The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble. Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y. and mention this paper.

A SURE CURE FOR CROUP. Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by Howorth & Co., druggists.

A letter received from Eugene Leoper in Nebraska says: "I have been husking corn, but I would rather take my saw and saw buck and saw wood for a living. It has been snowing and blowing for the last day or so, and this weather seems awful funny to me. Deliver me from Nebraska and all there is in it. If I live and keep my health, I think that I shall be out there again, if they did have me in the insane asylum."

Last Wednesday Mr. P. M. Scroggin started by train for Lebanon, Lion county, where he will make his future home. He has purchased a brick building at Lebanon and in connection with other parties will, sometime during the coming month, open out in the banking business. Mrs. Scroggin will leave here about Saturday and join him in their new home. Ples was quite a landmark here, born and raised on the old homestead close to Sheridan. He was part and parcel of the community, public spirited, an earnest worker and a member of the Christian church. He and his family will prove a loss to both the business and social interests of this community. The Sun most cheerfully commends him to the good graces of the community in his new home.—Sheridan Sun.

Gov. Geer says that he will not wait much longer for the arrival of the Spanish cannon which was to have been sent to Oregon to be made into medals for the volunteers. If the cannon does not come within a week, the governor says he will consult General Summers in regard to collecting metal brought home by the returning volunteers, and will immediately make arrangements for the manufacture of the medals. The governor favors a design bearing the Oregon coat of arms, and especially appropriate for medals for volunteers from this state.

The college octette of ladies appeared to fine advantage in plantation melodies.

W. G. Magers was last week sentenced by Judge Burnett to be hanged for murder, on Feb. 21, 1900. This is the third time that Magers has been sentenced, the two former sentences having been rendered nugatory by appeals to the supreme court. When Magers was brought into the court room he was asked by the Judge if he had anything to say why sentence should not be pronounced upon him. He arose and declared that he was innocent of the crime of which he had been convicted; that the testimony against him was not true, and that he would go to the gallows an innocent man. The condemned man showed more agitation than at any former time, and there were tears in his eyes when he spoke.
