No one but a woman can tell the story of the surferring, the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangement of the delicate and important organs that are distinctly feminine. One of the worst effects of troubles of this kind is upon the nervous system. The tortures so bravely endured completely and effectually shatter the nerves. Dr. Pierce's Favorite Prescription is an unfailing cure for all weakness and disease of the feminine organism. It makes it strong and healthy. It allays inflammation, heals ulceration and soothes pain. It checks exhausting drains and tones and builds up the nerves. It fits for wifelnod and motherhood. Good medicine dealers sell it, and have nothing "just as good."

"just as good."

"Since my last child was born, thirteen years ago, I have suffered from uterine trouble." writes Mrs. Paul Devraine, of Jeilico, Campbell Co., Tenn. "I consulted several doctors and took much medicine, but found no relief. I had very had health for twelve years. Every month I was in bed a week before the monthly period and a week after. I was obliged to keep in bed for four months last summer. I was just like a corpse. I lost twenty-six pounds in four months. I was coughing so much I was considered in consumption. I suffered severely from patins in my back, bearing down pains in the womb, chills and cold sweats. After taking four bottles of Dr. Pierce's Golden Medical Discovery my coughing stopped, and after six bottles of Dr. Pierce's Favorite Prescription my periods became regular and were passed without pain. Now I am fleshy, more so than ever before. My neighbors are surprised to see me in such good health after having seen me so low."

# CANGER IS DEADLY!

### Results Fatally in Nine Cases Out of Ten-A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer-known as the Cancer-may be cut away, the poison remains in the blood, and promptly breaks out afresh, with

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accu-

mulated which is incontrovertible, of which the following is a specimen:

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer did no good whatever, the cancer growing worse all the while.

grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer.—Mrs. S. M. Idol, Winston, N. C.

You are told so often by so many advertisers that they are selling shoes "worth so and so," for "this and that"—ever so much below what it is claimed they are worth, that you come to think it an easy matter to sell shoes for less than they are worth.

BUT IT ISN'T. As a rule we must pay the makers of good shoes a good price, and we must make a profit or go out of business. If you want good shoes you must pay our price. We could sell you junk at less than we can sell really good footwear, but you wouldn't want it. You want only good shoes. We believe you are willing to pay fair prices.
