After-Effects.

Grip is a creacherous disease. You think it is cured and the slightest cold brings on a

relapse. Its victims are always left in a weakened condition - blood impure and impoverished; nerves shattered. Pneumonia, heart disease and nervous prostration are often the

result. Dr. Williams' Pink Pills for Pale People will drive every trace of the poisonous germs from the system, build up and enrich the blood and strengthen the nerves. A trial will prove this. Read the evidence:

When the grip last visited this section Herman H. Eveler, of Sil W. Main St., Jefferson, Mo., a well-known contractor and builder, was one of the victims, and he has since been troubled with the after-effects of the disease. A year ago his health began to fall and he was obliged to discontinue work. That he lives to-day is almost a miracle. He says:

"I was troubled with shortness of breath, palpitation of the heart and a general debility. My back also pained me severely.

"I tried one doctor after another and numerous remedies suggested at my friends, but without apparent benefit, and began to give up hope. Then I saw Dr. Williams' Pink Fills for Pale People extoiled in a St. Louis paper, and after investigation decided to give them a trial.

"After using the first box I felt wonderfully relieved and was satisfied that the pills were putting me on the road to recovery. I bought two more boxes and continued taking them.

"After taking four boxes of Dr. Williams' Pink Fills for Phie People I am restored to good health. I feel like a new man, and having the will and energy of my former days returned. I am campble of transacting my business with increased ambition.

"Dr. Williams' Pink Fills for Pale People are a wonderful medicine and any one suffering from the after-effects of the grip will find that these pills are the specific." H. H. Evel. Ed. Mr. Eveler will gladly answer any inquiry regarding this if stamp is enclosed.—From Cole Co. Democrat, Jefferson City, Mo.
