Sheriff Henderson has issued 117 bicycle receipts for this year. About an equal number have been issued by outside collectors.
Dr. W. H. Vose, late of Humphrey, Neb., has located in the city, and occupies the McKinney residence. His office is being fitted up over the Chicago store. See his card in this paper.
The one mishap at the electric plant during the time of installing the new machinery occurred this week, when Harvey Bogue had a wire nail forced through one of his fingers.
The republican primaries will be held in the four city precincts Saturday, at 2 p. m., as follows: Baker Creek, at Jones & Adams' carpenter shop; Fairlawn, in the old McMinnville hotel; North McMinnville, at the court house; South McMinnville, at the opera house.
A new street clock with advertising face has been placed between L. E. Walker's and M. E. Hendrick's grocery stores, by Joe Fellner. At first it had a tendency to strike after the manner of a snare drum, but it is gradually getting regular in its habits, and can be heard over a block distant.
There is at present a slight falling off in the prices of sheep and wool due, says the Crook County Journal, probably, to speculative manipulations of the market. The prices which were offered 2 or 3 months ago by buyers wishing to contract for this season's clip were made only with a full knowledge of existing and prospective supplies of wool, and growers should not be alarmed at the present shading in prices.
Russell & Co., the enterprising machinery dealers, with headquarters for the Pacific coast at Portland, Oregon, believe in advertising the goods they have for sale. Their advertisement will be found from time to time in this paper, and we ask that our friends in writing them, state where they saw their name. Their business the past few years has increased wonderfully, and they anticipate receiving their full share of this year's orders. They build good machinery and look after the wants of their customers.
Uncle James Baxter has 90 years of age on Thursday, April 5. Apparently he is good for several more years of life. He divides his time between his children, sometimes making his home with children at Portland, and at other times with his son S. R. Baxter of Dayton. He has been here several weeks, and almost every day is to be seen on the street, passing to and fro visiting his many friends. He is firm and erect, and is more active than many men much younger. Mr. Baxter removed from Madison, Indiana, to Oregon at an early day.—Dayton Herald.
There is difficulty to locate some people in politics this year, as usual. For instance, J. C. Cooper was last week enrolled as a democratic delegate from South McMinnville precinct. At the populist convention in this county he was made a member of the fusion advisory committee and sent as a delegate to the state convention. At Portland he was chosen by the state central committee of the so-called "silver republicans" to go to Kansas City and whoop it up for Bryan. Which party does he belong to? There is, in fact, no such thing as a silver republican, and if we were a populist or a democrat we would demand that Mr. Cooper renounce all things republican before he could train with us. We would suggest as a cartoon for Mr. Cooper's "Campaign" an attempt to locate the true political affiliation of the editor. Admiral Dewey might be worked into the picture also. The job would certainly keep the artist busy.

G. S. Wright, dentist.
F. W. Spencer has sold over one hundred bicycles this season.
Otto Shafer of Portland is the new cigar maker at Wiesner & Ekstein's.

F. H. Barnhart was down to Portland on Monday, securing further equipment for his Sheridan Sun plant. He is making a very creditable paper.
Marion Palmer and Miss Eva Fletcher daughter of W. H. Fletcher, were married by Justice Snyder at Guy Sully's residence east of this city on Tuesday, April 17th. They will reside near Eugene.
A brilliant meteor was observed in the southern sky by some local residents on the evening of the 16th, and they describe it as surpassing anything of the kind they ever saw. It was generally noted at Ashland.
We regret to report that McMinnville's excellent citizen and young attorney, Martin Rhodes, has suffered a relapse since last week, and is very ill from a solidified lung, the result of pneumonia. His friends are all sincerely hoping for his recovery.
We understand that owing to the expense of entertaining the state band tournament, the same will not be here in June, but will go to Salem, who agrees to put up. We can't have everything, and it is very possible to have too much drawing on the beneficence of a community. At least this is a comfortable view to take at this time.
Those large rolls of grass matting in the window at Estes' furniture store indicate something new in the line of matting and rugs. Grass matting is said to wear well, and is sold at a very low price. Estes also has a full line of Chinese matting, in different patterns.
J. R. Derby and L. P. Pond, two aged men who are neighbors west of town and who have been commiserating each other in severe illness for several weeks, are both much improved, Mr. Pond having been over to town this week, and Mr. Derby is able to be up and around his house.
All the new spring goods at the Grange store will be sold at removal sale price.
The officers of the Grand Court of Foresters instituted a court at Independence on Wednesday, April 4th, under very favorable auspices, initiating 49 members. The order is progressing quite rapidly in southern Oregon. Since January 1st there have been established courts in Albany, Corvallis, Shedd, Medford and Ashland, making an addition of 600 members to the membership of Oregon. There may be an effort made to organize a court in McMinnville.
The Reporter has made up a guess on the coming ticket of the democrats in this county, and believes it will prove reasonably correct, with the exception of representatives, which is a matter of considerable doubt. It would not be surprising if Capts. Maloney and Heath were named for these places. Otherwise, as follows: Sheriff, Ward Sitton; treasurer, D. M. Caldwell; clerk, H. C. Gist; recorder, Wm. Scott; assessor, E. H. Mosier; coroner, Dr. J. D. Baker; commissioner, D. I. Pierce. This concedes two offices to the populists. Of course if fusion should not be effected, these two will probably be endorsed. Local democrats predict that fusion is no go this year, but we have wagered peanuts that it is.
The third quarterly conference of the McMinnville M. E. church will be held at McCabe next Saturday at 4 in the afternoon. All members of this conference are urged to be present on this occasion, and to have reports ready. Rev. J. W. Williams of Amity will act as presiding elder in the absence of Rev. D. A. Waters, who has gone east to attend the general conference session of the M. E. church which meets in May. On Sunday morning Mr. Williams will preach in the M. E. church, and also in the evening at 8, at which time the sacrament of the Lord's supper will be administered, this service being held at McCabe at 3 p. m. Sunday afternoon. Everybody is cordially invited to attend.

W. M. Wardle has a daughter ill of pneumonia.
Miss Ella Hendrick is a new clerk at the Grange store.
Mrs. W. J. Stroug of Carlton visited friends in this city yesterday.
The 2-year-old daughter of Mayor Maloney is very ill with pneumonia.
It is understood that the city councilmen are liable to get together in this way: One faction will submit a name for one vacancy and the other faction for the other vacancy, each faction agreeing to vote for the choice of the other. It is hoped they will do this for the good of the city.
The first grove picnic, of the season, known as the "True Steel," occurred on Saturday before Easter at the farm of Knight Olds, which is reported as a happy party. The following persons under the chaperonage of Miss Grover were present: Misses Kathleen Bird, Florence Dielschneider, Pearl Grover, Matty and Mollie Patty, Ambia Daniels, Eva Hall, Bessie Pugh, Freda Latourette, Messrs. George Adams, Arthur Lambert, Dell Warren, and George McCutcheon.
The Barlow Minstrel troupe played to a rather small house Monday evening, probably owing to the high price of admission. The company is a really worthy one. The solo and chorus singing was superb, and the display of costumes was more gorgeous than is often seen here. Their end men had a lot of new jokes, which created much laughter. Their club swinging artist was an adept, who has attained the highest state of perfection in his specialty. The band made the most attractive street parade seen in many a day, and played thorough "ragtime" music, every fellow playing without manuscript, which is a performance rarely seen.
Diversified Farming Does Pay!
There is no doubt but that the farmers of Yamhill county now realize that raising cattle, sheep, goats, hogs and chickens pays. The St. Charles store appreciates this most beneficial change and is now enlarging for the increasing trade in consequence. May 1st our large store will be completed, when our splendid stock can be displayed to better advantage, and will be central for ladies from the country to get a chair while waiting. Notice is called to the planked place on B street for tying horses. Everyone welcome to visit this splendid trade depot. You'll be given polite attention.
N. E. KEGG, Prop.
W. C. T. U. Notes.
A very interesting bible lesson was conducted by Mrs. E. A. Cook, subject, "The Resurrection," at the last regular meeting of the W. C. T. U. It was prepared especially for the Easter services. These meetings from week to week for prayer, bible study and making plans for effective work, are very beneficial, and all women are very cordially welcomed. The subject for today, (Friday) is "Child Culture." Ladies come to the M. E. church, lecture room, south door, at 2:30 o'clock, Friday.
The money circulation of the country, which was \$1,509,725,200 on July 1, 1896, had increased to \$2,002,931,791 on March 1, 1900. This was a gain of nearly five hundred million dollars in three years and a half. Of this increase \$295,150,584 was in gold coin and gold certificates. During the same length of time, what could the free silverites have done if they had secured control of the government? According to their own theories, they would have had a large number of "50-cent dollars to pay debts with."
GEORGE A. STEEL, chairman of the republican state central committee, pursuant to authority given him on the 12th inst., to select a secretary, has appointed Willis S. Duniway secretary and Major J. P. Kennedy assistant secretary of the committee. Graham Glass, who has acted as secretary of the committee for the past two years, will give his attention largely to the local campaign in Multnomah county, being a member of the city and county central committee.
