

SORES and Ulcers DRAIN THE SYSTEM, ENDANGER LIFE.

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years—maybe longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but never if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure. S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

A Gunshot Wound.
"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It developed into a running sore and gave me a great deal of pain. I was treated by many doctors and took a number of blood remedies, but none did me any good. I had heard S. S. S. highly recommended and concluded to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the trouble, and forced the poison out of my blood; soon afterwards the sore healed up and went cured sound and well. I now have perfect use of the leg, which was swollen and very stiff for a long time. J. H. McBRAYER, Lawrenceburg, Ky."

S. S. S. is the only purely vegetable blood purifier known; it is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually removes all morbid, unhealthy humors, and the old, troublesome sores heal. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

Our Medical Department is in charge of experienced physicians, who have made blood diseases a life study. If you will write them about your case, they will gladly furnish all information or advice wanted, without any charge whatever.

The latest fish story is on one of the pedagogues attending the teachers' institute. He has caught so many mudcat, tadpoles, suckers, etc.—with a snuffer—since he came to Tillamook that no more remain to be caught, having fished out the streams. But the joke is he thought he was catching trout, and did not know the difference until a small boy told him. Next please.—Headlight.

Summer Resorts.
To the mountains our people in increasing numbers yearly look for those days of relaxation and recreation necessary to maintain the human machine in fair working condition. The languorous sloth of the seashore proves very seductive while it lasts, but many have decided that the annual outing should provide not only radical change of air and surroundings, but also such stimulation of flagging energies as will provide brawn and vigor for the return to labor. For this they urge the mountain climb and ramble, the balsam of the mountain pines, and the clear, unadulterated mountain air.
In this direction the Shasta Route now affords a wealth of attractions. The entire line of road from Ashland to Redding is studded with charming and accessible hotels and camps, where are cheer and comfort and healing at reasonable cost, and where you can hunt, fish, ride, loaf, or play with equal facility.
Or if you look for healing waters, none better can be found, hot or cold, than the springs of Ashland, Coleslin, Anderson, Bartlett, Byron and Paso Robles.
Before visiting Europe, the people of the northwest should see the glories of Yosemite valley, and the wondrous groves of Mariposa and Calaveras; the Parisians are likely to make inquiries concerning these attractive resorts.
Send to Mr. C. H. Markham, general passenger agent, Portland, for new booklets on Castle Crags, Shasta Springs, McCloud River, Yosemite, and excursion rates thereto.

ALL ABOUT CALIFORNIA.
A Handsome Series of New and Useful Publications.
California is the natural paradise of the holiday maker. Its resources are inexhaustible, its invitation universal, and its resorts and attractions among the most noted in the world.
The Southern Pacific company publishes descriptive literature containing valuable information about all of them. It is for free distribution and may be obtained from any Southern Pacific agent, T. H. Goodman, general passenger agent at San Francisco, or C. H. Markham, G. P. A. Portland, Ore. If you apply by mail inclose a stamp for each publication.
"Resorts and attractions along the coast line" is a handsomely illustrated folder, giving a description of the health and pleasure resorts on the coast between San Francisco and Los Angeles.
"Shasta Resorts" embellished with beautiful half-tone engravings, describes the scenic and outing attractions of the vast and wonderful Shasta region, the grandest of pleasure grounds.
"California south of Tehachapi" tells all about the charms of the remarkably favored semi-tropic garden spot, Southern California.
A handsome map of California, complete in detail, reliable, skillfully indexed, and full of information about the State's resources. It is the only publication of its kind conveniently folded for pocket use.
"Summer Outings" is a 32-page folder devoted to the camping retreats in the Shasta region and Santa Cruz mountains. It appeals more directly to that large and growing class of recreation seekers who prefer this popular form of outing.
"Pacific Grove" is the Chautauqua of the west, and this folder not only describes the pretty place itself, but gives a program of the religious and educational meetings, conventions, schools, etc., to be held there this summer.
Other publications are "Lake Tahoe," "Geysers and Lake County," "Yosemite," "Hotel del Monte," "Castle Crags," each brimful of information about the places named, and printed in the highest style of the art.

Cheats and Tricks.
The kind you have always bought.
Miss Mellie Douglas was down from McMinnville Monday, bidding Newberg a final goodbye preparatory to her departure for California. She and her parents, Rev. John Henry Douglas and wife, will take the boat at Dayton Friday morning for Portland, and will be joined there Saturday by Miss Edie Jackson, where all will take the steamer for San Francisco. For two or three months they will make their home at the popular seaside resort, Long Beach, southern California.—Graphic.

A Business Change.
After ten years of steady application, Chas. Grissen has sold his book and stationery business to Wm. Scott and Geo. L. Williams. During this period Mr. Grissen has built up a business of good proportions through his tact and industry, qualities possessed in large measure by him. He is not giving forth definite plans for the future, but will probably spend the summer season on his mountain ranch. Later, it is believed, he will seek a new location in California's sunny clime, both from considerations of health and a larger scope for business. We shall regret to lose him. Citizens of his energy and enterprise are not met with at every turn in the road. Furthermore, he is a student; a man who learns something every day, and is not content with past acquisitions. Such men are ever advancing, and are usually destined to reach high station. He has our very best wishes for himself and family, wherever their lot may be cast. The young men to whom he sells are well fitted for that line of trade. Both are experienced teachers and men of book learning, as well as worldly wisdom, and will doubtless keep matters moving right up to the high standard set by their predecessor.
Miss Millie Haie has gone to her home in Brownsville, to remain a number of weeks for a visit.
