LOCAL NEWS.

School books at Hembree's.
Bettman & Warren candle their eggs before they leave the store.
The infant child of Mr. and Mrs. C. F. Mills has been seriously ill.

The bodies of American soldiers now buried at Manila are to be brought home soon, it is said, at government expense. There will be sent a reliable undertaker and assistants, with suitable caskets provided by the government, who will upon arrival at Manila, under the direction of the chief quartermaster at that point, disinter the remains of deceased officers and soldiers and send them by the first returning transport to this country.

The Woodmen of the World Thursday signed a contract with a Portland firm of stone dealers for a fine granite monument, to be placed at the grave of their late neighbor, Noah Phelps. The ceremony of unveiling will probably occur June 4th. The A. O. U. W. of this city and vicinity, assisted by one or two outside of that order, did a nice thing by one who was a former member of that order—E. Brown, who now lies seriously ill. Last week they delivered enough good wood at Mr. Brown's residence to last the fraternal side of the A. O. U. W. order. Members have otherwise rendered assistance to the family. They also informed Mr. Seth, who has charge of F. R. Smith's team, the latter named being confined to the house by inflammatory rheumatism, and unable to do any work, and at times being confined to his bed, that he could have wood without cost, if he would haul it for Mr. Smith.—Dayton Herald.

Oh, the Pain of Rheumatism!
Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are to-day worse off than ever. Rheumatism is a blood disease, and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated diseases.

Mr. Paul Gyster, representing Kirtley & Co's. screw piston chemical hand fire engine, will be in the city next Tuesday, and on the following day, Feb. 8th, will make a test display of his machine, publicly demonstrating the rapidity with which it extinguishes a blaze. A temporary wooden structure will be erected and fired for the purpose.

The people of McMinnville will, in the very near future, be offered the excellent pleasure of witnessing a Demorest medal contest, given under the auspices of the W. C. T. U. of this city. Mrs. Virginia Watson, the regular teacher of elocution in the college, has been training for some weeks the contestants hereof, and the entertainment promises to be of more than local interest. Fuller notice respecting this pleasing event will be given in due season.

An unusually high gale prevailed from the southwest Monday night, blowing down fences, signs and rickety out buildings. This was followed by rain Tuesday. The country awoke to a snow storm Wednesday morning, with a rather stiff gale from the north sending the snow speeding through space and drifting about buildings very much after the manner of blizzards in a prairie country, though less severe. The storm of February 1st will go down in history as unusually severe for Oregon. Old settlers say it was similar to many experienced here in the early winters, and that the winters in the Willamette valley are becoming much milder as the country grows older.

A new line of tobacco and cigars just received at Bettman & Warren's.
Asa McKern of North Yamhill was in the county seat on Friday, the first time since his removal to our neighbor on the north. He is doing well in the racket store trade.
