Let Us Be Your Watchman

To some extent the impression prevails that almost anybody can "fix a watch," and many only learn by costly experience that it is not so. The tinker, the natural born mechanic, the genius who can "fix anything," finds himself at sea when he tackles a fine watch, for the adjustment to positions and isochronism requires something besides mechanical skill. There is no minute detail with which we are not familiar in the mechanical and mathematical adjustment of a time-piece.

COULD NOT SURVIVE.

The Hemorrhage of Last Week Too Great a Shock, and Caused the Death of Mr. Barnhart.

The announcement of the sudden and severe illness of Mr. Barnhart of the Sheridan Sun was made in The Reporter last week. Death came to the relief of this brave and good man on last Sunday morning, shortly after 9 o'clock.

Francis Henry Barnhart was born April 18th, 1849, in Chautauqua county, N. Y., on the banks of that beautiful lake of the same name, which has since become nationally familiar as the yearly meeting place of that great body of students known as the "Chautauqua Literary and Scientific Circle." The love for the beauties of nature instilled in his youthful mind at this place, remained with him through life. While yet in boyhood he went to Iowa on his own resources, and at Muscatine learned the

printer's trade. He next went to Marshalltown, and published a daily paper in partnership with his uncles, now of the famous type foundry company of Barnhart Bros. & Spindler of Chicago. After being employed for a time on the St. Louis Daily Republic, the pioneer spirit led Mr. Barnhart to go west, and he located at Lincoln, Kan., and established a weekly newspaper. He soon saw a better field awaiting him in a bordering county, and in 1874 removed to Osborne county, Kansas, and established the Osborne County Farmer. This he caused to grow into a prosperous and influential business, and the paper still maintains a high standing upon the sure foundation laid by him.

In 1870 he married Miss Marilla Jameson of Redfield, Iowa, who departed this life in 1874. On June 11th, 1878, he married Miss Emma F. Eckman, who is now left his widow.

With his family he came to Oregon in February, 1890, and purchased the Yamhill County Reporter, which he published nine years, selling to Mr. Asbury, the present owner, February 1st, 1899.

He became a member of the Christian church of McMinnville in April, 1894, and remained such until his death.

On March 21st of this year he purchased the Sheridan Sun, and encouraged by his improvement in health, was conducting it with consummate ability. This he leaves to his son Ray, who had been taken into partnership.

Wednesday of last week a severe hemorrhage, presumed to have been due to an abscess, came upon him while at his desk, without apparent cause, and proved to be the beginning of the end. Notwithstanding this, he was up and about the following day, and on Friday came home by team. Saturday evening before his death he occupied his chair for a time. To the end his mind was perfectly clear, and five minutes before his death he recognized his friend Mr. Campbell, and shook him by the hand. He was preeminently a lover of home, and nothing that his strength or means could procure for the comfort and pleasure of his family was too good.

The loftiness of character displayed in the patient endurance of years of ill health, and the kind and helpful hand extended to all his friends as opportunity offered, constitute an example well worthy of emulation, as well as a legacy of pleasant memories.

His family is commended to the grace and love of the God of all good, in whom he so much confided. The proof of his trust was never more strongly or clearly emphasized than in a statement made the day before his death, when he said: "I am not following a blind faith. I know that my life is inseparably joined to the great life of the universe, and whether or not I shall be able to overcome this 'error' (referring to his sickness) I know that I shall live on forever. God is good, and all will be well."

Elder Lindsey paid a glowing tribute to the character of deceased, and a quartet choir from the Christian church sang

sweet and helpful music at the service on Monday at the residence.

For his family and myself I wish to say from a heart warm with gratitude, that there comes never another time in the life of any of us when the kindly offices of friends are so strongly felt, or our inability to repay so surely made apparent. The presence at the service of the splendid body of friends from both McMinnville and Sheridan attested the esteem in which Mr. Barnhart was held, and as surely impressed his family with their noble love and sympathy.

J. G. ECKMAN.

For Joint Representative.

The following published in recent issue of the Tillamook Herald, attests the popularity of our candidate Mr. Eddy, in his home county: "The republican candidate for joint representative, Mr. B. L. Eddy, is one of the brightest men in the state. He is, comparatively, a young man, but has had a successful career in his chosen profession, and is one of the 'rising' kind. He began at the bottom and is now the leading attorney of the county, has served the city of Tillamook two full terms as mayor, to the complete satisfaction of its citizens, and with much honor and credit to himself. He is now serving his fourth year on the school board, is deputy district attorney for this county and is a citizen of whom any community might well be proud. An article of this kind is worth but little to Mr. Eddy in this community; and is only written to show the esteem in which he is held by those who know him best as he also has to make the race in Yamhill county where his acquaintance is more circumscribed. He will not only poll his party vote in Tillamook but there are many of the opposite faith who will cheerfully vote for and support him knowing that he will faithfully discharge the duties devolving upon him as a member of the law making assembly of the state as he has every other public duty which he has ever undertaken."

An Epidemic of Whooping Cough.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E. Clifford, proprietor Norwood House, Norwood, N. Y. This remedy is for sale by S. Howorth & Co., druggists.

J. W. HENRY.

Died.

Mrs. Sophrona Rowland, wife of Green L. Rowland, died at her home near Carlton, Or., May 10th, 1900, of paralysis. She was born in Indiana Nov. 25th, 1835, and crossed the plains to Oregon in 1852. In 1853 she married Green L. Rowland, and lived on the old donation claim from that time until her death.

In this union five children were born to them, three of whom are still living, viz: Mrs. Nancy Hatch, Mrs. Martha O. York and James F. Rowland. She united with the Christian church in 1857, and was a devoted and faithful member until her death. "Blessed are the dead who die in the Lord, for their works do follow them," and this can truly be said of Mrs. Rowland.

Republican Speaking.

B. L. Eddy, republican candidate for joint representative for Yamhill and Tillamook counties, will address the citizens of Sheridan Monday, May 28th, at 8 p. m., at Amity, Tuesday, May 29th, at Lafayette, Thursday, May 31st, and at North Yamhill, Friday, June 1st, at 2 p. m., upon the pending political issues. Voters of all parties are cordially invited to turn out and hear him.

By order of the central committee.

Vote For the Old Soldier.

J. Lewis Hoskins the republican nominee for county recorder, is an old soldier and served his country in time of peril. He enlisted when he was a few days less than 17 years of age as a private in the 13th Ohio cavalry in the spring of 1863. He served over two years in the army of the Potomac under McClellan and General Phil Sheridan, with whom he was personally acquainted, He was in the battles of the Wilderness, Fredericksburg, Cold Harbor, the siege of Richmond and many others, and witnessed the surrender of General Lee at Appomattox. He is a member of the G. A. R., and lost his health in the service of his country. He is competent in every respect to fill with credit the office to which he aspires. Vote for the old soldier.

The Progress of the Yamhill Locks.

D. B. Ogden, assistant United States engineer, has returned from a trip to inspect the Yamhill locks at Lafayette. The water has reached a fairly low stage, and if it keeps on falling active operations to complete the locks will be begun by the end of the month. The contractors have already begun preliminary work. They are getting out brush and piling, and intend to lose no time in getting to work. There is every hope that the locks will be completed by the end of the present season, when boats may begin making regular trips to McMinnville and way points. Mr. Ogden states that the locks came through the winter in fine shape, and were not damaged at all. The bank of the river opposite the locks caved in, which will make it necessary to make the dam a little longer. Otherwise there is no apparent damage, despite the fact that it was a most severe winter, there being many freshets, which carried down a large amount of drift. There was also a log drive, and the logs got jammed at the head of the locks, but they did no harm. Messrs. Normile, Fastabend & McGregor, the contractors, state that they have lost enough money on the contract, and do not intend to let it rest over another season.

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I was taken very badly with flux and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease.—J. W. Lynch, Dorr, W. Va. This remedy is sold by S. Howorth & Co., druggists.
