

BOILS AND CARBUNCLES

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.

Baneful Boils

Mr. R. M. Pratt, Cave, S. C., writes: "For twenty years I was sorely afflicted with boils and carbuncles caused by impure blood. It is impossible to describe my suffering; part of the time being unable to work or sleep, several doctors treated me, and I tried all the so-called blood remedies, but nothing seemed to do me any good. During the summer of 1888 I was persuaded to try S. S. S., and after taking several bottles was entirely cured, and have had no return of these painful pests up to the present time."

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under the mistaken idea that their health is being benefited, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

Keep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disgusting diseases.

S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter.

S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine.

S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as blood purifier—improves the appetite and digestion, builds up your general health and keeps your blood in order.

Our physicians have made blood and skin diseases a life study—write them fully about your case, and any information or advice wanted will be cheerfully given. We make no charge whatever for this service. Send for our book on Blood and Skin Diseases—free. Address, The Swift Specific Co., Atlanta, Ga.

Summer Resorts.

To the mountains our people in increasing numbers yearly look for those days of relaxation and recreation necessary to maintain the human machine in fair working condition. The languorous sloth of the seashore proves very seductive while it lasts, but many have decided that the annual outing should provide not only radical change of air and surroundings, but also such stimulation of flagging energies as will provide brawn and vigor for the return to labor. For this they urge the mountain climb and ramble, the balsam of the mountain pines, and the clear, unadulterated mountain air.

In this direction the Shasta Route now affords a wealth of attractions. The entire line of road from Ashland to Redding is studded with charming and accessible hotels and camps, where are cheer and comfort and healing at reasonable cost, and where you can hunt, fish, ride, loaf, or play with equal facility.

Or if you look for healing waters, none better can be found, hot or cold, than the springs of Ashland, Colestin, Anderson, Bartlett, Byron and Paso Robles.

Before visiting Europe, the people of the northwest should see the glories of Yosemite valley, and the wondrous groves of Mariposa and Calaveras; the Parisians are likely to make inquiries concerning these attractive resorts.

Send to Mr. C. H. Markham, general passenger agent, Portland, for new booklets on Castle Crag, Shasta Springs, McCloud River, Yosemite, and excursion rates thereto.
