HOT ON AGUINALDO'S TRAIL

Filipino Leader or His Adjutant Was Shot.

COMPANIONS TOOK HIM AWAY

Richly Caparisoned Horse Was Left, With Saddle-Bags Containing Insur gent's Diary and Papers.

Viagn, Luzon, via Manila, June 5 .-Major March, with his detachment of the Thirty-third regiment, overtook what is believed to have been Aguinaldo's party on May 19, at Lagat, about 100 miles northeast of Vigan. The Americans killed or wounded an officer, supposed to be Aguinaldo, whose body was removed by his fol-

Aguinaldo had 100 men, Major March 125, the American commander reaching La Boagan, where Aguinaldo nad made his headquarters since Murch on May 7. Aguinaldo had fled seven hours before leaving all the beaten trails and traveling through the forest along the beds of streams. Toward evening, May 19, Major March struck Aguinaldo's outpost about a mile outside of Lagat, killing four Filipinos and capturing two. From the latter he learned that Aguinaldo had camped there for the night, exhausted and half starved.

Major March's men entered Lagat on the run. They saw the insurgents scattering into the bushes or over the plateau. A thousand yards beyond the town, on the mountain side, the figures of 25 Filipinos dressed in white with their leader on a gray horse were silhouetted against the sunset. The officer drop from his horse. His followers fled, carrying the body. The Americans, on reaching the spot, caught the horse, which was richly saddled. Blood from a badly wounded man was on the animal and on the Four Farmers Killed and Seven Serground. The saddle bags contained Aguinaldo's diary and some private of these was addressed: "To the Civilized Nations." It protested against the American occupation of the Philippines. There was also found copies of Senator Beveridge's speech, translated into Spanish and entitled: "The Death

Knell of the Filipino People." Major March, believing that the Filipinos had taken to a river which is two days, reaching Tiao, where he learned that a party of Filipinos had descended the river May 20 on a raft with the body of a dead or wounded man upon a litter, covered with palm leaves. There Major March reviewed his command, shoeless and exhausted, and picked out 24 of the freshest men, with whom he beat the surrounding country for six days longer, but without finding any trace of the insurgents. The Americans pushed on, and arrived at Aparri, May 29.

The officer shot was either Aguinaldo or his adjutant, and as the horse was Union Pacific railway, is dead at St. | richly caparisoned, it is fair presumption that it was Aguinaldo.

Chiness of San Fyancisco State The Grievances in Detail.

San Francisco, June 2 - Referring to quarantining of Chinatown, the attorneys for the Chinese Six Companies have made the following statement:

"We shall do nothing precipitantly in the way of litigation, and therefore we do not contemplate making an application to the courts at this time for any order to modify or hinder the operations of the board of health.

"A cause of considerable uneasiness among the inhabitants of Chinatown is the lack of quarantine regulations thus far observed within the quarantined district. The general quarantine order keeps 20,000 people within a prescribed district, and that a compara tively samll district. In this district it is not claimed that there are or ever have been more than nine or ten cases. The contention made by the people who are subject to the quarantine is that if of the supreme court, and Bailey is reit is necessary to quarantine this numerously populated district, it is the duty of the board of health to go further and quarantine or isolate the houses and persons who are said to be in-

Seattle, June 4.-Reports from Ketchikan, Alaska, brought here by Portland men, tell of a new gold camp that has sprung up near Ketchikan, at a place called Port Johnson, but hereafter to be known as Dolomite, where a postoffice has been established by the United States. The place takes its name from the dolomite formation that abounds and some rich veins of free milling quartz have been discovered.

Discovered by Portland Men. The first discoveries at Dolomite are

claimed by Portland men, and the first mine ready to ship ore is owned by Portlanders, J. B. Capp, A. B. Eardley, W. F. Schedd and others, who are proud of their Valparaiso group. From tide water to the mine, about one mile, a road is being built. The ledge of this property is about seven feet wide, runs east and west and some assays show upwards of 133 ounces of gold and 58 ounces of silver to the ton. Ore shipments will beign in about one

Other Good Properties.

Another mine near Dolomite is the Golden Fleece, and the 100-foot tunnel run into the ledge has produced good results. Dunn & Company, owners of this mine, are building a tramway from the town out to the mine, and will also run another tunnel 300 feet below the first, cutting the ledge.

On the beauty group a 40-foot shaft has been sunk on the vein. The owners, J. A. Preston and O. C. Clemens, have brought some hoisting and pumping machinery from Seattle for this mine and will sink another shaft and cross-cut the ledge.

Bonded Three Claims. Three claims in the Dolomite camp, not far from the Golden Fleece, have been bonded by Judge Munley, of Portland, for \$30,000, and development work will be pushed at once by R. L.

Dunn. Judge Munley's personal repre-

sentative on the ground is Major Freeman, of Portland. This new mining settlement, now known as Dolomite, is situated on the east shore of Prince of Wales island, 28 miles south of Ketchikan, Alaska, and is thought to be in a rich mineral

The town is growing and seems to be satisfied with the prospects for the future. The Nome rush has not affected this camp and as mining goes on the year round, thereis reasonable permanency to the business interests. Numerous canneries are operated in the neighborhood every summer, having a fair run of fish for the two months of the busy season, 30 precincts in this county indicate July and August.

GALICE CREEK DISTRICT .-Reeves & Williams, who own the Cold Spring copper mine, in the Galice-Creek district, are pushing development work on their property. A large amount of ore is on the dump which assays well, both in gold and copper, says the Medford, Ore., Mail. The ledge is clear cut, well defined, has perfect walls, and there is indication that it will prove to be a permanent
