#### ORDINANCE NO. 199.

An ordinance to regulate the riding of bicycles on the streets and sidewalks in the corporate limits of the city of McMinnville, Oregon.

The people of the city of McMinnville do ordain as follows:

Section 1. It shall be unlawful for any person to ride a bicycle on the sidewalk of Third street, between A and H streets, or on the sidewalk on the east side of B street, south of Third street, or on the sidewalk on the west side of E street between First and Third streets, or on the sidewalk on the north side of First street, between E and H streets, in the city of McMinnville, at any time.

Section 2. It shall be unlawful for any person to ride a bicycle on any of the streets or sidewalks within the corporate limits of the city of McMinnville, unless the bicycle is provided with a bell for warning pedestrians of their approach, and the rider must give warning of their approach, whether upon the sidewalk or on the street, at least 25 feet distant from the person they are meeting, or attempting to pass, or if going in the same direction, to pass, or attempting to pass, and should no heed be taken of the warning, the rider shall dismount from the wheel at least ten feet from said pedestrian and pass on foot.

No bicycle shall be propelled at a greater rate of speed than four miles per hour when upon the sidewalk, or at a greater rate of speed than six miles per hour when upon the street, and all bicycle riders shall dismount when approaching a street corner, where the approach of pedestrians cannot be seen on the intersecting streets.

Section 3. Any person or persons violating any of the provisions of this ordinance, shall upon conviction therefor before the recorder's court of said city of McMinnville, Oregon, be fined in any sum not less than \$1 nor more than \$10, or by imprisonment in the city jail not less than one day, nor more than five days, or both fine and imprisonment, at the discretion of the court.

Section 4. That all ordinances or parts of ordinances in conflict herewith are hereby repealed.

#### Assuming Shape.

In spite of the bad weather last Saturday, forty bicyclists from various parts of the county came together in this city to discuss the subject of paths. Dr. Wright was chosen chairman and Prof. Hagerty of Carlton, secretary. The sentiment was that the tax paid by outside precincts be refunded, so that those precincts might build paths from the principal towns toward the county seat, the county seat members to meet them.

The following precinct committeemen were named to formulate a plan of action: McMinnville—Dr. G. S. Wright, Newberg—Dr. Littlefield, Amity—Mr. Grames, North Yamhill—Fred Trullinger, Sheridan—Mr. Yocum, Whiteson—Mr. Delashmutt, Carlton—Mr. Stallcup, Lafayette—Roy Martin, Dayton—R. A. Harris.

They reported as follows: We your committee appointed for the purpose do hereby recommend that the money collected from bicycle tax be expended in the locality in which the money is collected; such money to be spent under the supervision of the county court. It is furthermore recommended that each bicycle organization elect a number of

delegates to meet and confer with the county court; said meeting to be called by the county court, the number of delegates to such convention to be in proportion to members, for each 16 members elect one delegate.

Judge Bird set today at 10 a. m. as the date for conferring with the county court.

#### A Sheriff's Warning.

To all bicycle owners: Section 5 of the bicycle law reads as follows, to-wit: The absence of the proper tag from any bicycle shall be considered prima facie evidence that the tax has not been paid; it shall be the duty of any and all peace officers, deputy sheriffs and bicycle tax collectors to seize and safely hold all such bicycles until the levied tax and \$1 additional has been paid, as a fine for such non payment.

The above law will be fully enforced, and any person found riding a wheel after the 5th day of May without the proper tag, will be dealt with in accordance with said section 5, as I have absolutely no discretion in the matter.

W. G. HENDERSON,  
Sheriff and bicycle tax collector for Yamhill county.

#### RETURNING THE VOLUNTEERS.

While the writer is much interested about the return of our boys from the Philippine islands and would gladly greet them, there appears to be a lack of consideration on the part of many in regard to the whole affair. Unless the islands are to be entirely abandoned to their own fate it will require a great number of men and for many years to garrison them to render the place tenable to any one except the dominant party, and even they at times may find the climate tropical by the opposition met from some other party, trying to dominate, just as in the present instance we find ruling quite a difficult if not entirely an impractical matter. Now so long as our government is, or feels constrained to keep a force of soldiers there for any reason, it appears to me that the volunteers are as good and serviceable as any soldiers and no more so. The claim that they are our boys will apply just as much to regulars as volunteers, for not a man in either class is dearer to his mother than the one in the other rank to his loving parents. This fully settles that point, for my son in the regular service is as dear to me as your son in the volunteer service is to you, dear, doting mother, and I honor you for your love you bear to him yet feel that you should hold in as high esteem the regard I have for my beloved offspring. In answer to the plea for their return because the war with Spain is ended, it appears to have some degree of plausibility, yet when the matter is known and fully appreciated that the enlistment was for two years or for the war and would necessarily carry with it the option of the federal authorities to keep them to the end of the two years if they saw fit or had any use for them, it would seem just cause for retention in the case of the present rebellion to the end of the time of enlistment or the suppression of the revolt. Answering the claim that our boys were not enlisted to fight "Niggers or Filipinos," but to fight Spanish soldiers, reminds me of the old Dutchman who was a raiser of blooded stock and delighted in them. Amongst his possessions was a fine stallion, a fine bull and also a fine ram. One Sunday morning while crossing one of his pastures he was attacked by the latter and fatally hurt, and when lying upon his bed dying he gave vent to his mind by saying: "Oh, if it had only been my horse or my pull I wouldn't care so much, but to be killed by a dam Schauf," and so for our soldiers to be killed by Spanish mausers would be to some people far more creditable than to die by the same bullet only at the hands of a Filipino.—"Regular," in State Journal, Eugene.
