### Three Doctors in Consultation.

From Benjamin Franklin.  
"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., theory) says is best, to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by S. Howorth & Co.

The death of Elliott W. Ordway of Co. H., Oregon volunteers, who died on board the transport Rio de Janiero en route home from the Philippines on sick leave, after an attack of typhoid, makes the tenth death among the Oregon boys that went on the first expedition across the Pacific. There were six other deaths of returning soldiers on the Rio and she arrived with 140 sick and 24 discharged men, from Manila. The sick however are mostly convalescent.

ADMIRAL Schley's younger brother, Mr. Fredrick Schley, has blossomed out as a campaign speaker. The other day he addressed a public meeting in Baltimore in behalf of a republican candidate for congress in that city. When he advocated the retention of the Philippines, declaring it made his blood boil when the mere suggestion was made to surrender territory that had been won by American valor, the applause that echoed to his remarks was as tumultuous as the sound of the guns of his big brother's ships.

### The Companion's New Calendar.

The calendars given by the Companion in former years to all subscribers have been remarkable for their delicacy of design and richness of coloring. But the calendar for 1899 far surpasses any of those. The publishers have endeavored to make it the finest calendar of the century, and readers of The Companion will not be disappointed in it. Those who subscribe now will receive not only the gift of the calendar, but also all the issues of November and December from the time of subscription free. The new volume will be the best The Companion has ever published. Among the contributions already engaged are "The Little Demons of War," by Hon. John D. Long; "Opportunities for Young Explorers," Sir Clements Markham; "The Boy with a Voice," David Bisham; "The Wonders of Somaambulism," Dr. William A. Hammond; "Police Spies in Russia," Poultney Bigelow; and "Where Living is Cheapest," Hon. Carroll D. Wright. Fine illustrated announcements and sample copies will be sent to any one addressing The Youth's Companion, 211 Columbus Ave., Boston, Mass.

THE effect of the law reducing the legal rate of interest in this state to six per cent, will be sweeping. It actually cuts off twenty-five per cent of all the interest annually paid on state, county and municipal warrants hereafter to be issued. It will result annually in saving a sum immense in its aggregate. The outstanding indebtedness of Lane county, for instance, is now almost \$50,000. If it remains the same until all the eight per cent warrants are canceled, the annual saving to the county will thereafter be \$1000 per year. The annual saving in Oregon will be more than will be saved by the abolition of all the commissions about which so much complaint has been made.

THE election for the purpose of choosing a state senator from Multnomah county to succeed Senator Simon will be held November 15th.
