W. C. Miller is in receipt of a letter from Lillenthal Bros., hop dealers of New York city, wherein they offer to contract for 10,000 bales of choice 1900 hops at 12 cents delivered in the city. Hops in New York at 12 cents means for the Oregon grower not more than 9 cents for a choice article, and 6 to 8 cents for prime hops. Surely, the outlook for hopgrowers is far from being bright. Mr. Miller believes that an organization of hop growers in each county could accomplish much more than the state association will be able to do.

A most enjoyable surprise was given Vernon Derby at the home of his parents in Fairlawn Friday night, when about twenty Christian endeavors of the Christian church quietly stole up to the door and broke forth into melodious strains, "Way Down upon the Suwanee river." After being invited in and given possession of the house, the evening was pleasantly spent in playing games and an old-fashioned candy pull.

We appreciate our splendid congregation each Lord's day. Come again. You are always welcome. The subjects to be discussed next Lord's day are as follows: Morning subject, "Is So Called Orthodoxy a Safe Criterion?" Evening subject, "Sociology." The Epworth League service is always very interesting; its membership having been increased last Sunday evening by nine.

Dr. Harry Littlefield, brother of Supt. Littlefield, who returned from Manila a short time ago, where he was an army surgeon, has gone to Asheville, N. C., where he will be house surgeon at the Winyah sanitarium, and will be absent a year. He was accompanied by his sister, Mrs. W. L. Miss Maude Hembree attended the wedding from McMinnville.

O. L. Clark, who for six months has represented the Bankers' Life Insurance Association in Yamhill county, has written insurance in this county to the amount of \$100,000. During the nine months that he has occupied the field from Portland to Dallas he has written to the amount of \$240,000. This is submitted as a pretty good record, both for Mr. Clark and as an exponent of the financial status and good judgment of the future by the people.

The lecture by Dr. Blackburn Friday evening at the Baptist church, closed the series given by Baptist Young People's Union of this city. It was an excellent course, but for the most part very poorly attended, owing to various causes. Dr. Blackburn's lecture was on "Gumption," and was extremely practical. Practicalness is in fact the doctor's long suit, and in his talk gave some suggestions of reform, particularly along the line of handling criminals, and the abuses in dress, which if adopted would make the world a great deal better.

Lewis R. Alderman, principal of the Brownsville public schools, has been mentioned by the Albany Herald as a candidate for the republican nomination for county school superintendent of Linn county. A personal acquaintance with Prof. Alderman leads us to heartily commend this selection. Mr. Alderman is a graduate of the state university, was a bright student at McMinnville college, and has been a pronounced success as an instructor since his college days. He is a man of fine character and personal appearance, and possesses a degree of energy that would put snap into the public schools of any county in his native state which might show the good judgment to select him as its superintendent.

The ladies of the W. C. T. U. are making plans for properly observing "Memorial Day," Feb. 17th and 18th, in honor of Miss Willard. The state president will be here, and something more than ordinary may be expected. Place of meeting and other matters will be given later. All ladies are cordially invited to the regular meetings on each Saturday afternoon.

A. B. Apperson and Mrs. Jennie Thomas formerly of this city were married in Astoria January 31st, by Judge Brower, in the presence of a few intimate friends. They will continue to reside in Astoria, where Beverly is connected with the auditing department of the A. & C. railroad.

It is an actual fact that at Warren & Son's grocery last Saturday their delivery wagon was unable to deliver all the goods sold. When night came they had to put on an extra force to fix out their customers for Sunday. Naturally the proprietors are proud of their trade, and will do their utmost to accommodate all comers.

The writing which W. G. Magers was so busy upon a few days before his execution, has been published, and instead of being a confession of the crime, as was expected, it was a hand-to-heaven asseveration that he was innocent. He makes the point that "when a man with a previous conviction, and when once the black mark is against his name, you know that he cannot get justice, or really a fair trial. They will convict him on general principles and public sentiment." This is a well-taken point, and while it did no good in his case, it emphasizes the value of a previous good character with no uncertain sound. Good character and good behavior will retain their value as long as the world stands, notwithstanding the tendency to exalt the power of money and to dignify those who attain to positions of eminence through questionable methods. Let the young and aspiring youth remember this fact.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by Howorth & Co., druggists.
