OUR PRICES ARE RIGHT!

See our market every morning for Fruits and Vegetables. We are pushing a hot campaign in these articles, and they are always choice.

Full of fresh lines of Staple Groceries.

We Haven't Killed Many Bears

But we have hammered away night and day for 16 consecutive years at the prescription counter with the result of having attained the largest prescription file in the county. There's a reason for this. Anyone can dish out patent medicines, but it comes to filling prescriptions you want a competent man at the tiller, so to speak, with a clear eye and a clear head—in fact, a man who realizes that a human life is in the balance. We do this for our specialty.

NEWBERG.

J. C. Sawyer is able to be on the street after several weeks confinement in the house, on account of a lameness.

H. D. Fox has sold his residence property and with his family will soon leave for the east.

This week Rev. W. J. Waltz and family left for their new station in Sellwood.

A severe spell of heart trouble prostrated Mr. Wiley Edwards on Sunday night. At present she is improving.

Rev. Samuel Snyder, the new M. E. minister, occupied the pulpit Sunday. His family have arrived and will be with us for a year at least.

The ladies' Bur Oak circle gave a banquet on Monday night in honor of the Dayton circle, the number of forty coming on a fraternal visit. A fine time is reported.

On Saturday night, what might have been a disastrous fire, was prevented by the prompt action of Mrs. C. F. Johnson. She had a fire escape opening during the day and the windows were illuminated in the evening with Chinese lanterns, and burning logs, fell through to the lace draperies. In an instant the whole window decorations were a burning mass. Mrs. Johnson, as she called "fire," tore the curtains and decorations down and threw them outside. The damage was very slight. Miss Carrie Nelson received some slight burns on her hand.

During the winter of 1907, Mr. James Reed, one of the leading citizens and merchants of Clay, Clay county, W. Va., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave him relief until he began using Chamberlain's Pain Balm. This brought almost complete relief. He now believes that had he not used Chamberlain's Pain Balm, he would have had to be amputated. He writes: "I can't say enough for Chamberlain's Pain Balm. It is a healthy, reliable, and safe medicine."

At the railway station at St. Joe last Monday Mr. McGregor, one of the contractors on the Yamhill river locks, made the remark that there was yet the sum of \$6,000 from the government appropriation of money for the locks. He said that the material for the locks was on the ground, and he would gladly surrender and quit if there was any one willing to take the remainder of the contract.

"Our baby was sick for a month, severe cough and catarrhal fever. Though we tried many remedies, getting worse, we used Chamberlain's Cough Remedy. It cured her in two days." B. L. Smith, High Street, Bluffton, S. C.

HE CAUGHT THEM.

Captain J. R. Mullett, who enjoys the distinction of being the only man in the world who handles sea lions for exhibition purposes, and who has caught every one now in captivity, recently arrived at Pittsburg, Pa., with a carload of these ferocious beasts, brought from the Pacific coast. Captain Mullett was in Yaquina last spring making arrangements for shipping a band of sea lions east, which he tried to take off Yaquina harbor, but, owing to stormy weather, etc., failed to meet with any success in capturing sea lions. He finally went down the coast and undertook to capture a lot of these animals at Heceta head. After some trouble, he secured a small schooner and then had great trouble in securing "lion hunters." Men demanded \$50 per day to engage in this pastime, but he finally secured a gang at \$10 per day. He was wrecked and nearly starved while in pursuit of his game and when he undertook to capture sea lions in a cave at Heceta head, his employees could not withstand the charge of the animals as they rushed for the entrance of the cave, and got out of the way as quickly as possible and "nary" a lion was captured.

Captain Mullett finally put his lion hunters ashore on the beach where they had to walk some 40 miles to get home, and sailed away in his little schooner for the California coast, where he succeeded in capturing 60 sea lions, which he carried in his private car to Chicago. The Pittsburg Leader says: "Ten of the animals were sold to Hagenback in Chicago, a number were taken to Professor Woodward, the celebrated sea lion tamer, at Columbus; three were left at Hilland Park, and with the remainder, Captain Mullett rolled into Pittsburg and delivered what he claims are three of the finest sea lions in the world."—Corvallis Times.

If you are feeling weak and worn out and do not have a healthy appearance you should try Acker's Blood Elixir. The Lights Are Out.

McMinnville is without her electric lights, and is likely to remain so for a period of three weeks. The excessive load carried by the dynamo proved too much for it Wednesday evening, and it burned out. To repair it will cost about \$500, and to buy a new one will require from \$2,500 to \$3,000. This is the problem now before the city fathers. A new machine is needed because of the increasing business. The churches, stores and halls will have to get down their old Rochester's, and coal oil will take a spurt.
