helpless.

"The bad sores on his neck increased in size, and were a source of constant pain. He was in this pitiful condition for two years, when some one recommended S.S.S., stating that it had cured some of the worst cases of blood diseases. As soon as his system was under the effect of the medicine, the sores began to get better, and in eight days were completely healed. Before long he could walk on crutches, and was improving every day. In three months he threw aside his crutches, for he had no further use for them; the dreadful disease had been eliminated entirely from his system, and he was restored to perfect health. The cure was a permanent one, as no sign of the disease has returned for ten years."

S.S.S. is a real blood remedy, and promptly reaches all deep-seated and obstinate blood diseases, it matters not what other treatment has failed. It is the only remedy which acts on the correct principle of forcing the disease from the system and getting rid of it permanently.

S. S. S. is a sure cure for Scrofula, Cancer, Catarrh, Eczema, Rheumatism, Tetter, and all other blood diseases. It is

Purely Vegetable
and is the only remedy guaranteed to contain no potash, mercury or other harmful mineral.

Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.
