It cost Washington county \$1,244 in the trial and execution of Gus Wachlin. Galvani, the Portland radical, says the invasion of industrial avenues by women has not only reduced wages one-half, but made tramps of good men who would have been good husbands on good salaries but for this invasion. This is an economic thought the philosophers, and women, too, who want husbands, should ponder well.—Portland Chronicle.

A copy of La Patria Italiana, published at Houston, said to be the only Italian newspaper in the great state of Texas, comes to us with a request to exchange and compliments of Chas. Worthington, formerly of Sheridan. If even the patent medicine ads. were printed in good United States, or cowboy vernacular, we might consider the proposition to swap. However, we take the matter under advisement until we can get Capt. Harris to figure out its position in reference to Cuba and the gold standard.

There was a large audience to hear Rev. E. E. Thompson's farewell sermon on Sunday morning at the C. P. church. The subject of the sermon was "The Coming of Christ." At the close of the service he told his friends he had nothing in his mind to bequeath them but brotherly love and good will, but his summer domicile at Camp Jones he would bequeath to Mr. and Mrs. John Handley, who were present. He gave it to them because when the mill burned Mr. Handley rescued his family from impending danger. He called on Mr. Jones, who was present, to witness the gift. Thompson could get more pleasure out of a summer outing at Camp Jones, or wherever he could throw a fish line and cook over a camp fire, than any man in a hundred, and he will miss these Oregon retreats. His address for the present will be San Jose, Calif.

It is announced from La Grande that 3000 acres of beets have been pledged to the factory for this season, and that the factory will be ready for operation on the first of September. Much of the acreage this year is in quite large tracts, but this is probably the only way in which the required quantity can be secured on the start. The full benefit to the country about La Grande will be felt when the beets are grown by a multitude of small growers.

L. M. Parker has been shipping some cherry stock of the Hoskins variety to Salem parties this week. The different insurance agents in town received a new book of minimum rates for Newberg, established by the board of fire underwriters, a few days ago. The rates are lowered on the larger part of the property in town that is in reach of the fire hydrants. The reduction has not been as great in some cases as the owners of the property had hoped for, but every little helps when the burden is heavy.—Newberg Graphic.

## Rheumatism

Is a blood disease and only a blood remedy can cure it. So many people make the mistake of taking remedies which at best are only tonics and cannot possibly reach their trouble. Mr. Asa Smith, Greencastle, Indiana, says: "For years I have suffered with Sciatic Rheumatism, which the best physicians were unable to relieve. I took many patent medicines but they did not seem to reach my trouble. I gradually grew worse until I was unable to take my food or handle myself in any way; I was absolutely helpless. Three bottles of S.S.S. relieved me so that I was soon able to move my right arm; before long I could walk across the room, and when I had finished one dozen bottles was cured completely and am as well as ever. I now weigh 170."

## A Real Blood Remedy.

S.S.S. cures Scrofula, Cancer, Eczema, and any form of blood troubles. If you have a blood disease, take a blood medicine—S.S.S. (guaranteed purely vegetable) is exclusively for the blood and is recommended for nothing else. It forces out the poison matter permanently. We will send to anyone our valuable books.
