Manila, Oct. 24.—An American officer was killed and two men wounded by the Filipinos in an attack on a launch with General Lawton's expedition in the Rio Chiquita, near San Isidro. The rebels fired volleys from shore.

General Otis has replied to the three insurgent officers who entered Angeles last Friday with a request, made through General MacArthur, for permission for a Filipino commission, headed by a Filipino major-general, to visit General Otis in order to discuss peace terms and to arrange for the delivery of American prisoners, that the desired interview cannot be granted because the suggested propositions of the Filipinos are vague, indefinite and unimpartial, and because the Americans must continue to decline to receive any representative of the so-called Filipino government.

The only incident of the voyage was an accident that happened to Edwin Statler, company M, and Homer A. Read, company A, three days out from Nagasaki. They were injured by the breaking of a spar, which fell on them. Statler's leg was broken and Read sustained a fracture of the skull. Both men are doing well.

The Senator was caught in the tail of the typhoon encountered by the steamer Empress of Japan. She was tossed about lively for several hours, but suffered no severe damage. So serious did the situation appear to the officers of the steamer at one time, that all the passengers were ordered below, and the hatches were battened down.

The Deadly Knife.

Lebanon, Or., Oct. 24.—A serious stabbing affair occurred at Sweet Home last evening. J. P. Hahn, the Sweet Home merchant, stabbed and seriously wounded Albert Weddle, the sawmill man at that place. Weddle was stabbed three or four times, one slash being in the abdomen and letting the intestines out. A physician was summoned from this city, and when he arrived he found Weddle in a critical condition, and there is but little expectation of his recovery.

Hahn said he was coming to Lebanon to surrender himself to an officer, but he has not arrived here. The feeling at Sweet Home is bitter against him.

BOERS MADE THE ATTACK

Opened the Engagement at Dundee Saturday.

CONTINUED THE FIRE SUNDAY

Large Force Commanded in Person by Kruger and Joubert Said to Be Attacking Glencoe.

London, Oct. 25.—The Daily News publishes the following dispatch from Ladysmith, dated Sunday night: "A large force under Commandant-General Joubert and Commander Yogan, opened fire on Dundee yesterday. The fire was continued today. The result is not known here."

Cape Town, Oct. 25.—News has been received from Dundee to the effect that the Boer disaster at Eland's Laagto staggered the Boers completely, rendering the attack upon Dundee feeble. Therefore, there is no cause for anxiety.

Fighting at Glencoe.

London, Oct. 25.—The Daily Telegraph has received the following from Ladysmith: "The Boers, reported to be 9,000 strong, and under the command of Commandant-General Joubert and President Kruger in person, are again attacking Glencoe. General Yule, commanding our troops, has moved his camp back into a better defensive position."

London, Oct. 25.—The war office received the following dispatch from General George Stewart White, commander in Natal: "General Yule telegraphed me yesterday evening that the wounded at Dundee were doing well."

This dispatch partly relieves the anxiety regarding Glencoe, as the British there had evidently not been attacked up to last evening.

Battle of Eland's Laagto.

London, Oct. 25.—The Daily Mail publishes the following description of the battle of Eland's Laagto, from its special war correspondent, G. W. Stevens, filed at Ladysmith: "The battle was a brilliant, complete success. The Boers numbered from 1,200 to 3,000, and probably had about 100 killed and 150 wounded. The fight itself was like a practical illustration of handbook tactics, each arm represented doing its proper work to perfection."

The Gordon Highlanders, in their attack, advanced in magnificent order. They were immediately saluted with a heavy fire, which told from the first. Their major fell with a bullet in his leg, but as he lay where he fell, he lit a pipe and smoked placidly while the advance continued. As man after man dropped, supports were rushed into the firing line, our men darting from cover to cover, splendidly led and ever advancing. Yet, as ridge after ridge was won, the Highlanders still found a new ridge confronting them, and thus they fought their bleeding way until the final ridge was neared, with nearly every officer down.

"Then, slamming every available man into the firing line, Manchester, Devons and light horse all mixed, with bugles chanting the advance, bagpipes shrieking and the battle a confused surge, our men swept yelling forward and the position was won.

"Meanwhile, squadrons of lancers and dragons lapped round the Boer left flank, catching the enemy as they retired in order, goring and stamping them to pieces. And the commando was not."

IN SOUTHERN LUZON.

Operations Against Filipinos at Calamba and Angeles.

Manila, Oct. 25.—The insurgents around Calamba and Angeles have bothered the Americans lately with their repeated attacks, which, like most of the Filipino attacks, consist of shooting a lot of ammunition into their opponents' camp from long range.

Major Cheatham's battalion of the Thirty-seventh infantry, three companies of the Twenty-first infantry, a battery of the Fifty artillery and a Gatling gun sallied out this morning from Calamba, drove the Filipinos from their trenches and pursued them for three miles, inflicting heavy loss on them. One American was killed and three were wounded of the Twenty-first infantry.

Four men from the gunboat Mariveles were lured ashore 18 miles from Ilo Ilo by a flag of truce, and the insurgents killed one of them, wounded one and captured a third. The gunboat was unable to fire for fear of wounding the Americans.

The second battalion of the Nineteenth regiment, Major Reece commanding, embarked for Ilo Ilo today to reinforce the troops.

Chicago, Oct. 24.—Colonel Charles Denby and Professor Worcester, special commissioners to the Philippines, en route from Vancouver to Washington, reached Chicago today. Colonel Denby and Mrs. Denby, and their son, T. G. Denby, who acts as his father's secretary, left at 3 P. M., for Washington.

Washington, Oct. 25.—Chief Justice Fuller today took his seat on the bench of the supreme court of the United States, for the first time during the present session of the court. Kansas City, Mo., Oct. 25.—A combination known as the National Lead, Zinc & Smelter Company, with a capitalization of \$10,000,000, and with a surplus of \$500,000, to control and work large interests in the Joplin-Gallena district, has been formed. The concern was promoted by Marcus Polasky, president of the National Mine Company, of Kansas City, who has just returned from New York, where he succeeded in interesting Eastern capitalists.

Washington, Oct. 25.—The war department today received the following from General Otis:

Manila, Oct. 25.—Captain Guy Howard, quartermaster of volunteers, was killed yesterday near Arayat while in a launch in the Rio Grande river, by concealed insurgents. His clerk, a civilian employe, and a native were wounded.

General Lawton is operating at San Isidro. Forwarding of supplies to that point continues, attended with some difficulty on account of lack of transportation which will be supplied soon.

This morning Kline, commanding at Calamba, vigorously attacked the insurgent force concentrating on his front, routed them from the trenches and pursued them three miles. His casualties were one private killed, one corporal and three privates wounded. The enemy's loss is not known.

READY FOR TRANSPORTS.

Probable Date of Departure of Thirty-ninth Infantry.

Vancouver Barracks, Wash., Oct. 25.—Captain Povey, quartermaster on the transport Lennox, visited the post today and said he thought the Thirty-ninth infantry would be able to sail from Portland about Saturday next. The transports are expected to arrive in Portland Wednesday, and there is no reason why the regiment should not be able to get away by the end of the week. According to the latest orders, the two companies of the Forty-fifth infantry which have been recruited here, will sail with the Thirty-ninth, and then join the remainder of the regiment at Manila.

Captain R. P. Wainwright, First cavalry, arrived at the post today, and will purchase horses for the cavalry, which will be sent to the Philippines.

Report From Cape Nome.

Washington, Oct. 25.—Captain Shoemaker, chief of the revenue cutter service, received from Lieutenant Jarvis a brief report, dated St. Michael, Alaska, September 30, on the recent trip of the revenue cutter Bear to Point Barrow, in the course of which he says: "At Cape Nome are some 3,500 people, with the possible addition of from 500 to 1,000 from Yukon river points. I think there will be ample accommodations for all desiring to go out, and also sufficient provisions for those who remain. Typhoid fever is prevalent, but the coming cold weather is expected to check it.

"Good order is maintained, but there is a lawless element it is desired to get rid of before the winter closes, and I will co-operate with the military authorities and the United States marshal to that end. There is also a large number of sick and indigent whom it will be necessary to take away on the Bear to prevent suffering. The Bear is en route to Sitka."

Puget Sound Naval Station.

Washington, Oct. 25.—The annual report of Rear-Admiral Hichborn, chief of the bureau of construction and repair of the navy department, contains a number of estimates and recommendations with regard to the naval station on Puget sound. The recommendations show that some of the equipment is badly in need of repair, and much in the way of new apparatus and appliances is required to bring the station up to the average standard.

Russia and France May Take a Hand.

London, Oct. 25.—Sensational rumors of the designs of foreign powers, inimical to British interests, meet with scant credence, though it is admittedly difficult to explain the immense force on land which Great Britain is now mobilizing. In Vienna, it is reported the British naval movements are due to a rumor that Russia, with the assent of France, is about to acquire from Spain Ceuta, or some other naval station on the African coast.

Elsewhere it is stated the movements of the French Mediterranean fleet in the neighborhood of the Levant, where it could easily be joined by the Russia Black sea fleet, via the Straits of Dardanelles, is occasioning suspicion.

The Latest Peace Overtures.

Washington, Oct. 25.—General Otis' account of the latest Filipino peace overtures is as follows: "Manila, Oct. 24.—October 20, a message was received at Angeles under a flag of truce expressing the desire of Hon. President Aguinaldo to send a commission to Manila to arrange the difficulties connected with the delivery of Spanish prisoners, and to discuss a matter of particular character. A reply was returned that the commission accredited by any one other than General Aguinaldo, general-in-chief of the insurgents, could not be recognized or received. There has been no later correspondence. OTIS."

The Bandits Escaped.

Atchison, Kan., Oct. 25.—Notwithstanding the fact that fully 500 armed men surrounded the island between Atchison and Doniphan all last night, the two bandits who Saturday night killed one man and wounded another here yesterday, while being pursued by a posse, crept through the line of guards during the night, and, stealing a team, escaped.

Lead and Zinc Trust.

Kansas City, Mo., Oct. 25.—A combination known as the National Lead, Zinc & Smelter Company, with a capitalization of \$10,000,000, and with a surplus of \$500,000, to control and work large interests in the Joplin-Gallena district, has been formed. The concern was promoted by Marcus Polasky, president of the National Mine Company, of Kansas City, who has just returned from New York, where he succeeded in interesting Eastern capitalists.
