Dr. G. S. Wright has contracted with Mr. Stephens of Salem to erect a fruit dryer on his tract southwest of town this season. The building and equipment is to cost \$800. His prospect for Italian prunes is not good, but there will be plenty of peaches.

George Todd of this city was quite well acquainted with Claude Branton, who was hanged at Eugene last week, as well as with Lin, the man Branton murdered. He camped with them in Crook county for some time before the men started across the mountains. He says there was nothing about Branton's manner that would lead one to suppose he would commit such a crime.

W. D. Weed, the shoemaker, left on Monday for Council Valley, Idaho, where he expects to remain a number of weeks with his son Carl, in the hope of receiving relief from asthma, which has been giving him a good deal of bother lately. He will probably do a little prospecting for gold while there.

Rev. Herbert Johnson, pastor of the Baptist church at Pittsfield, Mass., will preach the annual educational sermon for McMinnville college on Sunday, June 4th. Rev. Johnson was born in McMinnville when his father was president of the college here. This fact, coupled with the fact that he is a bright man, will attract special attention to the educational sermon.

Certain fortune seems to await our young friend, O. J. Hobson, who recently left here for Lewiston, Idaho. He has invented a device for separating gold from sand by means of water, and calls it the "Hobson placer concentrator." The Lewiston papers describe the device in detail, and speak of it as an invention which has solved that which seemed as impossible as perpetual motion. They say the very crudest experiment will show the practicability of this idea, and when the patent papers are returned "placer mills" will be a common term. We sincerely hope for Mr. Hobson that it will prove to be all that is anticipated for it.

 Rev. R. W. King went to Amity on Tuesday to attend the Baptist county Sunday school convention, and the Baptist B. Y. P. U. rally held on Wednesday. A number of others attended the rally from this city.

The question of providing the city of Amity with a good system of water works is being discussed. The hills near town have several springs that could be utilized, and by piping the water to town the desired end could be accomplished. The estimated cost is about \$1,000.

The annual teachers' institute for Yamhill county will be held at the court house in this city, June 14th, 15th and 16th. The instructors will be Prof. Darlette, of Portland, Prof. Barzee of McMinnville college and Prof. Hodson of Newberg. State Supt. Ackerman will also be present. The law is quite stringent regarding these institutes, in that it requires all teachers of the county to be present. A good program will be rendered each day.

Attend the minstrel entertainment tonight and enjoy yourself. The singers who will participate are: J. L. Rogers, F. E. Rogers, W. H. Logan, G. D. Flesher, Chas. Young, John Evenden, S. D. Gaunt, E. V. Littlefield, Fred Boardman, W. T. Maey, Richard Ekstein, E. W. Wallace, J. G. Eckman, A. V. R. Snyder, P. T. Barnum and Leroy Lewis. Participants in the farce at the close are: G. B. Eberle, Lair Thompson, Mrs. A. S. Campbell, Miss Mollie Patty, Henry Oliver and Mildred Warren. Seats are selling fast.

The resignation of Rev. F. A. Powell as pastor of the Christian church of this city is to date from the first of next month instead of September 1st as contemplated. He expects to leave soon after for Topeka, Kan., where he intends making his permanent home. No definite arrangements are made for a new pastor. The church will look long and diligently for the intellectual equal of Mr. Powell, and it will be only a matter of time when he will be classed among the leading lecturers of Kansas. He has the good wishes of The Reporter for future success.

The pastor of the First Baptist church will preach the third and last sermon in the series on "The Rational Aspects of the World Wide Missions" next Sunday morning. The subject will be "The Vital Connection of the Spiritual Life of the Church with Faithfulness to Her Commission." In the evening will be given the last of the series of sermons on "The New Life," and the subject will be "The Fruit of the New Life." The choir of this church is making extra effort to have good music and the program for next Sunday evening will be one of the best and will consist of a male quartet, a trio, and an anthem. Besides this there will be good singing in which the congregation will join. The pastor and members of the church are always glad to welcome strangers and those who have no stated place of worship.

Those Bicycle Paths.

The county court has outlined the course of the new bicycle paths in this county, and will finally approve the order at their next meeting. They will be constructed as follows:

Main path commencing along county road from Sheridan to Bellevue where said road crosses eastern boundary line of Sheridan; thence to Bellevue; thence along Co. Rd. leading to McMinnville to where Co. Rd. from Durham school house intersects said road; thence along road to Durham's school house to junction with road from Amity to McMinnville; thence to McMinnville; thence in easterly direction to Lafayette; thence along valley road to Dundee and Newberg. Commencing at cross roads in West Chehalum precinct at farm of W. W. Walker, thence on Co. Rd. to Newberg. Commencing at town of North Yamhill where south boundary of town crosses Co. Rd., along Co. Rd. to Carlton; thence to where said road intersects the county road from McMinnville to Lafayette near covered bridge across North Yamhill river, near Young farm. From Amity along Co. Rd. to Durham school house, connecting with main path. From Dayton bridge on Co. Rd. leading from Dayton to Amity to intersection of road from McMinnville to Dayton; thence westerly to McMinnville to bridge across the Yamhill river. From Hopewell church along road to Lafayette until the path from Dayton to McMinnville is reached.

The paths are to be constructed on the most favorable side of the road and outside the ditch. Where there is not room outside the ditch, the path is to be inside graded portion of county road, but without injury to said road. Paths are to be not less than three nor more than six feet wide, and to be 1 1/2 inches higher in center than on outer edges. Supervisors of paths are to be appointed at Sheridan, McMinnville, Lafayette, Newberg, West Chehalum, North Yamhill, Amity, Hopewell and Dayton, to serve without salary. It will be their duty to advertise for bids for construction, when ordered to construct in that way, and to secure economical work. It will be the policy of the court to perform the work in proportion to the number of wheels in any locality, having in mind the connecting of the system, as recommended by the committee of wheelmen and adopted by the court. Bills for payment for work are to be allowed in the usual way.

At Death's Door.

Geo. A. Barnhart, son of F. H. Barnhart, is lying at the point of death as we go to press. His condition took the form of uremic poisoning Wednesday evening at 8 p. m., and the probability is he can live but a few hours. His wife is with him and her people have been telephoned for.

 It is really remarkable the number of cheap plated watch cases that are made and sold these days—cases that will wear anywhere from six weeks to three years, yet most of them containing a guarantee to wear twenty. A gold filled case, one that WILL wear twenty years, costs within a dollar of what it did six years ago. That dollar represents the reduced cost of making—the gold costs just the same. We sell Gold Filled cases—cases that have stood the test of years—and personally guarantee every case which we sell in addition to the manufacturer's warrant. Any movement you want.
