Corrigan was ill, and left by the train. inside of five minutes the yacht sank. provinces of Luzon they are to be re-All the women, except Mrs. John Cor- ceived well and with enthusiasm. rigan and Mi-s Etta Corrigan, were in clung to a cork sofa when the gale other words, get all you can out of the came, and was saved. When rescued,

'It was about 2:05 when the squall through the deadlights and companionways, and in three minutes she sank. Mrs. James Corrigan, Miss Ida Corrigan, Miss Jane Corrigan, Mrs. Charles Reilly were all in the saloon below Holmes gave me orders to take in sail, and I transmitted the order to the men. They obeyed quickly. The captain, myself and the crew made efforts to save the women, but without success. We told them the yacht was sinking, but they could not or would not come on deck. I waded into the saloon great weight with them. when the water was up to my neck, but Mrs. James Corrigan would not come out. She may have been rendered incapable of action by fear and knowledge of the impending doom. An effort was made to take the infant daughter of Mrs. Reilly out, but Mrs. Reilly would not let the child go.

"It was realized that nothing could attention was turned to saving those on deck. The latter, outside of the captain, mate and crew, were Mrs. John people from any responsibility in the Corrigan and her daughter, Miss Etta Corrigan. The captain and the crew tried to get Mrs. Corrigan and her daughter up on the cross-trees in the rigging, but the heavy sea washed them all overboard.

"For God's sake, Mrs. Corrigan, you and your daughter keep a tight hold on the rigging," we called to them. "Even as we yelled the sea swept them and us overboard. Fortunately, Mrs. Corrigan had succeeded in taking hold of a cork lounge. She clung to it and was saved."

sailors, the topsail, mainsail and jib were all set when the storm came up. This is denied by Biggam, who declares that they were in good condition to face the storm. Captain James Corrigan declared tonight that good seamanship could have averted the tragedy. He is almost frenzied with The Idler was a staunch schooner vacht, which Captain Corrigan recently purchased from John Cudahy, of Chicago. The survivors of the wreck were picked up by tugs a few minutes after the accident and brought into this port.

Pittsburg Fireman Died.

Pittsburg, July 10 .- Stewart Burns, of Engine Company No. 4, who was taken out of the wrecked Evans building last night, died at an early hour this morning, making the list of dead number five. Captain Dan Campbell, also of No. 4, who was thought last night to have suffered the least injury of any of those buried, is tonight in a very critical condition, suffering inhis chances of recovery very slight. The other injured men are getting along nicely. All of the wounded men unite in saying that their rescue was little short of miraculous. None expected to be taken out alive.

No Bodies Yet Recovered.

Cleveland, O., July 10 .- None of the covered. On account of the high sea marderer was taken into custody. still ranning, divers were unable to do anything towards recovering the bodies today. Another attempt will be made tomorrow.

Seattle, Wash., July 5 .- A \$50,000 fire caused by a skyrocket in the hands of a careless boy last night burned a business block occupied by Holden & Wilson, Randolph Gross and Rhodes Bros., on Second avenue. The build ing and most of the contents is a total loss. All are believed to be fully insured.

The Ashantee War.

London, July 9 .- The colonial office has received a dispatch from Govrenor Hodgson, of the Gold Coast colony, saving that owing to the non-arrival of the relief column at Atekwante, June 26, and the reduction of the food suprebels and had deceived the enemy regarding the routs followed. The colloss was only six men killed and several wounded.

WORD TO THE FILIPINOS:

Proclamation Circulated Bearing the

Manila, July 4 .- Two rebel docuis an alleged proclamation from Aguinaldo concerning the coming civil commission. The proclamation warns the Filipino people to beware of the commission and its promises of future bene fits, and begs them never to give up their arms in the vain hope of thereby enjoying ultimate freedom and happiness. The proclamation states that the commisson is appointed by President McKinley, and not by the American congress; that it has not authority attened the peace commission of last year, which Aguinaldo describes are passenger aboard who was saved. C. farcical and ridiculous. He dwells at considerable length upon statements to He then goes on to say that if the com-At 2 o'clock the storm came up, and missioners visit the smaller towns and

commission, but put no faith in them. The proclamation ends with cries for Filipino liberty and independence, struck us. The yacht laid down on her is signed by Aguinaldo, and dated May beam ends, and the water rushed 4, on the island of Polillo, which is situated on the east coast of Luzon. This is the first time an alleged proclamation from Aguinaldo has tound its way into Manila for over six months. Reilly and the infant daughter of Mrs. and many people declare it is a forgery and emanates from the Filipino junta when the storm came on us. Captain at Hong Kong. No proof has been obtained to sustain this theory, and there is just as much reason to believe the document is legitimate as to claim that it is spurious. As far as its effect and influence over the Filipino people are concerned, it is sufficient that it be signed by Aguinaldo's name to carry

The proclamation is very similar in purport to one circulated here about 10 days ago, printed in Spanish and sent over to Manila from Hong Kong by the junta. These proclamations were concealed in the soles of shipments of shoes, and were very generally circulated throughout the city. The other insurgent communication referred to is be done to save those in the cabin, and a long letter from General Triao to the foreign consuls in Manila, in which he attempted to vindicate the Filipino recent massacres of Spanish prisoners in the Camarines provinces.

> MURDER OF VON KETTELER. Germany Will Avenge the Death of the Minister.

Berlin, July 4 .- From well-authenticated sources the representative of the press is able to state that today, after the detailed statement by Count nearly at an end when death interfered, von Bulow, secretary of state for foreign affairs, regarding the Chinese situation, Emperor William made up his and mangled, the unfortunates were staked. mind to insist upon full satisfaction for the death of Baron von Ketteler, car, and kind hands ministered to for which purpose he resolved to send altogether armed forces approximately as large as those of the other powers chiefly interested in restoring order in China. The precise size of the forces has not yet been determined, but it is expected they will amount to a score of thousands. A considerable portion of the German fleet will be sent also. This is evidenced by the orders issued tonight to prepare five new battleships for sailing. It is understood that Prince Henry of Prussia has requested the emperor to give him command of this division, but it is doubtful if his majesty will agree to this.

The Chinese legation here is still smilingly snug. Minister Lu Hai Houn told a representative of the press that he was extremely sorry for the bloody events in Pekin, but he felt sure that the dowager empress was guiltless. From an interesting chat with him, the point seems worth recording that the minister took it for granted that the powers will subdue the revolt ternally. The physicians considered in China and then arrange a new govarnment.

Smallpox at Nome.

Seattle, July 4 .- The steamer Tacona arrived from Nome at 2 o'clock this afternoon with nine passengers. Her officers report the steamer Charles Nelson added to the quarantined fleet at Egg island with smallpox on board. bodies of the six persons drowned by The number of cases is unknown. They the capsiizing of Captain James Corri- also report the murder of Frank Luth gan's yacht, the Idler, 15 miles off ener by Bruce Kinwright, June 20. this port yesterday, have yet been re- The attack was unprovoked, and the

Memorial to the Czar.

Helsingfors, Finland, July 4 .- The Finish senate has addressed a memorial to the czar, declaring its inability to promulgate the imperial rescript regarding the introduction of the Russian language in Finland, the limitation of the right of public meeting, and the granting of the right of Russians to carry on certain trades prohibited to Fins.

Labor Troubles in Alabams Birmingham, Ala., July 4 .- All the union miners in Alabama, about 10,-000 in number, suspended work today pending the settlement of the wage dispute between them and the operators. The old wage contract expired yesterday and the miners demand a raise ply he had decided to push through the and other concessions. The operators refuse this demand.

When some people lose their posiumn suffered great privations, but the tions they look around for sympathy instead of a new job.

CAR'S WILD LEAP.

Carried 36 to Douth-Three Score Oth-

ers Injured, Many Fataily. Tacoma, July 5 .- Nearly 100 people, passengers on a car bound for this city. were plunged down a gulch at Twentysixth and C streets, shortly after 8 o'clock yesterday morning. Those who were standing on the platform dropped off only to be crushed and wounded by the heavy body of the coach, while others inside were killed and maimed before they knew what had happened. The car jumped the track and was smashed to kindling wood in the bottom of the chasm over 100 feet below. The dead will number nearly three score, for there are many of the injured who will never recover and who are expected to die at any moment and there are at least 60 of the passengers of the car now in the various hospitals and under the care of their own physi-

The car which carried its human freight into a deep ravine instead of to the city was No. 116, of the United Traction Company's cars, and was on the Edison line. It left Edison at about 8 o'clock, in charge of F. L. Boehn, motorman, and J. D. Calheun conductor. The car, which is one or the big box-like affairs, was crowded to the doors, and every inch of space on the platforms was taken. hung on the railings, and were glad to be able to get a ride to the city, for, like those inside, they were anxious to arrive early, so as not to miss any of the Independence day exercises.

The car ran moderately along, the passengers chatting with each other, for they were nearly all acquainted, and everything was pleasant until it reached the crest of the hill just beyond Tacoma avenue. From this point the stories differ. One is that the motorman, after starting down the hill, turned on his current instead of shutting it off, and when the car had gained such a momentum as to threaten to get away from him, he turned off the current, but it was then too late, for the car was going at lightning speed, and there was nothing to bring it to a standstill, for the incline is steep. Passengers on the front platform, who saw the sharp curve on the bridge as it leaves DeLin street, endeavored to jump. Several of them succeeded, and reached the ground in safety, but others were as badly injured as they might have been had they remained on the car to the bottom of the chasm.

Where the car went off there is as sharp curve, at the foot of a steep grade. As the car struck the curve, instead of following the rails, it whirled completely over and pitched from the bridge, striking on its top, the heavy trucks and body of the car crashing the frail upper works to splinters and smashing down upon the mass of men, women and children, with which the car was loaded.

It was one of the most appalling accidents that has ever occurred in this city, and it came at a time when it was least expected. Here were happy people, residents of the nearby towns, ison, Lakeview, Parkland, Lake Park and other places, coming to Tacoma full of joy and patriotism to spend the Fourth of July. Their journey was and claimed them as his own in a most frightful manner. Crushed, maimed them until conveyances could be had to carry them to hosptals and to the homes of their friends. The dead were laid on the grass, but there were few in the crowds of spectators and rescuers who gathered at the scene at that time who knew which were dead and which were living. Such a spectacle of battered. mutilated bodies is seldom seen. member of the First Washington volunteers, who has played a part on many battle fields in the Philippines, said he had never witnessed such a sight.

FOUR CHILDREN KILLED. Terrible Effects of an Explosion of

Fireworks. Philadelphia, July 5 .- A blank cartridge fired at close range by a small colored boy into a large collection of fireworks of a highly explosive character yesterday, cost the lives of for children, the probable death of three others, and severe burns and lacerations to 20 other persons, only two of whom were adults. The dead are: Carmel Dianno, aged 11 years; Charles Feruzzi, aged 11 years: two unidentified children. Those who will propably die are: Isabel Derites, aged 8; Jennie Diano, aged 5; Frank Naccitro,

aged 9. The explosion occurred in front of a small shop of Antonio Mammerello, on Eighth street, in the most thickly populated section. The fireworks were on a stand on the pavement, and consisted largely of giant firecrackers, torpedoes, rockets and "chasers." A crowd of children were clustered around the stand. A colored boy, Isaiah Harris, was seen to point the pistol in the directon of the fireworks and fire. The force of the explosion which followed shattered the windows of many stores and residences in the vicinity, and the scene was covered by a dense smoke. When this lifted, the forms of more than a score of children were found lying on the street, burned and bleed-The owner of the fireworks was arrested. Following the explosion, the police confiscated about three wagon loads of fireworks in the neighborhood.

The Fourth at Washington. Washington, July 5 .- The birthday of the republic was celebrated in the capital yesterday with the usual accompaniment of crackers, cannon and oratory under a burning blue sky. The Sons of the Revolution, the Sons of the American Revolution and the Oldest Inhabitants' Association abandone their customary exercises at the foot of the Washington monument and read the Declaration of Independence in the cooler recesses of churches and the ho-

RICH COPPER STRIKE.

Good Values on Old Claim to a British Columbia Camp.

Phoenix, B. C., July 9 .- An important ore strike has been made on the War Eagle claim in this camp. The strike occurred in the west drift of the 100-foot level, about 175 feet from the chaft, where a raise was being driven.

The ore body dipped a little to the east and was followed 11 feet when the workmen went back and continued work on the raise. Up to date the men have gone through 25 feet of clean chalcopyrite ore and have not reached the further wall. The width of the ore body, therefore, has not been deterhad an average test made of the new turns, the ore running over \$20 in copper and \$1.60 gold.

COMING TO THE FRONT.

Toroda Creek Mines Again Attracting

Republic, Wash., July 9 .- Toroda creek mines are again attracting attention. Seven companies are working and some of them expect to cut their ledges within a few days. Some of the ledges have shown large values on the surface, and it was this that turned the attention of mining men in that direction. Among the mines that had fine surface showings and carried exceptionally high values was the Oxford. As high as 255 ounces of silver and \$15 in gold per ton were obtained from the ore near the surface. The owners decided to run a tunnel and now have it in 65 feet. A few days since a stringer 12 inches in width was cut in the tunnel, which is believed to be an off-shoot from the ledges. The ore carries about 200 ounces of silver per ton and from \$10 to \$12 in gold.

The tunnel will have to be extended about 40 feet to cut the ledge. There is also a parallel ledge that can be cut by the tunnel by extending it another 100 feet. The ledges vary from 7 to 9 feet in width.

Mining News and Gossip. Several large nuggets have been found on the Mary Ann placers in Che-

saw camp, Wash. A stir is reported on West Fisher creek, 80 miles from Libby, Mont, where \$50 ore is reported in an old

It is reported in Ferguson, B. C., that a rich strike has been made in the Nettie L. A vein three to four feet copper than usual, was exposed.
