

An Arbor Gateway.

The sketch herewith, from the Orange Judd Farmer, gives a suggestion that can be adopted in many situations both as to utility and beauty.

The device, or will when covered with vines. If the vines bear grapes the useful part will be very apparent.

Guessing Weight of Stock. It is surprising how many farmers who grow live stock which they sometimes expect to sell on the hoof take so little care to ascertain its weight.

Horns on Domestic Animals. All the reason for horns on any domestic animal ceased when they came wholly under man's protecting care.

Substitute for Roller. An easily made substitute for a roller is shown herewith. It is from the Farm Journal.

SUBSTITUTE FOR ROLLER.

seedbed, but scarcely one farmer out of ten owns a roller. The cost of the trouble to make one is the excuse given for their absence from the farm tows.

Lice and Mites. For preventing lice and mites, more depends on the care of poultry than upon the style of the building.

Rhubarb. One of the garden crops that thoroughly understands how to take care of itself is rhubarb. If planted in earth that is not very dry, it will continue for many years without receiving any particular attention.

Lima Beans. Pole varieties are preferred by those who grow Lima beans for market, as there are "old standards" that are favorites.

times the collar should be pulled forward so as to allow the air to strike the part. On no account should the horse for the first week or more be allowed to work in the rain, or be hard pushed when he is sweating.

Parsnips for Late Use. The parsnip is not only one of the hardiest of garden vegetables, wintering in the open ground without injury, as also does salsify or vegetable oyster, as it is generally called, but, like the last mentioned plant, it starts to growing very early in the spring.

Tomato Grafting. Replying to an inquiry about grafting tomato slips on potato vines, the Philadelphia Record says: "As tomato cuttings will take root, it is not difficult to handle them."

How to See Plants Grow. To observe plants growing under the microscope the American Monthly Microscopical Journal says: "Procure a little collomia seed. Take one of the seeds, and with a razor cut off a very thin slice, cover with a cover glass and place under the microscope."

Milking Device. Slovenly milking is often to be accounted for by the small size of the pail's top. A good deal of the milk will persist in running down the outside. To make easier milking, have a top made as shown in the cut. The flaring sides will catch the stream of milk and conduct it into the pail.

Seeding Clover. There are customs which are rigidly adhered to in the sowing or planting of the staple crops. Clover is usually sown on the wheat land in the spring, the seed being scattered over the ground when it is covered with snow in order to facilitate the work.

Fertilizing. But few farmers accumulate as much manure as they desire. Instead of spreading the manure over too much land, it will be better to use only one-half of the farm for crops and grow green material on the other half to be turned under.

Allen's Foot-Ease. A powder for the feet. It cures painful, swollen smiting feet and instantly takes the sting out of corns and bunions.

The largest hotel in the world is the Waldorf-Astoria, in New York city, a \$10,000,000 establishment, built by millionaires for millionaires.

Alabastine is a durable and natural coating for walls and ceilings entirely different from all kalsomine preparations, made ready for use in white or twelve beautiful tints by the simple addition of water.

How Are You This Spring?

Tired, nervous? Can't get rested? Tortured with boils, humors? That is not strange. Impurities have been accumulating in your blood during winter and it has become impoverished. This is the experience of most people. Therefore they take Hood's Sarsaparilla to purify their blood in spring.

I. M. White, Salem, Or., says: "The members of our family have derived much benefit from the use of Hood's Sarsaparilla. My father was severely troubled with humor, but it readily yielded to Hood's Sarsaparilla."

Thomas A. Coleman, Davidson, Or.: "Four or five years ago I had sores on my feet so that I was unable to wear shoes. I saw Hood's Sarsaparilla advertised to cure scrofula, and I procured two bottles. By the time I had taken them my feet were well."

Swallowing His Words. "While I was at Moscow," writes a traveler, whose words are reproduced by the Detroit Free Press, "a volume was published in favor of the liberty of people. In this book the iniquitous conduct of the public functionaries, and even of the sovereign, were censured severely. The book created indignation, and the offender was at once taken into custody. After being tried in a summary way, he was condemned to eat his own words. A scaffold was erected in a public square, the imperial provost, the magistrates and the physicians of the czar attending, the book was separated from the binding, and the margin cut off. The author was then served, leaf by leaf, by the provost, and was obliged to swallow this unpalatable stuff on pain of the knout, more feared in Russia than death. As soon as the medical gentlemen were of the opinion that he had eaten as much as he could with safety, the transgressor was returned to prison. This punishment was renewed the following days, until after several hearty meals, every leaf of the book was actually swallowed."

IT WILL PAY. It will pay to carefully read the descriptive advertisement of Alabastine appearing in this paper, explaining the difference between those goods and kalsomines. Consumers should bear in mind that Alabastine is unlike all the various kalsomines sold on the market under different names. Alabastine stands pre-eminent and alone as a durable wall coating, and all consumers in buying should see that the goods are in packages and properly labeled.

Captain Cuttle in Safety. Many are the prayers that are breathed for those that have gone forth to brave the dangers of the open ocean, remarks a writer in The Illustrated American, yet catastrophes on record have occurred in still water within eight, almost within touch of land. The Episcopal prayer book contains a formula of prayer for those at sea, which may perhaps include those that are upon the waters of rivers or anchored in harbors. The horrors that have occurred within close range of land make more gruesome than humorous the remark of Captain Cuttle, who, when in a stress of weather, under close-reefed foreails, with the hatches battered down, used to retire to his cabin and murmur as he sipped his grog, "God help the poor creatures on shore tonight!"

HOME PRODUCTS AND PURE FOOD. All Eastern Syrup, so-called, usually very light colored and of heavy body, is made from glucose. "Ten Garden Drips" is made from Sugar Cane and is strictly pure. It is for sale by first-class grocers, in cans only. Manufactured by the PACIFIC COAST SYRUP CO. All genuine "Ten Garden Drips" have the manufacturer's name lithographed on every can.

King is the most ancient of titles. It, or its equivalent, is found in every known language. I believe my prompt use of Piso's Cure prevented quick consumption.—Mrs. Lucy Wallace, Marquette, Kans., Dec. 12, '95. Pictures can be adjusted at any height by a new device consisting of a rod with a flat hook at the upper end to fasten it on the molding and a series of ratchet teeth on the back side of the rod, with a sliding member to engage the teeth and support the picture.

SHAKE INTO YOUR SHOES. Allen's Foot-Ease, a powder for the feet. It cures painful, swollen smiting feet and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight-fitting or new shoes feel easy. It is a certain cure for chilblains, sweating, dandruff, callous and hot, tired aching feet. We have over 10,000 testimonials of cures. Try it today. Sold by all druggists and shoe stores. By mail for 25c. in stamps. Trial package FREE. Address Allen S. Olmsted, Le Roy, N. Y.

George Sewell Boutwell, the youngest man ever elected governor of Massachusetts, and now the oldest of her governors, has just celebrated his 80th birthday. It is 47 years since he was chosen governor. There are 305 miles of street railways in St. Louis now, and they carry 100,000,000 passengers a year.

ALABASTINE IS WHAT? Alabastine is a durable and natural coating for walls and ceilings entirely different from all kalsomine preparations, made ready for use in white or twelve beautiful tints by the simple addition of water (latest make being adapted to mix with cold water) put up in dry powder form, in 5 pound packages, with full directions on every package.

WHAT ARE KALSUMINES? Kalsomines are cheap temporary preparations manufactured from chalks, glays, whiting, etc., are stuck on the wall with decaying animal glue. Alabastine is a cement, which goes through a process of setting, hardens with age, can be re-coated and re-decorated from time to time without having to wash and scrape off its old coats before renewing.

MUCH SICKNESS. Particularly throat and lung difficulties, wrongly attributed to other causes, is the result of unsanitary conditions of walls and ceilings. Think of having bedrooms covered with layers of molding four pests to feed vermin, with paper to hide them and absorb the moisture of respiration, and an animal glue culture ground on its face for disease germs; this having strong colors added, like a colored shirt, to hide the dirt; then think of "the nasty practice" of repeating this papering, without removing the old, and a number of times, at that, as many do. Then think of a room coated with pure, porous, permanent Alabastine, which is retined with but little trouble or expense, and is purifying and sweet-smelling and fills cracks. Wall paper free would be dearer than Alabastine if cost of removing paper is considered.

Work in the Patent Office. In 1897 there were received 45,661 applications for patents, and in addition a large number of applications for designs, trade-marks, etc. Patents granted numbered 23,729, including designs; 65 patents were reissued, 1,671 trade-marks registered and 14 labels and 16 prints. The number of patents that expired was 12,926. The total expenditures, \$1,22,843; the receipts over expenditures, \$252,798. The total balance to the credit of the patent office in the treasury of the United States January 1, 1898, was \$4,970,488.

In proportion to population more patents were issued to citizens of Connecticut than to those of any other state—one to every 786 inhabitants. Next in order are the following: Massachusetts, Rhode Island, New Jersey, 551; Canada, 286, and France, 22. The number of applications received for examination during the year was greater than for any other in the history of the office. Applications awaiting action December 28 last numbered 11,882, due to the inadequacy of the office force. For the 10 years beginning in 1840 the average number of application was 1,186, and for the eight years beginning with 1890 it has grown to 41,479 per year.

THAT SETTLES IT. With the bloom and beauty of the season, its balmy airs and delightful temperature, we feel like living with new life, and are therefore often very careless in taking care of ourselves. It is this forgetfulness, the more liable because we think there is little danger of its coming on, but rheumatism is an easy thing to take and sometimes a hard thing to get rid of unless we take the advice of others and learn that the best way possible is to use St. Jacob's Oil. It has been used so long as a sure cure that this advice is given in good faith from the testimony of thousands.

If an Egyptian dies before noon the funeral must take place the same day. If death occurs after noon the funeral may not be delayed after the next day.

ABOUT CHANGE OF LIFE. "I suffered for eight years, and could find no permanent relief until one year ago. My trouble was Change of Life. I tried Lydia E. Pinkham's Vegetable Compound, and relief came almost immediately. I have taken two bottles of the Vegetable Compound, three boxes of Pills, and have also used the Sanative Wash, and must say I have never had anything help so much. I have better health than I ever had in my life. I feel like a new person, perfectly strong. I give the Compound all the credit. I have recommended it to several of my friends who are using it with like results. It has cured me of several female diseases. I would not do without Mrs. Pinkham's remedies for anything. There is no need of so much female suffering. Her remedies are a sure cure."—MRS. ELLA KENNEDY, Knightstown, Henry Co., Ind.

There died recently in the village of Mauvages, Alsace, a man by the name of Becu, who is the last of the family from which Mme. du Barry sprang. Her real name was Becu, and she was born in Vancoeurs, a short distance from Mauvages.

It is said that one person in 800 is blind to the X rays; that is, when looking through the fluoroscope they cannot see the bones of the hand, coins in a book, etc. This is no doubt analogous to color blindness.

AN OPEN LETTER TO MOTHERS. We are asserting in the courts our right to the exclusive use of the word "CASTORIA," and "FITCHER'S CASTORIA," as our Trade Mark. I, Dr. Samuel Fitcher, of Hyannis, Massachusetts, was the originator of "FITCHER'S CASTORIA," the name that has borne and does now bear the fac-simile signature of CHAS. H. FLETCHER on every wrapper. This is the original "FITCHER'S CASTORIA" which has been used in the homes of the mothers of America for over thirty years. Look Carefully at the wrapper and see that it is the kind you have always bought, and has the signature of CHAS. H. FLETCHER on the wrapper. No one has authority from me to use my name except The Centaur Company of which Chas. H. Fletcher is President. March 5, 1897. SAMUEL FITCHER, M.D.

George Sewell Boutwell, the youngest man ever elected governor of Massachusetts, and now the oldest of her governors, has just celebrated his 80th birthday. It is 47 years since he was chosen governor. There are 305 miles of street railways in St. Louis now, and they carry 100,000,000 passengers a year.

Ask Your Doctor

what effect alum has upon the stomach. Then make up your mind whether you will put any more low-price baking powder into your husband's or children's food. Schilling's Best is pure cream of tartar and soda. Nothing else.

Want to Feel What They Are Eating. The inhabitants of Sikas, Turkey, owing to the oppression of the tax gatherer, who, the more industrious he finds them the more he demands, and that out of proportion to the means, have no ambition to lead other than a hand-to-mouth existence. Their principal food is made from unsifted whole wheat, that has been threshed on the ground by means of a drag drawn repeatedly over it by oxen, and usually has a large admixture of dirt and stones. The people prefer this to fine grade flour, because they say they can feel they are eating something.

GREAT BENEVOLENCES. In the great cities of the United States the condition of the metropolitan poor is constantly being ameliorated by the grand benevolences of wealthy people. Sanitary reforms are frequently suggested and carried out with earnestness and intelligence. Among sanitary reforms those produced by Hostetter's Stomach Bitters in dyspeptic stomach, disordered liver, bowels or nervous system are very conspicuous.

The Sudbury river aqueduct in 359 days, has delivered 15,857,300,000 gallons to Chestnut Hill reservoir, and 35,500,000 to Lake Cochituate.

HOW'S THIS? We offer One Hundred Dollars Reward for any case of Catarrh that can not be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Props, Toledo, O. We the undersigned, have known F. J. Cheney for the past 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm. Hall's Family Pills are the best.

An Oregon inventor has devised a steam plow which he thinks capable of plowing 15 acres a day. FITS Permanently Cured. No fits or nervousness after first day's use of Dr. Kline's Great Nerve Restorer. Send for FREE \$2.00 trial bottle and treatise. DR. R. H. KLINE, M.D., 350 Arch Street, Philadelphia, Pa.

Waterloo, Ia., has a church for which one glacial boulder furnished practically all the material. After being swindled by all others, send us stamp for particulars of King Solomon's Treasure, the GREATLY ENLARGED and IMPROVED MAMMOTH CHEMICAL CO., P. O. Box 72, Philadelphia, Pa.

The law which at present governs the simultaneous practice of medicine and pharmacy, even by a person who may be in possession of diplomas in both subjects. Use Dr. Pfunder's Oregon Blood Purifier now. They Rejected Money. In this country and in the civilized world generally we are so accustomed to the circulation of coins that we are apt to forget that there are millions of human beings who know nothing whatever of coins, and conduct their transactions by means of cowries, brass rods, pieces of cotton or cloth and divers other articles. On the West coast of Africa brass and copper rods are in vogue, and form an important article of commerce from the Birmingham district of England. Recently an effort has been made to displace this form of currency by forcing the natives to use silver coins, but without success.

"A Perfect Type of the Highest Order of Excellence in Manufacture."

Walter Baker & Co's Breakfast Cocoa. Absolutely Pure, Delicious, Nutritious. Costs Less Than ONE CENT a Cup. Be sure that you get the Genuine Article, made at DORCHESTER, MASS. by WALTER BAKER & CO. Ltd. ESTABLISHED 1780.

PISO'S CURE FOR CURS WHERE ALL ELSE FAILS. Best Cough Syrup. Tastes Good. Use in time. Sold by druggists. CONSUMPTION.

Improved Plumb-Bob. In a new plumb-bob the center is hollow and contains a horizontal shaft carrying a spring drum on which the cord is wound, with a central hole in the top for its passage in unwinding. In the spring release your system by using Dr. Pfunder's Oregon Blood Purifier.

Good Health. Is the working capital of humanity. He who loses it is wrecked indeed. Is your health falling? Is your ambition, vigor, vitality wasting away? When others fail consult
