

A STARTLED MOTHER

Strange happening to Her Four-year Old Daughter—Did not Realize the Danger Until too Late.

From the Bulletin, Freeport, Ill.

While busy at work in her home, Mrs. William Shay, corner of Taylor and Hancock avenues, Freeport, Ill., was startled by hearing a noise just behind her.

Turning quickly she saw creeping toward her, her four-year-old daughter, Beatrice. The child moved over the floor with an effort, but seemed filled with joy at finding her mother.

Beatrice Shay.

The rest of the happening is best told in the mother's own words. She said: "On the 28th of Sept. 1906, while in the bloom of health Beatrice was suddenly and severely afflicted with spinal meningitis. Strong and vigorous before, in five weeks she became feeble and suffered from a paralytic stroke which twisted her head back to the side and made it impossible for her to move a limb. Her speech however was not affected. We called in our family doctor, one of the most experienced and successful practitioners in the city. He considered the case a very grave one.

"The child's body was bandaged to keep her in position. Soon it was seen that other means must be adopted. Little Beatrice, much against her will, was housed up in a plaster parais jacket which she wore for several months.

"In the hope of receiving some help for the child we consulted in turn nine of the

most prominent physicians of Freeport. Two of them applied electric batteries, but none of the doctors' treatment gave any lasting benefit. It was then that my husband's opportunity visit to a drug store brought us the means which led to the cure of our child. While there he learned of the wonderful power of Dr. Williams' Pink Pills for Pale People, and decided to buy some for our daughter's benefit.

"We tried them and the hopes which we had fixed regarding their merits were much more than realized before one box of the pills had been used.

"Busy in my kitchen one afternoon I was startled with the cry of 'Mamma!' from little Beatrice who was creeping toward me. I had placed her on an improvised bed in the parlor comfortably close to the fireside and given her some books and playthings. She became tired of waiting for me to come back and made up her mind to go to me, so her story 'My Pink Pills made me walk,' which she tells everyone who comes to our house, was then for the first time verified. She has walked ever since. She has now taken about nine boxes of the pills and her pale and pinched face has been growing rosy, and her limbs gained strength day by day. She sleeps all night long now, while before taking the pills she could rest but a few hours at a time.

"I shall be glad if anything that I can say for Dr. Williams' Pink Pills for Pale People may be of benefit to those in pain. There must be many children who suffer as Beatrice did and I hope that my story will be noticed by their parents."

A specific for all forms of weakness is obtained in Dr. Williams' Pink Pills for Pale People. The blood is vitalized and becomes pregnant with the elements of life. The nervous system is reorganized, all irregularities are corrected, strength returns and disease disappears. So remarkable have been the cures performed by these pills that their fame has spread to the far ends of civilization. Wherever you go you will find the most important article in every drug store to be Dr. Williams' Pink Pills for Pale People.

M. B. Hendrick says that in his opinion, measured by number of bushels, the present wheat crop in this county will be the largest harvested for several years. The acreage is large, but many fields will not yield as big as at first anticipated, owing to the ravages of the aphid and the effect of one or two hot days when the grain was beginning to head. Prices, he thinks, will start pretty low, but he is confident they will come up.

The Southern Pacific has billed an excursion from McMinnville, Eugene and Dallas to Yaquina, on Sunday, July 24th. The round trip rate is \$2.50 from here. Train will leave McMinnville at 5:40 a. m., reaching Newport at 11:30. Returning, leave Newport at 5 p. m., arriving at Corvallis at 9:00 and McMinnville about 11 p. m. This will give 5 1/2 hours at the beach. The excursion will be under the management of the S. P. company direct, which is a guarantee that the pleasure and comfort of the guests will be considered. The rate is certainly a reasonable one. People who are too busy to camp by the seaside will take advantage of the opportunity for a day's outing and a breath of bracing salt air.

Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhaling mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rids the system of every trace of the vile complaint.

Miss Josie Owen, of Montpelier, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for many years, the disease had a firmer hold than ever. I tried a number of blood remedies, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely. The dreadful disease was eradicated from my system, and I have had no return of it."

Many have been taking local treatment for years, and find themselves worse now than ever. A trial of

S. S. S. For the Blood

will prove it to be the right remedy for Catarrh. It will cure the most obstinate case.
