A MODERN CLOCK

A modern Clock should be beautiful as well as useful. Both these qualities you will find embodied in my assortment. The above is a black finish with colored decorations and trimmings of gilt. The cut does not do it justice, come in and see the real article, and other handsome designs. If you only want a small, cheap nicker alarm, I have it; if you want an ordinary Eight-Day, Wood Mantel, with an alarm, I have it, as well as something prettier and more expensive for the Parlor.

With the service in the morning, football in the afternoon and the firemen's ball in the evening, Thanksgiving day was lively.

Union services were held in Friends' church on Thanksgiving morning, the sermon being delivered by Rev. Luelling of the Baptist church.

A very interesting entertainment was given at Chehalem center on the 23d, by the literary society, the proceeds being devoted to the organ fund.

WHITESON.

The Whiteson post office will soon be promoted to a money order office.

Rev. Sickafosse of Monmouth preached in Whiteson Monday and Tuesday evening.

Mrs. Matie Landingham, who has been the guest of Mrs. Fannie Conner for several days, went to Newberg last Thursday.

Rev. Scott, the Presbyterians' minister for this place, preached Saturday night, Sunday and Sunday night in the Presbyterian church.

The Portland and Sheridan southbound passenger was derailed Friday evening below Sherwood, by a stick of cordwood on the track, making rather a bad wreck. Fortunately no one was injured.

"Fair, fair, with golden hair," sings an old back while weeping; dark are the days and cheerless the night, under the willows I soon will be sleeping. The married men of Whiteson don't see all the trouble.

Directors Irvine, Nelson and Evenden were present at the exercises Monday morning.

The pupils of Miss Kingery's room gave a short program, consisting of songs and recitations, Wednesday afternoon.

Through the kindness of Mr. Grissen, the scholars were delightfully entertained Wednesday afternoon by some excellent selections on the gramophone.

COOK BUILDING.

There were several new pupils this week.

Clifford Daniels has resumed his studies in the 5th grade after several weeks' sickness.

Written reviews come again next week. Those who have applied themselves need not fear the result.

Director Irvine visited our school Tuesday morning. He was very well pleased with our work.

Why can we not have some visitors? If the parents and others do not visit our school, the pupils lose faith in their work.

A Notable Wedding.

The marriage of Mr. Jesse Henderson and Miss Daisy Eitelgeorge was publicly solemnized in the Christian church at North Yamhill according to schedule last Sunday morning, Elder James Campbell officiating. The church was packed and overflowing with the friends of the contracting parties. The bride was one of the most charming young ladies of North Yamhill, loved and admired by all. She was attired in creme cashmere, trimmed with silk and velvet and creme ribbon, and pearl trimmings, and wore a white veil and orange blossoms in her hair. The groom enjoys the warm friendship of an unusually large circle of people in Yamhill county. He was most becomingly attired in black, with double-breasted Prince Albert coat. The bride entered with her maid, Miss Elsie Henderson, from one side of the church, and the groom and his best man, Mr. Morris Goodrich, from the other, after thwarting a mischievous attempt of his young friends to block the aisle. Miss Josie Hoffstatter played the wedding march during the entrance. After the ceremony a fine dinner was partaken of by about 30 guests at the home of the bride's parents.

The following list of presents was bestowed upon the happy couple:

Extension table, silver teaspoons, sugar shell, butter knife, pie knife, table spoons, napkin rings, salt and pepper shakers; four-piece glass set, glass berry set, cake stand, fruit dish, goblets, water pitcher, jelly stand, syrup pitcher, lamp; flower vase, mustard set, 2 chenille table covers, 2 celluloid picture frames, toothpicks and holder, bread knife, letter case, 2 pair lace curtains, lace bed set, 2 white bed spreads, bed room set, Rochester lamp, clock, linen table cloth.

Mr. and Mrs. Henderson began house-keeping at once on their farm a few miles north of the city, and the young people of the neighborhood were not slow last Monday night in attesting their regard for their new neighbors by gathering to the number of 30 and disturbing the nocturnal tranquility with noises musical and otherwise. Mr. and Mrs. Henderson have demonstrated that a public wedding has its charms, and others are likely to contemplate similar proceedings in the near future.

The Best and Cheapest.

The New York Independent, the leading weekly newspaper of the world, and one whose pages exercise the widest influence, is entering upon its fiftieth year of publication. The Independent emphasizes its fiftieth year by changing its form to that of a magazine, and by reducing its annual subscription price from \$3.00 to \$2.00; single copies from 10 to 5 cents. The Independent in its new form will print 3,640 pages of reading matter per year at a cost to subscribers of \$2.00, while the prominent magazines, which sell for \$4.00 a year, print only about 2,000 pages. The subscriber to The Independent gets \$2 per cent. more of equally good reading matter at one-half the cost! It is not only the leading family weekly newspaper but by far the cheapest and best. A free specimen copy may be had by addressing The Independent, 130 Falton Street, New York.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. Death of Noah Phelps.

The serious illness announced in last week's Reporter of Noah Phelps, one of Dayton's best known and most respected citizens, culminated in death early Sunday morning. His illness was due to rupture of the bowels, an operation for the correction of the trouble being performed last week by Drs. Courtney of Dayton and Cook of this city. The operation was successfully passed, and strong hopes were entertained for recovery, but the trouble was of 15 years' standing, and the recuperative powers of the patient were overtaxed. The renewed rupture came upon Mr. Phelps on Monday last week, while walking upon the street in Dayton, he having inadvertently failed to wear his truss.

Noah Phelps was born in Canada Sept. 23d, 1859. He was married to Miss Adria M. Hask Nov. 8th, 1891. He leaves a mother and 5 sisters in Canada. The funeral services were under the auspices of the W. of W. on Monday, of which order he was a prominent member. One hundred members were present and participated in the beautiful burial service. A very large crowd of people were present, probably as large as ever assembled at a funeral in Dayton.

Respect to the Late Henry Failing.

The following resolutions were adopted by the faculty of McMinnville college on the occasion of the death of the late Hon. Henry Failing of Portland:

WHEREAS, an all-wise God has seen fit to remove by death the Hon. Henry Failing; and

WHEREAS, Mr. Failing was for many years prominently connected with this institution of learning as a member of its board of trustees, and greatly aided the college by his contributions of money to its work; Therefore,

Resolved, That while bowing in submission to the will of Him who doeth all things well, we do express our sincere regret at the loss of one so greatly useful to all the highest interests of the state and community, and especially to our educational interests.

Resolved, That McMinnville college will always hold Mr. Failing in the kindest remembrance for his beneficence to the college in time of great need.

Resolved, That these resolutions be spread upon the minutes of this faculty and sent to the family of the deceased, and that they also be given to the local press for publication.

Done in the regular meeting of the faculty, Nov. 14th, 1898.

Steps are being taken in Portland to re-organize the Oregon National Guard. The plan of organization is to have four companies of infantry, numbering from 40 to 60 men each, in that city. These will join with four similar companies from eastern Oregon, four from southern Oregon, and the naval battalion already in existence in forming a National Guard for the state.

The general offices of the Corvallis & Eastern railroad are to be moved to Albany. The event will happen on the 1st of December. "The removal," said Manager Stone, "is to be made by reason of the requirements of the articles of incorporation filed at the same time the Oregon Central & Eastern railroad company was merged into its successor, the Corvallis & Eastern. Those articles provided that the principal office of the company should be located at Albany. The ultimate object of the new company was to provide for a better railroad service in reaching other points in Oregon, which, on account of the wider separation of the leaving and arriving time of trains each day in Albany, makes that point more convenient for our purpose than Corvallis."
