Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Reporter is the only newspaper in the county that prints the president's message in full. It is the only paper that gives the news, and it costs no more than the stereotype, boiler-plate variety.

Seems as if all the things we like disagree with us, and all the things we don't like, agree with us. Dyspepsia lurks in most of the good things we eat, and indigestion follows the gratification of appetite. Of course, it isn't nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes. Dr. Pierce's Pleasant Pellets are for people who are troubled with indigestion. Particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten anything that disagrees with you. They may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor.

The ladies of the M. E. church rallied as a mighty host and sewed in a short time their new carpet which Mr. Daniels is now putting down on the floor of the auditorium of their new church.
