

# Her Boy was Dying.

How a child was brought back from the brink of the grave to enjoy a healthy, happy childhood. One mother's advice for parents concerning the health of their children.

The boy about whom this strange, true story is told wasted away till he seemed nothing but skin and bones. Then his health turned and he became fat and hearty. The first stage is familiar to many parents. The second is of deep interest to all parents or friends of ailing little ones. Fathers and mothers, who long to have their children healthy and happy cannot fail to sympathize and rejoice with Mr. and Mrs. John F. Williams.

Their comfortable home, a short distance from Damon, Ill., is happy now because of the wonderful events that are told in words eloquent with simple truth and gratitude, by the mother of the boy.

"Our Josie was never strong," said Mrs. Williams. "From his birth he was weak and puny."

"Two years ago, when he was two years old, he had an attack of lung fever. Dr. N. A. Jones cured this fever, but the child did not recover strength."

"He began fading away beneath our eyes. He had no appetite, vomited a great deal, coughed continually, his limbs became withered."

"He became painfully weak and emaciated. We waited for his death."

"At this time a boarder named Asa Robinson suggested that Dr. Williams' Pink Pills for Pale People would do the child good. They had cured Mr. Robinson of rheumatism and he believed in them."

"My husband bought three boxes of the pills. We began giving Josie one-third of a pill three times a day."

"In three days the child was brighter. His appetite was better. He began to show interest in toys and was less fretful."

"We increased the dose, giving him half a pill at a time. He gained every day in weight and appetite."

"At the end of this treatment, after taking three boxes, he was a new boy."

"He was happy, hearty, enjoying life with his little companions."

"I have no doubt that Dr. Williams' Pink Pills for Pale People saved him from an early grave."

Mrs. Williams made affidavit to the truth of her statement before David Crisp, a Notary Public.

Dr. A. A. McCabe examined the child and made oath before Notary Mort Brooks, that he is now physically sound and well.

The evidence is completed by Dr. M. A. Jones, who made affidavit before Notary George Rupp, that the child had been in the condition described by Mrs. Williams, as the result of catarrhal pneumonia.

The action of Dr. Williams' Pink Pills for Pale People on the blood and nervous system, in eliminating poisons and furnishing materials for new tissues, makes these a sure remedy for wasting diseases and the long train of evils arising from disordered blood and nerves. All druggists sell the pills; one box for 50 cents; six boxes for \$2.50.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and then have a big doctor bill to pay, besides; one pays out twenty-five cents and the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by S. Howorth & Co.

Now that the election is over, more interest should be taken in celebrating the Fourth of July. Mr. G. L. Rowland makes a sensible proposition. He remembers that next 4th will be the semi-centennial anniversary of the first celebration held in Yamhill county at Lafayette. His proposition is to celebrate in that place with this 50th anniversary idea in the foreground. At that time the Indian War veterans had just returned from the Cayuse war, and it was before Oregon was organized as a state, the U. S. officers not taking possession of Oregon until March 4th, 1849. Of course Lafayette is the community that should most interest herself in this proposition, and move first in the matter. If she doesn't wait the celebration, let McMinnville take it off her hands and invite the whole county to join us in whooping it up for old glory for the fiftieth time.

Dayton High School Commencement.

Graduating exercises of the class of '98—Miss Winnie Baxter, Miss Libbie Hadley and Mr. Jay Avery—of the high school took place in the M. E. church last Friday evening, in the presence of a crowded house. The recitals of the class were nobly rendered and speaks of most excellent qualifications in the graduates. Under the direction of Prof. Duncan one can hardly go through the grades taught without coming out bright scholars. Prof. Metzger of Lafayette seminary made a very appropriate address to the class, also to the graduates of the eighth grade who were present and received the usual congratulations and showers of flowers. The singing by the favorite and genial quartet—Miss Dunn, Mrs. Duncan, R. L. Harris and J. W. Fishburn—was also well rendered and received with great applause. Concluding, it is hoped to meet all again about one year from now under like circumstances.

It is the popular thing to remark that the fusionists lost their Holt in the race for county clerk. On the other hand the republicans gained one warranted not to slip—Holt Nelson. Now laugh.

Master Claude and Miss Manda Fleisher, whose birthdays fall on the same date, celebrated its fifteenth recurrence last Friday. A host of merry young friends thronged in upon them in the evening and had a very happy time.

Judge Magers held a political meeting at the High Heaven school house Friday night, at which there were about 125 present. He says the decorations were really fine, and they have one of the best furnished school buildings in the county.

On Saturday as W. J. Sargeant and wife of Bellevue were coming to town, their wagon became uncoupled near the Cosine bridge, and the team ran away, throwing both occupants out and giving them some temporary injury. The team ran into the Grange store lot and stopped against a pile of shingles.

The hide of a large panther was brought to town last Friday by Isaac Lambright, who with Jos. Stow, succeeded in killing it near their home after a hard fight. The animal was unusually large, measuring seven feet in length, and it took a half dozen shots to bring him down. Had the bones of the legs not been removed in skinning, the specimen would have been mounted by Mr. Ayers.
