During last May an infant of our neigh-
bor was suffering from cholera infantum.
The doctors had given up all hopes of re-
covery. I took a bottle of Chamberlain's
Colic, Cholera and Diarrhoea Remedy to
the house, telling them I felt sure it
would do good if used according to direc-
tions. In two days time the child had
fully recovered. The child is now vigor-
ous and healthy. I have recommended
this remedy frequently and have never
known it to fail.—Mrs. Curtis Baker,

for the home ball team. They have won
the whole series of three games. The
first was on July 4th, and stood 7 to 8.
The second game was played last Satur-
day, and the score was 19 to 11. The
third game was played Sunday, ending

President Newlin delivered his fare-
well sermon in Newberg on the evening
of the 8th, from the text, "Why seek ye
the living among the dead." This is a
very suggestive text for a man who is go-

to Newberg with the prospect of a beet
sugar factory.

The democrats are to have a celebra-
tion in Portland this evening over their
political "prospects" in the coming elec-
tion. Hard experience has taught our
brothers of the opposite faith that if they
get a ghost of a show to ratify in this
state, they have to celebrate their "pros-
pects" instead of the election returns. As
for the rest of us, we can afford to wait
until November 5.—Newberg Graphic.

On Tuesday, July 17, one of the most
enjoyable social evenings was spent by
the Epworth League, at the home of their
fourth vice president, Miss Amy Brown.
After a number of interesting games a
short program was rendered, followed by
a dainty lunch served under the large fir
trees, which were well decorated with
Chinese lanterns. This is the first social
given since the new officers took charge
of the work, and it has proved a decided
success.

Sunday was the first day of the open
season for deer. Fred Hibbs, Ed Tyler,
Matt Redmond and George Snyder suc-
ceeded in killing two in the vicinity of
Bald mountain. A funny thing happened
as they were ferrying back across Meadow
lake. The venison was on the back of
one of Tyler's horses, which took a notion
to jump off the ferry. George was hold-
ing the horse, and let go his hold. The
animal swam the full width of the lake
and brought the venison safely to camp.

doing well.
Elder Lind ey of Nome puts it strong
and includes himself. In writing to a
friend he says he is still there along with
40,000 other fools, and that he has scoured

Miss Clara Irvine gave a walking party
Tuesday evening in honor of her friend,
Miss Clara Fisher. About 25 guests
walked to the fair grounds with lunch
and lanterns and partook of the refresh-
ments by a large bonfire. There was
much enjoyment.
Daniel Gaby last week sold his resi-
dence to Richard Gaunt for \$2,350. Mr.
Gaby has decided to locate in Eugene for
the practice of law. He considers this
city the best in the valley as a place to

both with the work and the cheap price.

The city is large enough to support a
street sprinkler during the hottest sum-
mer months. One team would be nicely
kept busy sprinkling Third street and
branches for a distance of one block, and
the cost of same ought not to exceed the
city tax now paid by the business houses
for sprinkling purposes. The work would
be done much better, and would be con-
tinuous throughout the day. There would
also be decided improvement in the
cleanliness of the store rooms.
The case of John Hatch against S. W.
Fletcher for \$8,000 damages was dis-
missed at Hillsboro this week. The attorneys
for Fletcher contended that no cause for
action existed in favor of the plaintiff by
reason of Fletcher's conduct, and the
court agreed with them. The complaint
alleged that Fletcher was responsible for
the death of Mrs. Anna C. Hatch, who
died at Forest Grove a few months ago,
and the minor son, Johnny, by his guard-
ian, claimed to have been damaged by
reason thereof.
A runaway which might have proved
serious occurred on Sunday. The team
of George Phillips broke away from their
hitching post and ran north on B street
at a furious rate. Near Wm. Schmidt's
they overtook Wm. Campbell and his
son Chester and ran into the rear of their
buggy. The pole struck between the two
occupants, and knocking both to the
ground sent the seat of their buggy fly-
ing forward at the feet of the horse they
were driving, and otherwise demolishing
their rig so that it was scarcely worth re-
pairing. Fortunately neither Mr. Camp-
bell nor his son were injured bodily.
Encouraging reports have been re-
ceived by Newberg parties from Dr.
Korn, the projector of the beet sugar fac-
tory. He writes that the capital has
been subscribed, and while he cannot
come west himself at this time, owing to
the fact that he is building a factory in
Iowa, an assistant manager will soon be
headed this way, and he hopes to come
later, and make Oregon his permanent
home. The capital subscribed is largely
located in America, and much of it is
said to have been secured by Mr. D. So-
lis Cohen of Portland, who is now in the
east. Dr. Korn says the Newberg factory
will be one of the finest in the world,
and the syndicate has chosen him to
manage its construction. The erection
of the factory is a large undertaking, and
will naturally take a little time and pa-
tience to get the ball rolling.
