Big, honest Will Macy came in smiling the other day and handed us a letter written by a California man to the "manager of the Yamhill County Recorder." It contained the price of a year's subscription, and was probably from a man who seeks information of a community he expects to locate in. Mr. Macy did not realize that he had any manager, and only asked credit of two bits on his subscription as commission for bringing us the dollar.

A class in "Menticulture" has been organized and holds weekly meetings at the Christian church, under direction of the pastor. The uninitiated are in the dark somewhat as to the object and purpose of this comparatively new cult. Some say it is a near relative of Christian Science, and one party, who claims to have had a glance within the covers of its text-book, says its author gives precedence to the Buddhist faith, as the religion that has produced the highest type of civilization in the present age. There is no relation, however, between Christian Science and Buddhism.

Rumor says that Thomas J. Graves is slated to succeed William Galloway as register of the land office at Oregon City. Mr. Graves resides at McCoy, Polk county, where he is engaged in farming and haying. Mr. Galloway, the present incumbent, is a resident of McMinnville, Yamhill county. Mr. Galloway's term has nearly expired and as he is a Bryan democrat, a change is inevitable. Mr. Graves was formerly of this county, and as most of his relatives reside in Yamhill, we can just as well claim him as belonging to us. He got his start here.

At the M. E. church next Sunday the pastor Henry T. Atkinson will preach morning and evening. His evening subject will be a theme of great interest viz: "The Mission of Jesus." The choir under the able direction of Mr. Gartner is reaching a high state of perfection, and the musical selections last Sunday evening were very highly spoken of. Everybody is cordially invited to attend this church, especially those who have no church home.

George Hively took his departure this morning for Salem, Ohio, where he expects to find employment in machine shops. George has been a resident of McMinnville for a long series of years, and has given faithful and efficient service to many an employer. We hope to see him prosper in his new home. The county to which he goes is the soil on which Marcus Aurelius Hanna and John J. Spencer first saw the light of day, and the latter gentleman says the state of Ohio has turned out some very mean men.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by Howorth & Co., druggists.

Attorney W. H. Parker of Medford was in the city Tuesday taking orders for a new index of Oregon laws compiled and copyrighted by him, and for which he is finding ready sale. Mr. Parker twenty-five years ago was a resident of this county, who taught school nine months out of the year and operated a threshing machine for Andy Baker the other three months. His good opinion of old Yamhill hadn't lowered one iota within this long period.
