Mr. C. S. Peaslee, the well-known druggist of Morgan City, La, is highly thought of in his neigh-borh od because of his skill and care in filling pre-scriptions. The best physicians in the place send their patients to his store whenever they can. Any thing which Mr. Peaslee may say can be depended upon absolutely. In a letter to W. H. Hooker & Co., New York City, proprietors of Acker's English Remedy, he says: "In all my many years' experi-once as a druggist, I have never handled a medicinc of any nature that gave such complete satisfaction as Acker's English Remedy for Throat and Lung Troubles. I have sold hundreds of bottles, and have yet to learn of a single case where it failed to cure. In croup, it acts with a certainty that is really mar-velous. My wife does not take much stock in medicine, but she has absolute faith in Acker's English Remedy, always having it at her elbow in case the children are attacked by croup at night. It is a positively harmless rem-

edy, as I can personally testify. I know of a little girl who accidentally drank a whole bottle. She was, of course sick at her stomach for a short time, but the sickness passed away, and then the child was in better health than ever before. I can understand why Acker's English Remedy is so efficacious, because I am a druggist. It is not a mere expectorant, but a strengthening, invigorating tonic as well. While it heals the irritations of the mucous membrane, it also builds up the constitution and purifies the blood. I endorse it absolutely.

Sold at 25c., 5oc. and \$1 a bottle, throughout the United States and Canada and in England, at 1s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying return the bottle to your druggist, and get your money back.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York. For Sale by ROGERS BROS.

But we have hammered away night and day for 16 consecutive years at the precription counter with the result of having attained the largest prescription file in the county. There's a reason for this. Anyone can dish out patent medicines, but when it comes to filling prescriptions you want a competent man at the tiller, so to peak, with a clear eye and a clear head-in fact, a man who realizes that a human life hangs in the balance. We do this; it's our specialty.

ABOUT NEWSPAPERS,

There was a good audience to hear Pastor Lindsey of the Christian church Sunday evening, on the peculiar subject, 'Those Awful Newspapers." He traced somewhat the history of newspaper making, and the struggle of the press for freedom through the earlier centuries, and now Hamilton had fought for it in this country and Erskine in England. He said he likes the newspapers and they like him. In a certain sense they are Mrs. H. F. Bedwell will leave the first preachers. They are much more favorfuture the elder has ideas of his own.
