FRIDAY, MARCH 17, 1899.

WHILE we live in a prosperous and well-to-do community, we should not lose sight of the fact that increased prosperity will come to us if we will but reach out and grasp it while it is seeking a safe harbor. The great Willamette valley will some day hum with the sound of factories and mills, and the town that speaks first and acts quickest will capture the largest handful of commercial blessings. McMinnville is proud of the manufacturing enterprises that are already within her borders, but many more improvements could be inaugurated without impairing the worth of those already here. Woolen mills, broom factories, canneries, creameries, driers, and kindred enterprises that would employ hundreds of laboring people and disburse thousands of dollars in wages, are among the number for which there is room here. While these are not among the early probabilities they may be some of the remote possibilities of McMinnville, and in their contemplation one cannot but see the benefit to be derived from the establishment of manufacturing enterprises in our midst.

GERONIMO, the Apache Indian chief of New Mexico, is the latest convert to the anti-expansion faith. Like the unpatriotic members of the U. S. senate, he believes Aguinaldo ought to scalp Dewey and Otis.

EXPORTS from the United States increased sixty-five per cent in the last ten years. These figures, however, are alarming to calamity howlers, who can see no benefit to be derived from sending our produce to foreign markets.

CUBANS and Porto Ricans are hard people to satisfy, and in spite of all that the United States has done for them, we may have them fighting us before the summer is over. It will be a tedious job to make peaceable citizens out of those people.

A correspondent from Manila says that Capt. H. L. Heath has been appointed sanitary officer for the worst district in the city. He visits all different localities, and where the discernment of the provost guard has not been keen, makes the filthy inhabitants clean up and disinfect. Considerable opposition was brought on at first, as there are rubbish piles in some dark corners probably nearly as old as the captain, and the property owners disputed the right of any American to make him destroy a typhoid or malaria hotbed on it if he chose to so use it. The fiery Spaniards have different ideas now. One who had been ordered to clean up came to the colonel overflowing with anger. He commenced by stating that his name was Summers, spelled the same as the colonel's, and that there might be family connections. Without much maneuvering he shifted to the subject in hand, after this strong appeal for special privileges. He went away convinced that a pile of rotten rubbish and distant family ties had no connection.

Obituary.

Albert Daniel Simpson was born in Gallatin county, Kentucky, April 9th, 1837, and died March 13th, 1899, at his home in this city. He crossed the plains to California in 1857 and spent two years at Chico. The next few years were spent in the mines of Utah, Idaho and Colorado. He came to Washington county, Oregon, in 1865, and was married to Miss Rosina J. Field in 1869. Five boys and two girls were born to them, one dying in infancy, and their first-born, Thaddeus J., in October, 1895, at the age of 25 years. The others are Clara Patterson and Miss Bertha of Portland, Arthur N. of Independence, Ben V. and Walter D. of McMinnville. The family came to McMinnville in November, 1878. Deceased was a member of Union lodge No. 43 A. F. & A. M., and was buried under its auspices on Tuesday afternoon, Rev. Jos. Hoberg delivering the address.

Mrs. Ungerman received from Madame A. DeSmith 100 Golden Seal rosters, to be addressed to the privates of Co. A., after which she returned them to Portland where they will be in charge of Gen. Beebe until the Oregon boys come home, and will then be presented to them.

Licenses to Marry.

March 9th—E. L. McCleery, 22, and Mary L. Keeyes, 20, of Newberg.

Come to The Reporter office for type-writer papers. Legal and letter sizes.

A robust, manly son and a cooing baby-girl nestling in her bosom—what more can any woman want? It is a boon that Heaven intended should be granted to every woman. Thousands fail of this because they have neglected to look after their health in a womanly way. The health of a woman's babies is dependent upon her own health during the period of prospective maternity. The prospective mother cannot be too particular about her physical condition. If she suffers from local weakness, nervousness or loss of vigor and vitality, her children will be weak, puny and sickly. Dr. Pierce's Favorite Prescription is the only unfailing cure for all weakness and disease of the delicate and important organs that bear the brunt of maternity. It makes these organs strong, healthy, vigorous, virile and elastic. It makes the prospective mother strong and cheerful. It robs maternity of its perils. It insures a baby constitutionally strong. It is the invention of an eminent and skillful specialist, who has had thirty years' training in this particular branch, during which time he and his staff of physicians have prescribed for many thousands of women. Medicine dealers sell it and an honest dealer will not urge upon you an inferior substitute merely for the little added profit he may make thereon.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good."

Crippled by Rheumatism.

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe aching of the bones. S. S. S. has been curing Rheumatism for twenty years—even the worst cases which seemed almost incurable.

Capt. O. E. Hughes, the popular railroad conductor, of Columbia, S. C., had an experience with Rheumatism which convinced him that there is only one cure for that painful disease. He says: "I was a great sufferer from muscular Rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took about a dozen bottles of your S. S. S., and now I am as well as I ever was in my life. I am sure that your medicine cured me, and I would recommend it to any one suffering from any blood disease."

Everybody knows that Rheumatism is a diseased state of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

S.S.S. For The Blood

being Purely Vegetable, goes direct to the very cause of the disease and a permanent cure always results. It is the only blood remedy guaranteed to contain no potash, mercury or other dangerous minerals.

Filipino rebels have been meeting defeat again. Yesterday morning the strongly fortified village of Cainti was captured after a desperate fight, by the regulars. The Americans had 17 wounded while the rebel loss was heavy. Privates Alfred O. Carden, W. B. D. Dodson and Chas. J. Olson of the Second Oregon volunteers were wounded in late engagements with the enemy.

The Salem Statesman had a strike on its hands this week ordered by the printers' union, because one of the proprietors insisted upon operating one of the Linotype machines.

The Store that Advertises

Is the Store that is known, and the Store that is known is the Store that trade goes to, and the Store that trade goes to is the Store that does the business, and the Store that does the business is the Store that can't afford to cheat.

Hence, when we tell you that we never misrepresent our groceries, it is not alone because we do not believe in lying, but we can't afford to. We are told, and are thus given a right to reiterate it, that the customer who steadily buys his groceries of us, comes out ahead of the fellow who buys of our competitors.

This is Our Supreme Aim:

A legitimate profit to us, a satisfied customer when he leaves our store. Suppose you try W. & W.'s store long enough in 1899 that we may make you a customer far into the 20th century.

Respectfully,

Wallace & Walker.
