# In the New Store

TO OUR PATRONS, FRIENDS AND THE PUELIC:

We cordially invite you to come and see us in the New Store. Our force of accommodating clerks is prepared to give you the best of attention. It has long been our ambition to have a stock of goods so complete, so tastefully arranged and marked down to such reasonable. prices that our patrons could see no necessity to send to any outside city for any article whatsoever. We know we have attained this re-sult. At your doors, as it were, we have laid down a stock of goods such as has never been approximated in Yamhill county, and is equalled by but few stocks in Portland. All lines carried are more complete than we formerly had room to make them, and much new stock has been added. A large assortment of Carpets, Linoleums and Window Shades has just been received, and is opened for the Spring trade.

An immense stock of Dress Goods of the latest patterns adorns our shelves. The thousand and one articles, which cannot be enumerated, in the way of Ladies' and Gents' Furnishings, are displayed to good advantage, enabling the customer to make a quick and satisfactory choice.

In Men's and Boy's clothing we lead any store in Oregon, no matter what size or style is desired, and we have the best values ever offered in McMinnville, with quality and price fully equal to the best bargains in Portland or San Francisco.

Our Ladies' Millinery is given a dignified apartment of its own, where the only embarrassment is to choose among so many rich styles. The time and opportunity, however, are afforded.

We are grateful for your past patronage, and respectfully ask that you take advantage of our increased efforts to please and to place the very best bargains within easy reach.

Other Remedies Falled but Hood's Sarsaparilla Cured.

Whatever the nature of the poison or humor in the blood, Hood's Sarsaparilla, as the one true blood purifier, effects a cure. Read this letter:

"Eight years ago my little adopted daughter, then two years old, was bitten on the back by a spider. We felt almost sure she would die. She suffered terrible agony, and we doctored her by every means we could think of without a cure. She was covered with sores from head to foot. Then her ears discharged, and blindness was the next thing. We were not able to continue paying doctor's bills. One day a lady asked me why I did not try Hood's Sarsaparilla. She said,

When you buy a bottle of Hood's Sarsaparilla you

may rely upon a cure. We acted upon this suggestion, and began giving her Hood's Sarsaparilla. The little girl is now cured and she is getting plump, sleeps well and has a good appetite, and she can see to put Hood's Rainy Day Puzzle together and even thread a fine needle. A great many people and a number of physicians know about this case and they know that our little girl is like another child. She is now taking her tenth bottle of Hood's Sarsaparilla." MRS.
