

HEALTHY OLD AGE SSS

The majority of persons upon reaching middle age and past find their blood becomes weak and thin, and diseases that were easily controlled in earlier life begin to affect the constitution. Those predisposed to Scrofula, Cancer, Rheumatism, Gout and other hereditary troubles may escape till then, but as they age the blood, so long tainted and weakened by accumulated waste matters, is no longer able to properly nourish the body, and it becomes an easy mark for disease. At this critical period of life the blood must be re-enforced before it can perform its legitimate functions and rid the system of these poisons, and nothing so surely and effectually does this as S. S. S.

S. S. S. strengthens and enriches the blood, improves the appetite, and builds up the general constitution. It is not only the best blood purifier, but the best tonic for old people. It warms the blood, tones up the nerves, removes all taint from the blood, and prevents the development of disease.

S. S. S. is the only purely vegetable blood medicine known. Not one particle of mercury, potash or other mineral poison can be found in it, and it may be taken for any length of time without harm.

S. S. S. is the only remedy that reaches deep-seated blood troubles like Scrofula, Cancer, Rheumatism, Eczema, Tetter, etc. It purifies and restores the blood to a healthy, normal condition, and makes it impossible for any poisonous waste materials to accumulate.

If you have an old running sore or an obstinate ulcer that refuses to heal, or are troubled with boils and carbuncles, try S. S. S. It never fails to make a quick and permanent cure of these pests. If your system is run down and you feel the need of a tonic, S. S. S. will strengthen and help you as it has many others to a happy, healthy old age.

S. S. S. cured Mr. H. Borden of Saunville, Va., of a case of Eczema of thirty-five years' standing, after the best physicians in the surrounding country had failed. This was seven years ago, and there has been no return of the disease.

Mrs. D. R. Johnson, of Blackshear, Ga., was for years afflicted with a severe type of rheumatism, and had used every remedy known and recommended as a cure without receiving any benefit. S. S. S. promptly reached the seat of the disease and made a complete and permanent cure.

If you are in doubt about your disease, and will send us a statement of your case, our physician will give you any information or advice wanted, for which we make no charge. Book on Blood and Skin Diseases sent to any desiring it. Address Swift Specific Co., Atlanta, Ga.

S. S. S. IS THE IDEAL TONIC AND BLOOD PURIFIER FOR OLD PEOPLE.

It is a matter of remark that during the current week there are more people of McMinnville off to summer resorts than for any period back to which runneth the memory of the oldest inhabitant. A like condition seems to exist in Portland. A local citizen returning from the metropolis reports one-third of the population out of town. A circumstance illustrating the size of the begonia is reported by a grocery house, which has counted 50 families of regular patrons gone to the moist and murmuring sea.

It seems that Miles Hendrick's peach crop has been underestimated. M. B. Hendrick, who inspected the orchard on Sunday, says it beats anything he ever saw, and that there will probably be 2,000 bushels instead of one thousand. The orchard covers twenty acres, and a force of pickers, haulers and packers to the number of about 15 is employed. Large shipments are being made to Portland. The principal part of the crop is Charlotte. Over at Salem they have been bragging on some peaches brought in by a Chinaman that were nine inches in circumference. A random selection at the Hendrick orchard will measure over 12 inches, and persons who have tried say they can eat as many as seven of them without getting sick.

Mayor Maloney went back to Newberg on Tuesday to continue the work of surveying that town, and relocating lines. It is understood that Newberg has a two-fold purpose in this work. They are laying the foundation for a big city, to follow the establishment of the beet sugar factory, and incidentally expect to have a couple of expensive bridges on the outskirts unloaded from the shoulders of the town. They can accomplish the first, and perhaps both. Three of her principal streets have been widened from 60 to 80 feet. First street, which is the principal one, has now attained that width, the work of moving back the early erected frame buildings having been progressing for some time. There is evidence of public spirit in this. Imagine yourself giving ten feet off the front of your business lot solely for the public good and the looks of the town. Newberg will always deserve a beet sugar factory for her enterprise. If she doesn't get it, there will be few dealer towns anywhere.

Robinson resisted arrest and went off home, but it is understood paid a bigger fine later on.

Joe Felner is not dead, as reported last week. He writes The Reporter a letter informing us that the rumor was started by some of the boys in Portland as a joke, and thanking us for publishing his obituary. Joe has been up and down the west side this week.

On Tuesday, Ralph, son of M. D. Kreitz, while assisting his father to pile wood which they had cut, came near being killed. A limb that had been broken off by a falling tree, and which had lodged in a tree top, was dislodged by the wind, and falling point down struck Ralph on the left thigh, cutting through the flesh to the bone. His father seeing the limb inquired of his son if he was injured. The boy glancing at his father, dropped to the ground without replying. He was taken home and the wound dressed and he is getting along all right. Had the limb struck Ralph on the head it would probably have killed him.—Dayton Herald.

E. C. Walker and J. G. Eckman wheeled down to the fruit farm of F. L. Post on Sunday and roamed at will through his peach orchard on the island in the Willamette river. Mr. Post has a splendid place to live, and his numerous appointments about the farm make it a place of activity during the fruit picking and drying season. His orchard contains about 6,000 trees of all varieties. The principal crop this year is peaches, the early frosts having caught his pears and prunes for the most part. He will market about 1,000 bushels of peaches during August. His fruit dryer, which is the Allen pattern, built on a large scale, with fan, has begun work on apples, and though not running on Sunday, Mr. Post kindly showed his visitors every detail, including the machines that peel, core and slice the apple, all in one act. Nothing is wasted. The peeling is dried and brings 2½¢ per pound in the San Francisco market to be made into jellies and syrups, while the cores are heaped in a vat, and by their own pressure and fermentation make barrels of the best of vinegar. Mr. Post's premises, though apparently 75 feet above low water mark on the Willamette, were completely submerged during the flood of 1890, and the blaze made on an oak by him at that time as he rode about in a boat, is still visible about five feet above your head as you stand near his house. This condition afforded a strange contrast to that existing now. The river is so low that the MODOC, which was going up at 11:30 a. m., struggled for over three hours in a vain attempt to cross a sandbar at this point, and she draws but two feet of water. The captains at such times show the most wonderful patience, and Mr. Post says they will often try for half a day and even remain over night and try again the next morning before they get over. The government has done a little jetttying and sandbagging at this point, but it is not sufficient right now to enable a boat of two-foot draft to get over with ease. Walker had a special maneuver by which he thought the boat could be made to go over, but he was too far away to convey it to the captain, and he didn't believe the captain was in a suitable frame of mind to receive any suggestions, anyway.

After a Long Illness.

John Narver was born January 1st, 1823, in Lycoming county, Pa. On January 1st, 1850, he was married to Miss Sarah Gortner. The names of the six children which resulted from this union are as follows: W. F. Narver, of Hite-man, Iowa; David C. Narver, of Los Angeles, Calif.; A. F. Narver, of Sprague, Wash.; Mrs. Dr. J. H. McCune and Mrs. G. B. Row, both of Oskaloosa, Iowa. During their residence at Oskaloosa, another child, U. G. Narver, died at the age of 15 months. From Pennsylvania Mr. Narver moved to Iowa in 1852, and from thence to Oregon in 1885, in which state he resided until the time of his death. In January, 1896, he had a slight stroke of paralysis which terminated in the shaking palsy, from which he has since been a constant sufferer. It was with true christian patience that he bore his affliction, often expressing himself as being fully resigned to the will of God. He would sometimes pray that he might be taken out of his misery, but never without the addition of the clause, "Thy will be done." When a young man he joined the Reformed Presbyterian church, but as there was no church of that denomination in Oskaloosa, he joined the Methodist Episcopal church, of which his wife was a member, at that place. At the time of his death he still held his membership in the local church of that denomination in this city. His death occurred Wednesday morning, August 16th, at 7:45 o'clock, and the funeral took place from the M. E. church of this city the following day at 2 p. m., the sermon being preached by Henry T. Atkinson, his pastor during the last year of his sickness. His remains were tenderly laid to rest in Masonic cemetery of this city, there to await the triumph of the resurrection morning.

Observed the First Anniversary.

The members of the old Manila Guard when they disbanded last year decided that each year they would observe the anniversary of the soldier boys' return, and fixed upon the date of the battle of Manila, August 13th, as such anniversary. The reception to the boys given by the county last year occurred on August 12th, and this date also is taken in conjunction with the other in the observance by the young ladies. A bright bonfire last Monday evening in the Brook grove near town, surrounded by a group of happy people in song, story and banquet, was the demonstration which signaled the first anniversary. The busy season kept many away who had the greatest interest in being there. The following persons were present: Capt. and Mrs. H. L. Heath, Mr. and Mrs. J. A. Young, Mr. and Mrs. J. C. Cooper, Dr. and Mrs. E. E. Cable, Mr. and Mrs. F. G. Adams, Misses Nellie Cooper, Estella Redmond, Leona Rummel, Mattie Patten, Mollie Patty, Etta Redmond, Lottie Neal, Clara Walker, Grace Newell, Alice Adams, Minnie Schenk, Florence Dielschneider, Jessie Hayes, Valeria Patty, Messrs. Frank Hayes, Chas. Klingensmith, David Mitchell, and Chas. Taft.

A most interesting description of the Manila fight was given by Capt. H. L. Heath in his graphic and emphatic manner, and also by Lieutenant J. A. Young and Sergeant Frank Hayes, each having that spice of individuality and personal gusto which rendered the recital very enjoyable to the friends present. Mr. Cooper also drew some entertaining comparisons of war history. The young ladies had prepared a dainty lunch, which was relished about the bonfire in the midst of swinging Chinese lanterns. It was a veritable twilight picnic. Every fellow detailed for duty performed his work well, and was thus rendered exempt from any fear of the guard house, to which place he would certainly have been consigned had he not done so.

It is understood that recurring anniversaries will be remembered in a somewhat similar manner, and are likely to grow in importance and interest.

Fred Ramsey left Salem on Monday for Washington, to reenlist in the marine service of the United States.

A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Fowler, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured." SUMMONS.

In the Circuit Court of the State of Oregon, for the County of Yamhill, Department No. 2.

Jessie G. Gray, Plaintiff, vs. Justin Gray, Defendant, } Summons.

To Justin Gray, the above-named defendant,

IN THE NAME OF THE STATE OF OREGON,

You are hereby required to appear and answer the complaint filed against you in the above-entitled suit, in the above-entitled court, within six weeks from the date of the first publication of this summons, which said date of the first publication is the 17th day of August, A. D. 1900, and you will take notice that if you fail to so appear and answer said complaint, I will so appear and answer said complaint, for want thereof the plaintiff will apply to the court for the relief prayed for and demanded in said complaint, which is substantially as follows, to-wit: For a decree of said court dissolving the marriage contract now existing between plaintiff and defendant, and divorcing this plaintiff from said defendant and for such other and further relief as to the court may seem meet and equitable.

This summons is published once a week for six consecutive weeks in the Yamhill County Reporter, by order of Hon. R. F. Bird, county judge of Yamhill county, Oregon, granted on the 15th day of August, A. D. 1900.

Date of first publication, August 17th, 1900.
