# The Store that Advertises

Is the Store that is known, and the Store that is known is 😼 the Store that trade goes to, and the Store that trade goes 33 to is the Store that does the business, and the Store that does the business is the Store that can't afford to cheat.

Hence, when we tell you that we never misrepresent our groceries, it is not alone because we do not believe in lying, but we can't afford to. We are told, and are thus given a a right to reiterate it, that the customer who steadily buys his groceries of us, comes out ahead of the fellow who buys of our competitors.

## This is Our Supreme Aim:

A legitimate profit to us, a satisfied customer when he leaves our store. Suppose you try W. & W.'s store long enough in 🐉 1899 that we may make you a customer far into the 20th century.

Respectfully,

# Wallace & Walker.
