S. A. Maris also complains of the loss of the fragrant hyacinth by thieves. These marauders are entirely too esthetic for the characters they bear. One of the meanest things in the world is a thief—so mean, in fact, that it makes the word sound among the meanest in our language.

H. C. Burns last week disposed of his trotting stock, Alta Norte, to a Pendleton party, for \$300. Alta Norte had already developed a speed of 2:25 at the age of three years, and gives promise of something a good deal better. Mr. Burns decided he was not a trotting horse man either by nature or acquisition. The gelding, Dr. Wright, a full brother, was also sold at the same time to the same party, who now claims that they have a team record of 2:21.

A boys' brigade was organized last Friday afternoon at the Columbus school building, the purpose being to constitute a feature of interest at the G. A. R. state encampment. The temporary officers are: Frank Grannis, captain; Clarence Stout, first lieutenant; Hollie Burns, second lieutenant; Fred Cooper, Q. Prof. Louis Barzee of the college will lecture at Amity tonight on the subject, "Greatest Need of the Greatest Nation, for School and Patrons." He will give the same lecture on the day following, at McCoy. The Prof. has theories of his own regarding school improvement, which are said by those who are familiar with them to be both reformatory and radical. Many people who do not follow the business, profess to see the need of some changes; notably less pushing of pupils into depths of learning that are to them as if they had been placed in the heart of a wilderness blindfolded, without knowledge of their way in or out. Too little attention is given to rudimentary principles, in the eagerness to get the pupil advanced and graduated speedily.

About the middle of May a minstrel show by home talent will be given under the auspices of the local camp of Woodmen. There will be about two dozen male voices in concert and specialty numbers, and a farce or two will be presented under the incomparable leadership of Mr. Eberle, altogether making a highly enjoyable entertainment. The proceeds will be given to the volunteer monument fund, to purchase a monument in honor of Oregon's dead volunteers. The place of erection of this monument will probably be left to the selection of Gov. Geer and a committee. By all wise considerations it should be placed in the state capitol grounds at Salem.
