Bradshaw, one of Wasco county's most prominent men, survives her, as do also one minor son, her father, Dr. H. R. Littlefield, and three brothers, Drs H. J. and H. A. and Prof. Edwin V. Littlefield. Large circles of friends in The Dalles and Portland, and in Yamhill county, deplore her death. Mrs. Bradshaw was born in Chicago, but had lived in Oregon since early girlhood. She was in her 34th year when she died. The funeral was held at The Dalles on Friday, and was attended by the two brothers from this county.
Prune growers are feeling very anxious about the condition of the prospective crop owing to damage from frost and continued unfavorable weather. It will be some days yet however before the fate of the crop can be accurately figured on. Just as the Graphic goes to press Jesse Edwards telephones up from Portland that all the preliminaries have been arranged in a satisfactory manner with the attorney for the beet sugar company, and that the blank contracts for acreage will be printed at once and put into the hands of the directors of the Newberg Development Company. As soon as this is done solicitors will be appointed and the ball will begin to roll. The beet sugar factory is assured if we do our part. Now is the time to strike.—Newberg Graphic.
Just previous to the departure of Dr. E. E. Goucher the school board of this city held a meeting on Tuesday evening and selected a corps of teachers for the ensuing year, with the exception of principal. All former teachers were re-employed except Prof. Scott and Mrs. Marguerite McPhillips. The two new teachers chosen were Prof. Peery, principal of the Moro public school, and Miss Dutha Daniels. The principal is likely to be chosen in a short time. It is understood that Prof. Reynolds desires not to be considered a candidate, and his successor will be some outside man. Prof. B. O. Snuffer of Amity is an applicant, and has a number of warm adherents who are pressing his candidacy, but like all good men, he has enemies, who are also busy. It looks as if the selection will be made from outside the county. The Reporter hopes personal enmities in this matter will not redound to the damage of the schools.

W. M. Ramsey, the nominee of the democratic convention for justice of the supreme court, has declined the nomination. He forwarded his declination to Chairman Sheridan, on the 16 inst. The judge was not a candidate for this or any other office, was not at the convention, and was nominated without his knowledge or consent.
For ideal harmony and true devotion to party, we commend our democratic and populist friends to Tuesday's republican convention. All the other defeated candidates are still in the harness, and are going to pull like old draft horses. They all made friends by their remarks in the convention.
It is a rare treat which the people of McMinnville and vicinity will be given at the opera house, May 2d. Never before has such a man as "Bob" Taylor of Tennessee made a tour of the western coast. An editorial in the New York World says of him: "Whether with mouth or fiddle, Ex-Gov. Robert L. Taylor, of Tennessee, is easily one of the most accomplished performers of the world." The Chattanooga Times says of him: "Bob Taylor is more than a genius in his way, and today stands alone as the great portrayer, upon the lecture platform, of the beauties of nature, and delineator of the humbler character. His is a heart of melody and a tongue of gold." Tickets for sale at usual price.

Among the latest invoice in his line will be found some very fine buggy robes and fancy bridles. His riding and buggy whips are good persuaders.
John Coffey was taken suddenly insane yesterday morning at his lodging room in the residence of Mr. Miller on B street. His insanity takes the form of melancholia, and is said to have been working on him for some time. He is a carpenter by trade, and is a bachelor aged 48 years. He was violent when taken, and was demolishing furniture in his room, throwing it out of the window. He was adjudged insane and taken to Salem yesterday.
Hon. H. V. Gates, department commander of the G. A. R., has asked the various posts of the state to pass what we regard as a very sensible resolution. It reads:
"Resolved, That the council of administration of the department of Oregon, G. A. R., respectfully request all civic and fraternal organizations in this state to give, unmolesated, to the Grand Army of the Republic, May 30th, as Memorial day, and that the press of the state be requested to aid in keeping sacred this day, devoted to the nation's honored dead."
It is sensible, because in Oregon the tendency has long been too great to make hilarious those days which are dedicated to the most sacred purposes. Mr. Gates shows a level head in this proposition.
