WEDDING GOODS.

We wish to call special attention to our fine line of paper and envelopes for wedding invitations and announcements. Invitations are not quite as much in evidence as they were a few years ago, though they are still all right. Announcements sent out immediately after the important event, are very generally used. Either is accepted as a token of friendship, and is treasured as a souvenir and keepsake in every household where healthy sentiment abounds. The sending should not be neglected. An announcement or invitation should be artistic both in form and execution. We have beautiful stationery, and have recently added a series of type by which the fine effects of lithography can be fairly imitated if not equaled.

PARTY INVITATIONS.

For most invitations the square bevel-edged card 3 1/2 x 4 1/2 cannot be surpassed, either printed or written. We have them and can furnish them either written or printed very reasonably.

We carry a large line of stationery for all kinds of

COMMERCIAL PRINTING

Such as Posters, Pamphlets, Letterheads, Statements Envelopes, Cards, etc., and keep in stock a line of Blank Deeds, Mortgages, Note, Receipt and Order Books.

For children's parties our light gilt-edge card of the same size put up in boxes of 24 with envelopes to match, is just the thing. They are only 35c a box without printing.

MENU CARDS.

We have just added a few handsome designs in menu cards to our stock, both folders and single panels, and can supply them in any number, great or small, plain or printed.

VISITING CARDS.

There is nothing like being in style, and a calling card out of date in shape is one of the things to be avoided. Our stock is direct from a leading Chicago house and is vouched for as the correct thing for 1897. We sell them unprinted if desired.

FUNERAL ANNOUNCEMENTS.

We have recently added a line of mourning bordered note paper, to meet the legitimate public demand for this class of printing. Our facilities are unsurpassed, and calls from adjacent towns can be filled in an hour's time.

WHITESON.

A. Manoc's wife and family are visiting his mother in Marion county. During their absence he has to do the chores and keep batch.

The Southern Pacific Co. has placed on sale special tickets, Whiteson to Portland and return at the rate of \$2.70. Tickets limited to two days.

H. Holmes lost two valuable cows last week from eating wild parsnips. A heavy dose of coal oil saved a third one from sharing the same fate.

A dog fight occurred on the railroad track just as the south bound passenger came into town last Tuesday. The result was: both dogs run over, one killed and the fight stopped.

The Christmas tree at the Presbyterian church was a perfect success. A large number witnessed the distribution of presents and with many wishes for a merry Christmas and happy New Year, all went home well pleased.

Little Eula Smith, who lives across the creek west of town while returning from school Monday evening became frightened at some cattle and tried to cross the public road opposite Mr. Cox's barn. The Yamhill soil proved too deep and sticky for the little tot and she mired down tight and fast. Her screams brought some men to her assistance who fished her out with more mud sticking to her clothing and in her boots than was comfortable.

Don't be persuaded into buying liniments without reputation or merit—Chamberlain's Pain Balm costs no more, and its merits have been proven by a test of many years. Such letters as the following, from L. G. Bagley, Hueneme, Cal., are constantly being received: "The best remedy for pain I have ever used is Chamberlain's Pain Balm, and I say so after having used it in my family for several years." It cures rheumatism, lame back, sprains and swellings. For sale by S. Howorth & Co.

NEWBERG.

F. E. Hobson and wife are visiting in Woodburn.

Miss Amy Harger is home from Gaston, having been away all fall.

Mrs. Yergen of Butteville is spending the holidays with F. H. Story's.

Miss Meredith Rankin of Albany visited last week with Miss Bird Nelson.

Dr. McConnell of Portland is entertaining several of the Newberg young people.

Mrs. Kinyon of Butteville, and Rome Hoback of Portland are visiting at G. P. Kinyon's.

The G. A. R. Post of Newberg was instrumental in making glad several needy families on Xmas.

The family of J. L. Larkin came from various places and had a jolly Xmas at the home fireside.

Newberg lodge No. 103, A. F. and A. M., held a public installation and supper on Monday, the 27th. An enjoyable time was had by all.

Miss Bird Nelson gave a party on Wednesday night in honor of Miss Edith Rankin of Albany. After games and music, refreshments were served.

How to Prevent Pneumonia.

At this time of year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction.—Olagah, Ind. Ter., Chief.

This is the only remedy that is known to be a certain preventive of pneumonia. Among many thousands who have used it for colds and la grippe, we have never yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent sizes for sale by S. Howorth & Co.

Bids for Wood.

Bids for wood will be received by the undersigned committee till Jan. 5th, 1898. 450 cords of second growth fir, all split. No round wood will be received. 500 cords of old fir, clear of big knots, delivered at the city water plant on or before Oct. 1st, 1898. The committee reserves the right to reject any and all bids.

CASTORIA.

The medicinal value of Castoria is well known.

Married.

Dec. 25th, 1897, at the home of the bride's parents near Carlton, Mr. Wm. Scott and Miss Annie R. Wills, Elder McCutcheon officiating. Miss Wills is the daughter of one of Carlton's successful farmers and is highly respected and esteemed by all. Mr. Scott is well and favorably known in Carlton as an industrious young man, a teacher in the McMinnville public schools, a graduate of McMinnville college, bearing a teacher's diploma. Both young people are members of the Carlton church, where they are loved and respected by all.

Some presents of a very useful character were exhibited. Mr. Scott and wife go to live in McMinnville.

Watch-Night at Baptist Church.

There will be held, on next Friday night, at the Baptist church in this city, a watch-night service, to which the public is cordially invited.

The program will be carried out as follows:

Beginning Monday evening and continuing throughout the week the pastor will conduct a school of prayer. The subjects will be as follows: Monday, The Great Teacher and His Disciples; Tuesday, The Perfect Model; Wednesday, Answer to Prayer Certain, and the Faith that Claims it; Thursday, The Purpose of Prayer; Friday, The Never Failing or All Prevailing Plea. These services will begin promptly at 7:30 and close promptly at 8:15. All persons invited to attend and bring your bibles.

Sunday morning, Jan. 9th, Evangelist Alerich will begin a series of meetings in this church.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A Supposed Murder.

George Sager, a man aged about forty years, and a bachelor, who has lived on the bank of the Willamette at Weston for over twenty years, was found dead near his house early Wednesday morning. Coroner Fenton held an inquest on the same day, as soon as a jury could be empaneled, and a verdict was rendered to the effect that murder had been committed by a party or parties unknown.

The surroundings showed that rocks had been thrown into Sager's house through the windows and the door had been forced open. The body was found outside the house about fifty feet from the door, and was stabbed in the back, showing that murder had been committed, as it would not have been possible to have suicided in this manner. Sager was subject to spells of craziness. Those who knew him well say that they cannot imagine any motive that would impel anyone to murder the man, as to know him was to feel a sympathy for his condition.

One neighbor says that though Sager was a poor man, he may have had a few dollars hid away in his house, as he was earning money most of the time and rarely spending any. Coroner Fenton is of the opinion that the man was most foully murdered. The coroner was in McMinnville Wednesday afternoon in close conference with the deputy district attorney, C. W. Talmage, and a thorough effort will doubtless be made to locate the guilt.

Sager's mother and sister live in Kansas.

Dayton seems to have quite a boom in the building line. Two buildings to be used as fruit and vegetable evaporators have been built this winter, and the prospect is that another one will be built. It also is now almost an assured fact that there will be another large grain warehouse, with all modern improvements, built in Dayton. It will be placed above the highest high water mark. This is what Dayton has been wanting, and what has long been talked of. Parties now have the matter in hand who will push it to completion. A stock company will soon be incorporated and every one interested invited to take whatever amount of stock they wish to. Three suitable locations for the building have already been offered, and enough shares are in sight to go ahead with the under-

taking, but it is the desire of those who have the matter in hand, that farmers take shares of stock that they may feel personally interested.—Herald.

WAGES ADVANCED.

The Pittsburg Times summarizes the situation as follows: "Yesterday 2200 men in the iron ore mines of Michigan were given an increase of wages, with the announcement that work would be steady all winter. Yesterday nearly 7000 men were given an increase of from 10 to 20 per cent. in wages in the vicinity of Youngstown. Yesterday a new schedule of wages took effect in the textile mills of Rhode Island, involving about 25,000 operatives. These are the tidings that have been coming for weeks, and which come more abundantly as the year grows older. It is a repetition of the announcement of increased wages at local mills, of the increase in miners' wages, of the increased demand for men on the railroads, and of more employment and better wages everywhere."

Wool and Clothing.

The increased price of the raw material does not enhance the price of clothing in a similar ratio. Wool now worth fifteen cents and shrinking sixty per cent. is taken as the basis of these calculations, and may very fairly be considered as a representative or average quality. A suit of clothes requiring for its manufacture seven pounds scoured or 17 1/2 pounds in the grease would be unusually heavy; but the additional outlay for the wool necessary to make this suit would be only \$1 more at present than under the free-trade conditions of last year.

It is readily seen, therefore, that under present tariff conditions the wool grower reaps a decided benefit, while the consumer is not seriously inconvenienced by the difference in the price of his clothing. These figures regarding the prices of clothing are based upon the supposition that clothing has advanced in price, but other factors have been at work, and the fact is it may be purchased as cheaply now as under the former tariff.—Wool Record.

According to some newspapers the negroes of the South are very corrupt, and their acceptance of money for their votes is a menace to popular government in that region. What about the Australian ballot? That system of voting is in vogue at the present time in almost all of the states, and probably will be in operation in all of them by 1900. There is a good corrective of corruption here. Nobody will give a negro or a white man a cent for his vote in any community which has the secret ballot, because nobody except the voter knows how he votes, or can find out unless the voter tells.
