Chas. W. Irvine of Independence, brother of J. P. Irvine, died on Sunday morning, the 23d, at the age of 43 years and eight months. Deceased was a partner with Clarence Irvine in the grocery business at Independence a few years ago, and was quite successful as a business man. J. P. Irvine and Clarence were both present at the bedside when death came. The funeral was held under the auspices of the Woodmen on Tuesday.

The sermon outlined on our first page should be read by every young man and woman in the families where The Reporter goes. It sounds a chord that appeals to the need of every person at some time in his life. "Take control of yourself." That means, let the dominant will be aroused and assert the reason and conscience, which constitute your true self. Resolve to be and do something, and remember the forcible presentation of the preacher that the road to heaven and hell, to success or failure, are alike paved with resolutions kept or broken.

The most sudden death that has occurred in this city for years was that of Leonard Granstrom, on Monday morning, after an illness which began the previous Saturday evening. Death was due to some ailment of the bowels, which seems not to have been well understood. Deceased was the son of L. Granstrom, city engineer, and for a long time had filled the place of assistant at the city waterworks. He was approaching the age of 21 years, and a year ago last December was married to Miss Mamie Kefler. He was a dutiful young man, with a great many warm friends, who were grievously surprised at his death. The funeral was held by Rev. King of the Baptist church on Tuesday. The band, of which deceased was a member, played a requiem at the service. Burial was made in the South Yamhill cemetery.

Vick's Garden and Floral Guide.

The annual catalogue sent out by the old reliable seed establishment of James Vick's Sons, comes to hand in a dainty and tasty cover of blue, pink, yellow and orange. The golden lily, the pink day-break aster, a brace of blue birds, and the artist's lettering in black, blue, green, crimson and gold, all in harmonious combinations, make a cover of exquisite design and appearance. Many of the illustrations are fine half-tones. Four handsome colored plates of begonias, dahlias, nasturtiums and sweet peas add to the attractions. The list of seeds and plants covers a large and varied assortment, including nearly everything that can be desired for the garden, the lawn, the greenhouse. Valuable new varieties are offered as well as the thoroughly tried and proved standard sorts. Vick's novelties are noted for their uniform excellence.

In vegetables the Gradus pea is a great advance over all other "extra early" varieties. The Jones bean is an essential gain in that line. Potato growers are offered the "White Beauty" as a new variety with model qualities, combining size, high quality and great productiveness. But it is impossible here to note the many valuable offerings of this firm in fruits, flowers and vegetables. If you are not a customer of this firm send for their catalogue. It is free to all applicants. Address James Vick's Sons, Rochester, N. Y.

The Klondike Boom in Oregon.

A Statesman reporter dropped into the office of the Thomas Kay Woolen Mill Co. yesterday, and found President Kay up to his very eyes in business. It is needless to say the nature of this business had largely to do with the company's big and growing Klondike trade in mackinaws, blankets, flannels and sleeping bags, the output of which, according to Mr. Kay was "ample each week, to clothe and equip 1100 men."

The company is also doing a good bit by way of commercial cloths, but the main work at this and the Waterloo mill is heavy stuff for the Alaskan market. The Salem plant has 100 men and women constantly employed day and night, while the up-country mill keeps fifty more busy at all hours.

Mr. Kay says he has advanced wages here 10 per cent on the lower scale and has put most of the operators on piece-work, which amounts practically to the same thing.

Mr. Kay thinks the Klondike movement will keep things bulging for one or two years, after which it will settle down to a permanent commercial factor in the trade of the Pacific coast and especially of the northwest.

Yesterday he telegraphed an order to his eastern supply house for six more looms, which will be put up as soon as possible, and apropos of this matter, Mr Kay is anxiously waiting for fair weather to begin the erection of the new addition to the main mill.

The company has not abandoned its worsted plant, but has simply checked it for a while to employ the best facilities of power and labor on the demand for a profitable product.

Speaking of the future of the mill here Mr. Kay remarked yesterday that he hoped "to see the day, soon, when his whistle at the mill would call 500 people to well-compensated work," a wish that will find ready echo all over and beyond the capital city.—Statesman.

Eczema All Her Life.

Mr. E. D. Jenkins, of Lithonia, Ga., says that his daughter, Ida, inherited a severe case of Eczema, which the usual mercury and potash remedies failed to relieve. Year by year she was treated with various medicines, external applications and internal remedies, without result. Her sufferings were intense, and her condition grew steadily worse. All the so-called blood remedies did not seem to reach the disease at all until S.S.S. was given, when an improvement was at once noticed. The medicine was continued with favorable results, and now she is cured and well, her skin is perfectly clear and pure and she has been saved from what threatened to blight her life forever.

S.S.S. (guaranteed purely vegetable) cures Eczema, Scrofula, Cancer, Rheumatism, or any other blood trouble. It is a real blood remedy and always cures even after all else fails.

A Real Blood Remedy.

Take a blood remedy for a blood disease; a tonic won't cure it.
