## SLEPT LIKE A CHILD.

### Gained Twenty-Seven Pounds in Four Weeks. The Story of a Soldier.

From the Transcript, Peoria, Ill.

No man is better known and liked in that rich tier of Illinois counties, of which Peoria is the centre, than genial Chester S. Harrington, of Peoria, Ill. For many years Mr. Harrington has traveled through the country on profitable journeys as an itinerant merchant, and everywhere he goes he is given a hearty welcome by the people who depend upon his visits for the purchase of the necessities, and some of the luxuries, of life.

Mr. Harrington is a veteran of the war, and from this fact is made the remarkable experience which he related at the *Transcript* office recently. His story, telling of the evils of which the Civil War was but the beginning in his own, and in thousands of other cases, was as follows:

"I served three years in the 124th Illinois, enlisting at Keokuk, Ill. I was in Libby Prison, and suffered, like many another Northern soldier. Until recently I was a member of the Peoria Post, of the G. A. R.

"The strain of army life did its work in undermining my health, although the collapse did not come for some time. For some time I suffered from general debility and nervousness, so badly that I could not sleep. For fifteen years my sleep was completely broken up. Indigestion, resulted and my misery increased. My eyes began to fail, and as my body lost vitality my mind seemed to give way also. I could scarcely remember events that happened but a few weeks before.

"For two years I was unfit for business. I was just able to creep around during the greater part of this time, and there were times when I could not get up at all. My brother is a doctor, but all his efforts to help me failed to give me any relief.

"I tried a number of remedies, without avail. Finally, having read articles regarding cures that had been effected by Dr. Williams' Pink Pills for Pale People, I decided to try them. That was in 1896. I bought a box and took the pills according to the instructions. Just four days later I had the

happiest hours I had known for years. That night I went to sleep easily and slept soundly as a child, and awoke refreshed. Three or four weeks after beginning the treatment, when I had taken four boxes of the pills, I found I had increased in weight, from 119 pounds to 146 pounds. This greatly surprised my friends, who thought my case was a hopeless one. I began my work on the road again, and have continued it right along ever since in excellent health.

"Let me tell you a remarkable thing that was a side issue, but a valuable gain to me. I found that while I was taking Dr. Williams' Pink Pills, I had been cured of the smoking habit, which had been formed when I was a boy, six years old, and which had clung to me all these years. The craving for tobacco left me, and I have never experienced it since. I have recommended the pills to many.

(Signed) CHESTER S. HARRINGTON.

Chester S. Harrington, being duly sworn, deposes and says, that the matters contained in the above statement by him signed are true. CHESTER S. HARRINGTON.

Subscribed and sworn to before me, a notary public, this 15th day of July, 1897.

LINCOLN M. COY, Notary Public.

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in a condensed form, in Dr. Williams' Pink Pills for Pale People. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female, and all diseases resulting from vitiated humors in the blood. Dr. Williams' Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for \$2.50—they are never sold in bulk, or by the 100 by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

Three hop contracts, covering the 1898 crop, were filed in the office of the county recorder of Marion county on the 18th. They are made to Lillenthal Bros., of New York, by C. Snyder, W. H. Holmes and Hop Gee Lapp, Co., and A. D. Pettyjohn and A. J. Mann, the respective amounts being \$50,000, 75,000 and 18,000 pounds. The consideration in each instance is 40 cents. Four cents advance is to be made to Mr. Snyder and Mr. Pettyjohn at picking. The hop market in Salem is unusually quiet, there being no change in quotations, consequently no sales.

Two tape worms aggregating over 100 feet in length were removed by a specialist from a patient at Oakland, Oregon. These were the largest the specialist had encountered in a practice of many years. Their combined weight was over 8 1/2 ounces.

**This Is Your Opportunity.**

On receipt of ten cents, cash or stamps, a generous sample will be mailed of the most popular Catarrh and Hay Fever Cure (Ely's Cream Balm) sufficient to demonstrate the great merits of the remedy.

ELY BROTHERS,  
56 Warren St., New York City.

Rev. John Reid, Jr., of Great Falls, Mont., recommends Ely's Cream Balm to me. I can emphasize his statement, "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

Ely's Cream Balm is the acknowledged cure for catarrh and contains no mercury nor any injurious drug. Price, 50 cents.

### WHITESON.

The tramp nuisance is in a flourishing condition.

Wm. Kuns was in Whiteson on business Tuesday.

E. S. Remington has been having a serious combat with a felon on his finger.

Ezra Durham of Moscow, Idaho, was shaking hands with and visiting old friends in this place last Saturday.

Mr. N. S. Booth and sister, Mrs. Maggie Pennington, were pleasant visitors in Whiteson and vicinity last Saturday.

H. Holmes and J. C. Landingham made a business trip to Beaverton and Portland last Saturday returning Monday.

David Waddel has a contract with a meat market in Portland to furnish them with dressed mutton. He ships about 40 head of mutton per week.

Rev. Turner filled his regular appointment at the Presbyterian church last Sunday and has been holding a series of revival meetings with favorable results.

Grandpa T. B. Campbell, an aged veteran of the civil war and an old resident of Whiteson, has been failing in health for some time and is now very feeble. The Grand Army boys sent him to the soldiers' home last Monday.

### When You Have a Bad Cold

You want the best medicine that can be obtained, and that is Chamberlain's Cough Remedy. You want a remedy that will not only give quick relief but effect a permanent cure. You want a remedy that will relieve the lungs and keep expectation easy. You want a remedy that will counteract any tendency toward pneumonia. You want a remedy that is pleasant and safe to take. Chamberlain's Cough Remedy is the only medicine in use that meets all of these requirements. This remedy is famous for its cure of bad colds throughout the United States and in many foreign countries. It has many rivals, but, for the speedy and permanent cure of bad colds, stands without a peer and its splendid qualities are everywhere admired and praised. For sale by S. Howorth & Co.

### Columbus School Notes.

Eliza Weed was given a very pleasant surprise party last Thursday evening. President Boardman gave the literary society a very good address last Friday evening.

The tenth grade organized their class Tuesday. Paul Cooper was elected president and Grace Hodge secretary.

Rev. Aleridge, Rev. Thompson and Directors Irvine and Nelson were visitors Monday. Rev. Aleridge gave us a good talk.

To-night the literary society will listen to a debate on the old subject: Resolved, That there is more pleasure in anticipation than in realization. They will also have election of officers.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

### Cook School Notes.

Ask Miss Mann about the joke. We have just four months and one week more of school.

Mrs. Guild and Mrs. Snuffer were visitors last Friday. Mrs. Guild is a great school worker. Come again.

Those reviews last week were stunners, so they say. No wonder. If you do not study, they always will be hard.

We have had two tardy marks in the 7th and 8th grades in the last three school years. Can this record be excelled? No.

Teachers' reports are in for last month with over 3000 days attendance, 168 days absence, 3 tardy marks and 177 pupils in daily attendance.

There were 166 lynchings in the country last year. Of these 146 were in the south.

### Meeting of Republican Clubs.

The number and enthusiasm of those present at the joint meeting of the Lincoln and McKinley and Hobart clubs Tuesday night, could leave no doubt in the mind of anyone that there yet remain a few republicans scattered about on the edges of McMinnville and vicinity. The meeting was called to order by A. J. Apperson, president of the Lincoln club, and C. H. McKinley was at his post as secretary.

It was moved by O. H. Irvine that the membership of the two clubs be united, and that all who desired to sign the roll be permitted to do so. Motion carried.

On motion of Judge Magers the meeting proceeded to elect a president, four vice-presidents, a secretary and a treasurer by ballot.

Dr. J. H. Nelson was nominated, and on motion of J. P. Irvine the secretary was instructed to cast the ballot for the nominee for president, which was done.

For vice-presidents C. F. Daniels was named for North McMinnville, Dr. G. S. Wright for South McMinnville, W. H. Young for Fairlawn and J. E. Noll for Baker Creek. Each was elected under suspension of rules, the secretary casting the vote.

C. H. McKinley was reelected secretary and E. C. Apperson treasurer.

The next in order was the election of fourteen delegates to attend the republican league convention to meet in Portland, Feb. 24, and they were chosen with the understanding that if all could not go, those who do go should have authority to cast the full vote of the delegation, and in such manner as they believed would conform to the wishes of the club.

The following were chosen one at a time, except in one instance, and in every case under instruction to the secretary: J. H. Nelson, J. E. Magers, John Venable, A. J. Apperson, J. E. Noll, J. W. Hobbs, J. H. Henderson, Jas. McCain, Wm. Campbell, S. C. Pearson, O. H. Irvine, C. F. Daniels, M. Underwood, G. S. Wright.

On motion meeting adjourned, subject to the call of the president.

### Probate Court.

Estate of A. K. Wright. On motion of administrator proceedings to sell real estate heretofore had are set aside, and leave to file new petition granted. New petition to sell real property filed and March 8, 1898, at 10 a. m., set to hear same. Citation ordered served by publication.

Estate of Elisha Smith. John W. Smith appointed administrator. Bonds fixed at \$500.

Guardianship of Chas. Messenger, a minor. Inventory filed and approved.

B. F. Drake, a prominent citizen of Salem and an Oregon pioneer of the early '50s, died on the 18th inst., aged 73 years.

Executors of the will of the late George Pullman filed Thursday an inventory of the estate, which amounts to \$7,600,000.

A peddler over in Lake county thus explained why he was a populist: "I know all dose bolitics. Now-a-tays, ven a veller has plenty gold, he's a gold-pug; ven he has plenty silver, he's a silver-pug, and when he ain't got any of dem, he's a populist." He left town broke.

L. A. Kruse has a field of volunteer oats just west of the Calapoola bridge which will be hard to beat at this time. The grain is about ten inches tall, the stand is heavy, and is beginning to head out. There are alfalfa fields in this valley from which a good crop of hay could be cut at the present time.—Oakland Gazette.

Monday W. T. Small discovered a four-inch centipede in a bunch of bananas which he was unpacking. The reptile was alive. Mr. Small also showed unmistakable signs of life at this time. He summoned all his available forces and the centipede was soon bottled. This particular specimen is a native of Hawaii.—Corvallis Times.

Milton Eagle: A teacher in a public school not many miles from Milton, having instructed a pupil to purchase a grammar, received a note thus worded from the child's mother: "I do not desire for Lulu shall engage in grammar as I prefer her engage in youseful studies and can learn her how to spok and rite properly myself. I have went through two grammars myself and can't say as they did me no good. I prefer her engage in german and drawing and vokal music on the piano."

Thos. Brown of Oregon City started for Salmon river last week to erect a hatchery for propagating steelhead salmon. It has not been definitely decided, but the hatchery will probably be located four miles up from the mouth of the Salmon. George Broughton is associated with Mr. Brown in the enterprise. These gentlemen propose experimenting with sturgeon eggs, and if they can be hatched successfully, a sturgeon hatchery will be established. The sturgeon spawns every month in the year. The new hatchery building will have a capacity of 5,000,000 eggs.

The Trans-Mississippi association is to have a souvenir medal. On one side there will be a figure of an Indian spearing a buffalo, and on the other a relief face made up of a composite of the prettiest women in the Trans-Mississippi states and territories. Two women will be selected from each state, the prettiest in the state, and a composite picture taken of the lot. If there is any honor attached, it will be lost in the picture. No woman wants a picture of her pretty chin, for instance, boiled down with a lot of other chins not so pretty.

It is evident that there will be a great deal more spraying done this winter than a year ago. Reports from all quarters indicate this. The opinion is becoming more and more prevalent that there can be no profit made from neglected orchards. Those who have become so much discouraged with the results from their orchards that they are unwilling to give them proper care can not do better than to dig up the trees and use the ground for raising something else than fruit. Well cared for orchards or none at all should be the rule. The neglected orchards are an injury to their owners and to all other persons who are engaged in fruit growing.—Rural Northwest.

The Telephone-Register puts every Newberg man who appears on the streets of McMinnville down as an office seeker. But little attention is paid to it however, for Heath has a reputation for drawing on that brilliant imagination of his both in season and out of season.—Graphic.

### The Factory Assured.

LA GRANDE, OR., Jan. 17.—Saturday the business of securing contracts for the cultivation of 3500 acres in sugar beets was finished. This was the final condition to be complied with before the signing of the contract on the part of David Eccles for the construction of a beet sugar factory and refinery of 350 tons daily capacity at or near La Grande, to be in operation by the first day of December, 1898. A telegram was sent to Mr. Eccles at Ogden, and in last evening's mail a contract signed by him was received.

The contract provides that the subsidy of \$80,000 in land and notes shall be endorsed by the La Grande Commercial Club, as trustees, to Mr. Eccles, and placed in escrow with the First National bank of Portland. The subsidy is payable within 30 days after the completion of the factory. The factory is to be constructed within a half mile of the corporate limits of La Grande. The approval of the La Grande Commercial Club will have to be obtained for its location at a greater distance from the city. The factory shall be deemed to be in operation when it is equipped with the newest and latest designed machinery for the manufacture of refined sugar from beets, and is capable of handling more than 300 tons of beets in one day.

Mr. Eccles and his associates are just now completing arrangements for the erection of a new factory at Ogden. It is expected they will be in La Grande in a day or two to select a site and arrange other details for beginning the work of constructing the factory.

### Another Arrival of Gold.

Twenty-two persons arrived by the steamer Corona at Seattle on the 17th from Dawson City. They brought with them, it is said, gold dust and drafts amounting to between \$800,000 and \$1,000,000. In the party was one woman, the second woman to come out this winter. The amount of drafts brought down represents the proceeds of sales of claims to Cudahy & Healy, the Yukon & Klondike Mining Company and to private parties. The largest individual amounts were brought by the following: D. Campbell, \$130,000. E. H. Jenkins, \$125,000. Leonard Sedwick, \$100,000. Andrew Olson, \$120,000. T. E. Brenier, \$46,000. Joe M. Brand, \$15,000. In reference to the food situation at Dawson City, these late arrivals corroborate previous reports, that while food is scarce, there will be no starvation. They consider that it will be impossible to get the relief expedition in, at this season of the year.

The relief expedition can easily reach Lake Labarge, but the trouble will begin when the Yukon river is reached. The Yukon is filled from shore to shore with great ice ridges from ten to twenty feet high, the ice being thrown up in great blocks and standing in all sorts of angles. Men with dogs can make their way by hugging the shore, but no great amount of supplies can be transported by dog teams.

Mr. Elisha Berry, of this place, says he never had anything to do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered greatly with shooting pains from hip to knee until he used this liniment, which affords prompt relief.—B. F. BAKER, druggist, St. Paris, Ohio. For sale by S. Howorth & Co.
