properly it takes time. It requires experience and a complete knowledge of drugs. It requires the druggist to have a large variety of drugs—fresh drugs. He must give the best possible work, and for compensation he must be reasonable. With the above facts remember we are careful and strive to please one and all alike. These are reasons why our prescription file thrives all in this county. We are recognized by doctor and customer alike for being accurate and dispensing only the purest drugs.

### The Best Remedy for Stomach and Bowel Troubles.

"I have been in the drug business for twenty years and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by H. C. Burns & Co., druggists.

James Minty was down from Tacoma last week and paid his parents a visit.

## Minnesota Can't Equal It!

Oregon the Natural Home of the Creamery.

Read the Figures For Linn County, and Ask Yourself Cannot Yamhill County Do as Well.

The Albany Co-operative creamery, representing capital of \$5,000.00, was built in the spring of 1896. Taking figures for the year 1899, it received the milk of 283 cows from 52 patrons, handled 1,675,580 pounds of milk and made a product from the sale of which it realized \$18,237.18, of which \$14,450.19 net was returned to the patrons in payment of the butter fat taken from the milk. The difference of \$3,787.00 represents cost of manufacture, transportation charges, interest on stock and amount laid aside each year to be applied towards taking up shares of stock outstanding.

The capital stock of \$5,000.00 is made up of 100 shares at \$50.00 each, of which 18 shares are still in the hands of the association. A skimming plant, costing \$1100.00, was put in at Shedd's station in 1897, and arrangements are now in progress to establish another skimming station at Tangent at an estimated cost of \$1000.00, which it is expected will be in operation by April 1st.

Following is a statement showing the number of patrons, average number of pounds of butter fat to the patron per year, total amount of butter fat handled and gross receipts of the creamery during the five years that it has been in operation:

Patrons	Average Lbs. Butter Fat.	Total No. Lbs. Butter Fat.	Gross Receipts.
1895	39	493	\$ 4,108.82
1896	92	985	16,963.03
1897	62	1021	14,317.74
1898	48	1230	15,534.82
1899	52	1294	18,237.18

It will be seen that the average amount of butter fat per patron shows a steady increase indicating that the farmers who are regular patrons of the creamery have been giving attention to the improvement of their cows. A list of the names of 20 patrons taken from the books in regular order for the purpose of setting forth information in detail as to the amount of milk furnished by each, average test of cows, amount of butter fat, number of cows and earnings for the year 1899 makes the following showing:

Name	Lbs. Milk	Test	Butter Fat	Cows	Earnings
Froman, Thos.	69,994	4.2	2886 lbs.	10	\$636.90

In connection with a statement of this kind it must be remembered that some of the creamery patrons are in the habit of retaining at home the cream used by themselves for household purposes, which often makes a considerable difference in the total result of a year's business.

It will be of interest to note the total business of 1899 as shown in the following statement by months, wherein is contained the total number of pounds of milk handled, number of pounds of butter fat, amount earned by patrons, number of cows and amount paid per pound for butter fat:

Month	Lbs. Milk	Lbs. Butter Fat	Amount	Cows	Am't. Paid per lb. for butter fat.

SOME SALIENT FACTS. As compared with the average co-operative creamery in the state of Minnesota, the receipts of the Albany institution show an increase of \$3,237.18; a decrease on the average number of cows of 150; increase in earnings of average patron of \$123.90; decrease in patrons of 26; increase in butter yield of average cow of 46 pounds; increase in average paid for butter fat per pound of 6 cents; increase in price paid for milk, per cwt. of 19 cents; increase in average yield of butter of 45 cents; increase in average test of butter fat of 5. per cent; decrease in cost of making butter of .012; increase in receipts for butter, per lb. of 6 cents; decrease in pounds of butter made of 4,779 pounds, and increase in amount paid to patrons of \$1,450.00.

The average patron kept 7 cows and furnished the creamery with 32,222 pounds of milk which brought for butter fat \$278.00 per year.

Average cow supplied 4,372 pounds of milk last year, which made 206 pounds of butter and brought the owner \$37.73, for butter fat.

In the county of Freeborn, which is the parent section of Minnesota's co-operative creamery industry, and is pointed out to as a model creamery county by the leading dairy authorities of Iowa, Wisconsin, Illinois and New York, the average patron kept between seven and eight cows, furnished to the creamery 33,000 pounds of milk and received \$220.00 for butter fat. The average cow furnished 4,450 pounds of milk, which made 210 pounds of butter and brought the owner \$29.40 at the creamery door.

Now, comparing the showing made by the Albany co-operative creamery with that of the average creamery in the best dairy county of the United States, it will be seen that the 32,222 pounds of milk from 7 cows brought the Linn county farmer or his butter fat \$58.00 more last year than the Freeborn county farmer received for his 33,000 pounds of milk from seven and eight cows, or an increase of \$8.33 per cow.

### NEWBERG.

Harvest is fairly on now.

Mrs. C. B. Frizzell has been in town the past week with her parents.

Mr. and Mrs. J. C. Sawyer are enjoying a vacation at Yaquina Bay.

There is prospects of Newberg having electric lights in the near future.

Rev. I. Snyder received word of the death of his sister, Mrs. Evelyne Irish, of Iowa.

On Friday Mrs. J. C. Porter and daughter returned from a visit in Tacoma, Wash.

Some fields of late sown oats are literally burned up by the intense heat of the last few days.

A day or so last week Mrs. Virgil Waters of Corvallis was in town visiting her mother, Mrs. Wiley Edwards.

Mrs. Elsie Hallstone, formerly of Newberg, but now a resident of Walla Walla, is in town the guest of Mrs. C. E. Smith.

Mrs. J. Osburn with her daughter Miss Bertha Cox left here for their home, Miss Bertha was a graduate at Pacific College.

On Sunday last an old gentleman who has been a member of the M. E. church for sixty-seven years, was received by letter into the M. E. church.

The District President of the Rebecca lodge, Mrs. Annie McDonald, accompanied by her staff officers, went to North Yamhill last Friday night to install officers there.

### GOPHER.

Mrs. Evenden is visiting at Gervais with her son, Philip.

Mr. and Mrs. Cockerham of McMinnville, spent Sunday with their daughter, Mrs. J. Eborall.

Miss Olive Lambright is in McMinnville taking a six weeks' course of study under Miss Grover.

The Happy valley base ball club was defeated by the Gopher nine, July 22d, by a score of 24 to 8.

The meetings at the school house conducted by Rev. King, of McMinnville, are well attended each night.

Will Grimm was treated rather badly by the measles, but we are glad to say he is getting along nicely at present.

Haying is about over with, and some of the farmers will soon start up the binders as the grain is ripening up nicely.

The wild blackberries are ripening in the mountains and parties are passing through the valley each day in search of them.

Mr. Grissen, of McMinnville, has employed Floyd Long to erect his cabin on his mountain ranch. The work will begin immediately.

Misses Etta Cockerham and Esther Eborall came up from McMinnville Friday to visit at J. Eborall's. The latter returned to her home Saturday.

### STATE FAIR.

The state board of agriculture is making a great effort this year to make the state fair a representative agricultural and live stock show. The premium list is out and is being thoroughly distributed throughout the state and personal efforts are being made to attract the attention of farmers and stockmen to the very liberal premiums offered.

Several counties in the state are preparing a county exhibit for the fair, for they realize it will be a good opportunity to advertise their county in a practical way. Each exhibit will be a lecture room, and an object lesson for the home seeker, where he can get information, along intelligent lines, and will be worth many dollars in advertising the county's resources.

The live stock show will be without question the best ever held on the coast. Breeders all over the country are preparing to exhibit at the fair this year. There is an opportunity here in Oregon for the farmers who have been running in debt raising wheat, to turn their attention to the profitable production of beef, mutton and pork, or engage in dairying which has already taken its place as a leading paying industry in this state. There is a demand for the best specimens of all breeds which will continue to grow for years to come, and there is nothing that will encourage this industry so much as stock shows at state and county fairs.

### LAFAYETTE.

Rev. J. Edwards and son of Newberg were here this week.

C. T. Belcher and wife of the St. Charles hotel Portland, were up on a visit to his parents here.

Rev. A. A. Winters preached in Dayton last Sunday, morning and evening. Rev. D. M. Metzger filled his place here.

Mr. George James and family, of Brownsville, have been visiting friends here for several days. Glad to see them among us.

The army worm is said to be in some clover fields near here. The Tillamook rat is said to be in some potato patches. What next?

Prof. Metzger, wife and two children, and Mrs. A. L. Burt and Miss Mary O'Connor have all gone to Meadow Lake for a ten days' outing.

The lecture by Miss Skinner on India was a grand success. The town turned out well and the program was well rendered. It was on the college campus.

The mineral springs near here are well patronized since the late hot weather. Boarders in town and campers keep it going. Mr. H. Johnson has a hotel well under way now at the springs.

Many favorable comments are expressed by those attending, who are afflicted. All who have rheumatism, come and be healed. Don't pass it by because it is near at hand.

### Death of E. M. Garrison.

Enoch M. Garrison, Whiteson's faithful and accommodating postmaster, departed this life last Friday night at 10 o'clock. He had been severely ill but a short time of neuralgia of the stomach, but had been in poor health for 30 years. He was the son of Rev. Enoch Garrison, an able Methodist preacher who settled on a claim where Whiteson now stands as early as 1843. Enoch M. was born that same year, and had resided in Oregon all his life, except three years spent in California. He became a member of the Methodist church in 1876, and at the time of his death was a member of the M. E. church south. Mr. Garrison was a man highly esteemed by his neighbors, who turned out in large numbers through the heat and dust to attend the last obsequies, held on Sunday afternoon at the Methodist church in this city, conducted by Rev. Atkinson. The burial was in charge of the Masonic order, of which deceased was a member. E. M. Garrison was a full brother of Jephthah Garrison, a prominent citizen of this city who died in September, 1895.
