### THE OREGON CONFERENCE.

The Methodist conference opened in this city Tuesday evening with excellent addresses from two bright men, Drs. Spencer and Palmer, who are the secretaries respectively of the church extension and foreign mission work. The sessions are well attended, there being about 200 delegates and pastors present.

Bishop McCabe is the able presiding officer. An address from him was listened to Wednesday evening on church extension, after which reports were made from the various churches.

Wednesday afternoon the all-absorbing question of the location of the consolidated university was before the conference, and by vote that body concurred in the decision of the other two conferences concerned, by leaving it to a committee composed of the bishop and Dr. Payne, of the Methodist Book Concern, who will decide later.

The conference will adjourn next Monday.

**NOTES.**  
The district has 3,850 Methodist church members.

One preacher carries two canes, having sustained injuries by falling from his bicycle.

The Viola district was reported as all converted during a revival service except one person.

Bishop McCabe was an inmate of Libby prison during the civil war. He has a famous lecture on the subject.

More than 3,000 converts has been the harvest during Presiding Elder Parsons' six years' term of service in this district.

Rev. Thornburn, attending the conference, is a son of the most distinguished missionary who ever lived, says Dr. Palmer.

At one home where a number of delegates are being entertained, the children eat at a separate table. They call their "two-bit" table and that of the delegates "four-bits."

Rev. Geo. W. Grannis has closed a pastorate of five years at Salem. Presiding Elder Parsons reported that the Salem church had had 500 converts within this period. The pastor has had one hundred weddings and 150 funerals. Grannis' service to this church has been the longest continuous pastorate in the district, and the elder says in some respects it has been the most remarkable.

The railroad rate war among the trans-continental lines has ceased.
