"Is God's Good Blessing"

"I feel that God has blessed Dr. Acker with special knowledge to prepare that grand medicine called Acker's English Remedy for Throat and Lung Troubles. It saves children every time when they are attacked by croup. Every mother should know about it, and I will tell about my experience. I had a darling boy of four years to die with croup. My doctor did all he could, but the child could not be made to vomit. That was before I knew of Acker's English Remedy. After I did hear of it, I got a bottle. When our little eighteen-months-old girl was stricken with croup, I gave her this medicine, and inside of twenty minutes she vomited and was better right away. During the winter she had croup four times, and it brought her through each time all right. I, myself, had bronchitis pretty bad, and Acker's English Remedy cured me completely. Before I close, I want to tell you of my neighbor's boy, named Jobe Nana. He had bronchitis, too. He got worse all the time. My husband went over to his house and told him about my case. Then his mother went to town, got a 50-cent bottle of Acker's English Remedy, and he took it. He came over to our house a few days later and said he was all right, and also said two doses relieved him from the start. You can understand by my letter why I think so much of Acker's English Remedy. I repeat that God's blessing must surely have been bestowed upon Dr. Acker."

Sold at 25c., 50c. and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

We Haven't Killed Many Bears

But we have hammered away night and day for 16 consecutive years at the prescription counter with the result of having attained the largest prescription file in the county. There's a reason for this. Anyone can dish out patent medicines, but when it comes to filling prescriptions you want a competent man at the tiller, so to speak, with a clear eye and a clear head—in fact, a man who realizes that a human life hangs in the balance. We do this; it's our speciality.

RED LETTER DAY FOR POST AND CORPS.

Last Saturday was a red letter day for Custer post and Relief Corps, it being joint installation. At 10:30 a. m. officers of the post were installed by Past Department Commander J. C. Cooper. Department President Mrs. Gates being present installed in a very impressive manner the officers of the W. R. C., after which Past Department President Mrs. Ungerman stepped forward and in a very appropriate speech in behalf of the members of Custer Relief Corps No. 5 presented the retiring president, Mrs. J. P. Irvine with a gold recognition pin, saying that she hoped she would wear it with as much pleasure as the presentation afforded the donors. Mrs. Irvine responded, assuring them that she would wear it with as much pleasure, as it would be one more link in the chain of remembrance of the loyalty we ought to show to the heroes who sustained and upheld the banner we love so well in its hour of supreme peril. Then all marched in to the banquet room, where the table never before was spread with so many good things. After dinner the meeting was called to order by Comrade Maloney, and all joined in singing "Marching Through Georgia." Then Mrs. Gates, department president, was called and said:

"Comrades, Members of the Relief Corps and Friends—I am indeed glad to be with you today and renew our acquaintance and weld more firmly those ties which bind us together, were such a thing possible, for we of the Relief Corps are the wives, daughters and sweethearts of those gallant men who in the early sixties answered to 'duty and their country's call,' and today we are doing what we can for the 'remnant of that mighty host,' and as we, the near kin of those noble men, become aged and our hands too feeble to minister unto them, then our sisters, the loyal women of this fair land, will take up this work in which they have already so greatly aided us, and carry it to a finish. And now I have a plea to make to all women who are not already members of our order, to come and help us. We have no benefits to offer you or rewards, if you come it will simply be love of country made manifest in this your desire to aid us in caring for these your country's defenders in their declining years. It is hardly necessary that I assure you, my comrades, that we of the Relief Corps find our greatest pleasure in working for you, and that our motto is that noble trio of the Grand Army of the Republic, fraternity, charity and loyalty."

Mrs. Atkinson followed Mrs. Gates with a very impressive and enthusiastic speech. Mrs. Rosa M. Atkinson was the first president of the Geo. Wright W. R. C. No. 2, and went into the service a very young woman under authority from Abraham Lincoln. Her first two years' service was at Columbus, O. She was the first woman that passed the gates at Camp Chase. Her last thirteen months' service was in Washington, D. C. She paid high compliment to the old soldiers asking the question: "What would our country be today politically and religiously if it were not for the flag they saved for us?" The W. R. C. came in for their just appreciation, and among other remarks she said that the Relief Corps were the only legitimate heirs of the Grand Army of the Republic, and that today there are few bachelor posts, so much do they appreciate the work of the W. R. C.

Rev. H. T. Atkinson spoke very encouragingly to the comrades, after which several short speeches were made by members. This closed the day, long to be remembered by the members of the G. A. R. and W. R. C.
