

Skin Diseases

When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons and clogs the blood, and it becomes **sour and acid**. This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and eruption, and by certain peculiarities we recognize Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Erysipelas and many other skin troubles, more or less severe. While the skin is the seat of irritation, the real disease is in the blood. Medicated lotions and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned.

The many preparations of arsenic, mercury, potash, etc., not only do not cure skin diseases, but soon ruin the digestion and break down the constitution.

S. S. S., nature's own remedy, made of roots, herbs and barks, of great purifying and tonic properties, quickly and effectually cures blood and skin troubles, because it goes direct to the root of the disease and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions. S. S. S. cures permanently because it leaves none of the original poison to reappear in the blood and cause a fresh attack.

Healthy blood is necessary to preserve that clear, smooth skin and beautiful complexion so much desired by all. S. S. S. can be relied upon with certainty to keep the blood in perfect order. It has been curing blood and skin diseases for half a century; no other medicine can show such a record.

S. S. S. contains no poisonous minerals—is purely vegetable and harmless.

Our medical department is in charge of physicians of large experience in treating blood and skin diseases, who will take pleasure in aiding by their advice and direction all who desire it. Write fully and freely about your case; your letters are held in strictest confidence. We make no charge whatever for this service. Our book on Blood and Skin Diseases will be sent free upon application.

Mr. and Mrs. E. C. Walker reached the head waters of the Willamina last Sunday morning at 9 o'clock, and after a stay of five hours, reached home the same day at five o'clock.

A very large line of those famous "Star 5 Star" shoes will arrive soon at the Racket store. They are not equal for quality and price.

Charles Groening is in bad luck again. Last Saturday he conceived that everything was favorable for burning some brush on his land east of town, and accordingly applied the match. The wind veered, and away went the fire for 180 cords of fir wood piled near by, consuming the entire lot, except three cords. A lot of good rails was also burned.

I have money to loan on farm property at good terms. Parties wishing to borrow, call and see me.

R. L. CONNER.
Governor Geer has issued his annual proclamation, warning people against destroying forests by means of fire. But the issuance of this proclamation does not necessarily mean that there will be no more forest fires this summer.

W. T. Macy has assumed the management of the St. Charles store, and will be pleased to greet the patrons of this store. He also invites everybody to call and investigate the bargains offered in groceries, glassware, crockery, etc.

In the turmoil and tribulation of politics and war, Elsie Wright, the harness maker, has not been lost sight of. He is still doing business at the same old stand and is as ready now to give customers the best articles for the least money as he ever was. Among the latest invoice in his line will be found some very fine buggy robes and fancy bridles. His riding and buggy whips are good persuaders.

Two Washington County Suicides.

Simon Harrison Humphreys, son of the late Thomas D. Humphreys, of Hillsboro, was on Tuesday morning found hanging dead to a tree in the old brickyard southeast of that city by Mrs. George Schulmerich, about 8 o'clock. Humphreys left his home the evening before and was last seen going down the railroad track about 8 o'clock p. m. Upon his failure to return at a late hour, a searching party was organized, and search instituted, which resulted in the body being found as stated. The jury returned a verdict of suicide. The cause of his committing the deed is supposed to be discouragement over debt. Humphreys was justice of the peace for a number of years, and was also engaged in the abstract business. He leaves a wife and six children. He was a member in good standing in the local lodge, I. O. O. F., and the United Artisans, carrying \$2000 insurance in the latter order. The funeral arrangements have not yet been made. He was 49 years old, and a brother-in-law of J. W. Gault of this city, who attended the burial on Wednesday.

The other case was that of Ulrich Piper, a young man residing with his parents near Farmington, who committed suicide by shooting himself in the left temple with a revolver. Piper was an unmarried man, about 25 years of age, and has been ill for over three years with a hopeless malady, and finally determined to end his misery by taking his own life. The fatal shot was fired at 8 o'clock p. m., and death ensued three hours later. The coroner held an inquest.

The St. Charles Store.

Those indebted to the St. Charles store are requested to call at once and settle their accounts, as we must have money to carry on the business.

Respectfully,
MRS. N. E. KEGG.

Summer Resorts.

To the mountains our people in increasing numbers yearly look for those days of relaxation and recreation necessary to maintain the human machine in fair working condition. The languorous sloth of the seashore proves very seductive while it lasts, but many have decided that the annual outing should provide not only radical change of air and surroundings, but also such stimulation of flagging energies as will provide brawn and vigor for the return to labor. For this they urge the mountain climb and ramble, the balsam of the mountain pines, and the clear, unadulterated mountain air.

In this direction the Shasta Route now affords a wealth of attractions. The entire line of road from Ashland to Redding is studded with charming and accessible hotels and camps, where are cheer and comfort and healing at reasonable cost, and where you can hunt, fish, ride, loaf, or play with equal facility.

Or if you look for healing waters, none better can be found, hot or cold, than the springs of Ashland, Colestin, Anderson, Bartlett, Byron and Paso Robles.

Before visiting Europe, the people of the northwest should see the glories of Yosemite valley, and the wondrous groves of Mariposa and Calaveras; the Parisians are likely to make inquiries concerning these attractive resorts.

Send to Mr. C. H. Markham, general passenger agent, Portland, for new booklets on Castle Crags, Shasta Springs, McCloud River, Yosemite, and excursion rates thereto.

ALL ABOUT CALIFORNIA.

A Handsome Series of New and Useful Publications.

California is the natural paradise of the holiday maker. Its resources are inexhaustible, its invitation universal, and its resorts and attractions among the most noted in the world.

The Southern Pacific company publishes descriptive literature containing valuable information about all of them. It is for free distribution and may be obtained from any Southern Pacific agent, T. H. Goodman, general passenger agent at San Francisco, or C. H. Markham, G. P. A., Portland, Ore. If you apply by mail inclose a stamp for each publication.

"Resorts and attractions along the coast line" is a handsomely illustrated folder, giving a description of the health and pleasure resorts on the coast between San Francisco and Los Angeles.

"Shasta Resorts" embellished with beautiful half-tone engravings, describes the scenic and outing attractions of the vast and wonderful Shasta region, the grandest of pleasure grounds.

"California south of Tehachapi" tells all about the charms of that remarkably favored semi-tropic garden spot, Southern California.

A handsome map of California, complete in detail, reliable, skillfully indexed, and full of information about the State's resources. It is the only publication of its kind conveniently folded for pocket use.

"Summer Outings" is a 32-page folder devoted to the camping retreats in the Shasta region and Santa Cruz mountains. It appeals more directly to that large and growing class of recreation seekers who prefer this popular form of outing.

"Pacific Grove" is the Chautauqua of the west, and this folder not only describes the pretty place itself, but gives a program of the religious and educational meetings, conventions, schools, etc., to be held there this summer.

Other publications are "Lake Tahoe," "Geysers and Lake County," "Yosemite," "Hotel del Monte," "Castle Crags," each brimful of information about the places named, and printed in the highest style of the art.
