SAN FRANCISCANS TURN OUT

Parade Reviewed by Governor Geer-Ladies of the Red Cross Gave the Regiment a Dinner.

San Francisco, July 17 .- Not since the departure of the California volunteers for the Philippines have the streets of San Francisco presented such a scene of animation as they did today. nor have steam whistles, cannon and bells created such a rumpus, and all this in honor of the regiment of Oregon volunteers and the California signal corps who have returned from foreign shores after over 14 months of hardship and fighting.

The cause of the demonstration was the landing of the Oregon volunteers and the Californians, preparatory to going into camp at the Presido and the final mustering out, and then the last stage of the journey to Oregon and home. Factory whistles were blown and the bay steamers added to the shrieking. Cannon were fired at several points and bells rang out the welcome of San Francisco to the Webfooters and the small group of native sons who made up the signal corps of the California regiment.

First in the line of march was Major Noble, General Shalter's aid, followed by the band of the Third artillery. Then came Governor Geer, of Oregon. and his staff, and they were followed by the Californians, who shared the cheers with the Oregonians.

Then came the regiment, headed by Brigadier-General Summers, and its band. As the men marched, company front, up the wide street, they made a eplendid appearance. An ambulance, bearing the sick and wounded, followed, then battery C, of the Third artiliery. All along the line of march the men were cheered to an echo, and bands hired by individuals played lively music. As the soldiers passed the Palace hotel, they were deluged with flowers thrown from the windows by guests.

At the junction of Third and Market and Kearney streets, the crowds were immense and the three morning papers which have offices on the corners of those streets vied with each other to see which could make the most noise.

General Shafter and staff and Governor Geer and his staff, and many noted army officers reviewed the parade as it passed up Van Ness avenue toward the Presidio. As the men passed the reviewing stand, they cheered continually. When the Presidio was reached the men were given a rest and then commenced the work of going to camp.

Here they will rest under military discipline for two weeks, when the final mustering out will take place, and then they will be sent to their Northern homes by train.

At a late hour this afternoon the Oregon volunteers made their appearance on dress parade at the Presidio. Addressed by Governor Geer, who told of the disappointment in Oregon that the troops were not mustered out in their own state

Aguinaldo's Plan.on the Night of Outbreak of Hostilities at Manila.

San Francisco, July 17 .- The officers of the Second Oregon regiment, while very guarded in their statements, admit that the condition of the American troops at Manila at the outbreak of hostilities between Agninaldo and the United States was very critical.

The capture of a letter sent from inside of our lines in Manila to an emissary of Aguinaldo is probably all that saved our army from a terrible disaster, and possible annihilation. The letter was taken to General Otis, who found in it the plans of a plot to open It is the intention of Secretary Alger to the gates of Manila, sack the city, have the mounts carefully selected, murder the guards, and allow the insur- and he thinks that animals from the gent army to pour into the American camps and surprise the men.

Honolulu, July 9. via Victoria, B. C., July 17 .- There was a flag incident ite on the Fourth of July which promises to be made an international episode. Carl Klemme, the proprietor of the Orpheum hotel, gaily decorated his building in American colors, hoisted the American flag over it, and under the American flag the German flag. Later a friend of his wanted to use an American flag, and Klemme goodnaturedly loaned him his, leaving the German flag floating alone from the chief. flagstaff.

J. H. West saw it and ordered Klemme to haul it down. There has been ill-will between the two men before, and Klemme refused to take orders from his enemy. West therefore transport Sheridan and showed them the German flag floating on the Fourth of July in American territory. The soldiers at once proceeded to the roof, tore down the German flag and destroyed it and put in its place some red, white and blue bunting torn from the other decorations of the building.
