The committee on pupils manual training will hold a meeting at Columbus school building next Monday, at 4 p. m., to discuss plans. By order of C. Grissen, chairman.  
"I was nearly dead with dyspepsia, tried doctors, visited mineral springs, and grew worse. I used Kodol Dyspepsia Cure. That cured me." It digests what you eat. Cures indigestion, sour stomach, heartburn and all forms of dyspepsia. Rogers Bros.  
At the residence of J. H. Oatman near this city, his daughter, Miss Jessie, was married to Mr. Charles S. Bell of Portland, H. T. Atkinson officiating. The happy couple left on the train last Monday for Portland, where they will make their future home. They have the good wishes of their many friends for a happy and prosperous life.  
Last Monday afternoon the residence of Granville Shadden, just east of Masonic cemetery, was destroyed by fire. Mrs. Shadden was drying clothes about the stove. She had gone upstairs, and in coming down discovered the clothes on fire. She hurriedly rescued Riley Shadden and the baby, and succeeded in saving a few bed clothes. All else within the house was consumed. The insurance was \$800, which is far short of covering the loss.  
The play of Widow McGinty Monday evening was well presented, and the patronage was good, replenishing the band treasury by several dollars. H. Oliver and Fred Thompson as leading Irishmen, and Miss Jennie Snyder as leading Irish lady, sustained their parts extremely well, and George Snyder as a dutee Datchman was distinctly himself. Miss Ethel Dorris as the unruly daughter was very much at ease in her part. Wm. Scott appeared as the dutee tragedian, Glen Henderson as darkey and Miss Grace Sutherland and Mrs. F. C. Ferguson as well dressed daughters of Mrs. McGinty. The chief merit of their work was its rapidity, and in this respect they surpassed the average work of amateurs, there being no perplexing delays from failure to match up the parts or getting on and off the stage.  
The telephone circuit of McMinnville has been greatly increased lately. The list of patrons is as follows: Atlas mills, Cook & Cable, city water works, R. E. Ekstein, E. E. Goucher, Henry & Newell, Fred Hibbs, Irvine & Vinton, First National bank, R. Jacobson & Co., N. E. Keg, W. T. Macy, residence, T. A. McCourt, saloon and residence, McMinnville National bank, McMinnville Grange store, S. A. Manning, C. P. Nelson, residence, J. H. Nelson, residence, Rogers Bros., Reynolds & Bond, H. B. Reed, residence and fence works, Sheri's office, Southern Pacific depot, F. W. Spencer, machinery, T. A. White's restaurant, Wallace & Walker, R. M. Wade & Co., H. C. Burns residence and store, Jones & Adams.  
The Sam T. Shaw Co. will be here all of next week. No dramatic company for a dozen years has won the admiration in this city that this company did last fall, and they now come with an established reputation. Not only are their performances of high order and excellently given, but every member is a model of good behavior on his volition. This is a matter of common remark, and they are such pleasant people that they make you feel as if they were old-time friends. The band is superb and liberal in its renditions upon the street. Shaw is captivating as a leading man, and is well supported throughout. The repertoire for the week is especially strong, and people in neighboring towns are coming in, on the assurance of a really good show. The bill is as follows: Monday, "Jack O' Diamonds;" Tuesday, "For Revenue Only;" Wednesday, "In Mizozora;" Thursday, "The Brand of Cain;" Friday, "Held By the Enemy;" Saturday, matinee, "Rip Van Winkle;" evening, "From Sire to Son."

J. B. Clark, Peoria, Ill., says, "Surgeons wanted to operate on me for piles, but I cured them with DeWitt's Witch Hazel Salve." It is infallible for piles and skin diseases. Beware of counterfeits. Rogers Bros.

Dr. W. Tyler Smith of Sheridan was in town on pension board duty on Wednesday. His personal friends are urging him for the new office of joint senator, and he is a very worthy gentleman for political preference.

Theatrical.  
A dollar show for thirty-five cents—that is what Sam T. Shaw is giving the public. Realizing that the public want to be amused and are willing to patronize an organization which will furnish first-class amusement at prices within the reach of all, Mr. Shaw organized what is known all over the Pacific coast as "The Shaw Company," securing therefore the best talent in the theatrical market and possessing himself of the rights to present the latest eastern successes, he proceeded to produce the same upon a scale of magnificence never before attempted by a repertoire company, and six years of continued success amply attest the wisdom of such a policy, for the Shaw company is one of the best and most favorably known organizations of its kind in the west today. The company carries an orchestra of seven pieces whose music is made a feature of each performance, also a military band which will be seen on the streets each day and will introduce itself. The Shaw company will be in McMinnville for one week commencing Monday, March 12th, opening in Clyde Fitch's drama, "Jack O' Diamonds" with a change of program nightly. Seats can be secured for any performance in advance. Prices 15, 25 and 35c.

Council Proceedings.  
The city council met in regular session Tuesday evening. All the members were present, also Mayor Maloney, Recorder Hembree, Marshal Neal and Superintendent Slinger. The minutes of the last meeting were read and after being corrected were approved. Councilman Jones made some suggestions about the minutes, but his suggestions were not incorporated in the corrections. Forty minutes were taken up with this order of business. The city treasurer was authorized to transfer \$350 from the general fund to the water and light fund. A bill of R. Jacobson & Co. for rebate on tax amounting to \$32.72 was disallowed. Councilman Wright moved to grant the Oregon Telephone company the right to attach wires to the city light poles. The motion was lost, not receiving an affirmative vote. Saloon licenses were granted to Willis & Feely, and Joe DuBois for six months. The various officers reported and a number of bills were allowed.

## MORE FACTS FOR X. Y. Z.

EDITOR REPORTER: In the last issue of your paper, in your remarks in reference to the X. Y. Z. article of the Telephone-Register of some two weeks ago, among other things you seem to think that an answer by the county court would be in order. While I do not altogether agree with you in that conclusion, as I believe charge made through the columns of an opposing political paper and over no person's signature are hardly worthy of notice, yet as one of the members of the county court I shall briefly notice that portion of X. Y. Z.'s statement that refers directly to the county court. That portion of the article in which it seems to be the intention of X. Y. Z. to have his readers believe that the county court is dominated by a boss is too ridiculous to require comments. It is the weak cry of a discouraged partisan, made in the absence of anything better to say and in the vain hope of making trouble in the camp of his opponents. Speaking for myself, I will say I have had no boss, political or otherwise, since I received my discharge from the service of the United States thirty-four years ago. X. Y. Z. says further that the county court is very extravagant, and he draws further on his fertile imagination and charges corruption.

First, he says in effect, we are paying the present janitor \$30 per month for the same service that the former janitor rendered for \$20 per month. This certainly would be an indictment, if true. X. Y. Z., whoever you are, you know when you make this statement that you are circulating a willful, contemptible falsehood, and you are doing it with the evil intention of smirching someone's character just simply to advance your own despicable schemes. The facts are that the present janitor is doing more than double the amount of work for the \$30 per month than was done before for \$20 per month. And when I say this I am not reflecting on the services of the former janitor. He did the work that he was hired to do, faithfully, as I am well aware. The present court acting upon the recommendations made in the report of the grand jury at the October term of circuit court for the year 1898, wherein they recommended certain improvements in the court house and care of the grounds, had the city water put in on the north half of the grounds, so that there is now just double the size of lawn to care for than formerly. We also require the janitor to wash the windows frequently, to clean and care for the offices and court rooms as well as the halls, and many other duties which employ his time frequently as much as 12 hours a day. Now these statements are not simply bald assertions of mine; they are known to be true by all the officers about the court house and many other citizens who in their business are frequently there, and have an opportunity to see what is being done. As to the charge that the court is not only extravagant but corrupt in this, that in the management of the business of caring for the poor they allow merchants to run in old store bills that they are unable to collect, and that the doctors rush through old doctor bills that they cannot otherwise get in, and the court allows these claims, and the public treasury is thereby robbed, this is a serious charge indeed, and if it was made over the signature of a responsible man might be treated as slander, but being over the name of a cowardly sneak, it does not cut much ice. However, I will just say here that the charges are as false as false can be, as can be easily verified by the records of this county. This court has paid no old store bills, neither has it paid any doctor bills except for county poor under its care. It is true that the expenditures for the support of the indigent have increased, and will no doubt slowly increase in the future. There are good reasons for this, that honest men of ordinary intelligence can easily see. One of them is the natural increase of this class of persons as the country grows older and more thickly inhabited. Another reason, and a special one, is this, the increased cost of the necessities of life in the last two years has rendered it impossible to get these people taken care of as cheaply as before. For example, we now have to pay ninety cents per day for the care of hospital patients (of whom we have had not a few) where two years ago we could get the same service for sixty cents per day. This is just one item to show the reason for increased expenditures in this direction. I have made this article longer than I intended, and I believe I have stated the facts clearly enough so that any honest man can see that the article of X. Y. Z. is simply a malicious desire to injure the members of the county court for no other reason than that the majority of them are of a different political faith from himself. R. P. BIRD.
