

ECZEMA = SATANIC ITCH.

This most aggravating and tormenting of all skin diseases is caused by an acid condition of the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The itching and burning are almost unbearable, especially when overheated from any cause. The skin seems on fire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted. This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and fissured, itches intensely, bleeds and scabs over. This is a painful and stubborn form of the disease.

While Eczema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

THERE CAN BE NO EXTERNAL IRRITATION WITHOUT AN INTERNAL CAUSE.

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin. External applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this. S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-seated blood and skin troubles. It goes direct to the seat of the disease, neutralizes the acids and cleanses the blood, re-inforces and invigorates all the organs, and thus clears the system of all impurities through the natural channels; the skin relieved, all inflammation subsides, and all signs of the disease disappear.

Mrs. Lela M. Hoffman, of Cardington, Ohio, says she was afflicted with Scrofulous sores and Eczema from birth. Her face at times became so badly swollen that she was not recognizable, and her limbs and hands were very sore. She was treated by all the doctors in town without being benefited, and in her researches for relief, was told by an old physician to take S. S. S. She followed his advice and was promptly cured, and has never had a return of the disease. This was seventeen years ago. She sincerely believes she would have been in her grave years ago but for S. S. S., and adds, "what it has done for me it will do for others."

Send for our book on Blood and Skin Diseases, and write our physicians fully about your case; they will cheerfully give any information or advice wanted. We make no charge for this. Address, Swift Specific Co., Atlanta, Ga.

GRANT AGAIN TO PREACH.

Rev. Roland D. Grant, the well-known minister and orator, who retired from the pastorate of the First Baptist church of Portland some years ago, to enter the lecture field, has accepted a call to take charge of the Baptist church in Vancouver, B. C., and expects to arrive there from his home in Massachusetts October 14. The call was entirely unsought and unexpected by Dr. Grant, and when it was made known to him he promptly answered "No." But the Vancouver church was determined in its efforts to secure him, and would not take "no" for an answer. When they returned with a second request he tried to put them off by saying: "You do not want me, as I am not in sympathy with your English ways, and in your pulpits I have prayed for the peace of the little peoples of the south against great nations." And this did not turn them away, and the doctor finally yielded, much to his own surprise he says, as he had previously concluded not to settle again.
The church of which Dr. Grant will have charge has a membership of between 600 and 700, and is spoken of as the strongest Baptist organization on the coast. Eight other churches along the shores of the Pacific, from time to time, had asked Dr. Grant to be their pastor, but each in turn was refused.

Accompanied by his wife and daughter, he will start from Boston October 2. After sojourning over a day in the Rocky mountains, they will reach Seattle about October 11. In January of next year he will return east to fill a 50-night lecture engagement. On his arrival at Seattle the doctor will have completed his 23d trip across the continent.—Oregonian.

WEDDING GOODS.
We wish to call special attention to our fine line of paper and envelopes for wedding invitations and announcements. Invitations are not quite as much in evidence as they were a few years ago, though they are still all right. Announcements sent out immediately after the important event, are very generally used. Either is accepted as a token of friendship, and is treasured as a souvenir and keepsake in every household where healthy sentiment abounds. The sending should not be neglected. An announcement or invitation should be artistic both in form and execution. We have beautiful stationery, and have recently added a series of type by which the fine effects of lithography can be fairly imitated if not equaled.

PARTY INVITATIONS.
For most invitations the square bevel-edged card 3½ x 4½ cannot be surpassed, either printed or written. We have them and can furnish them either written or printed very reasonably.

For children's parties our light gilt-edge card of the same size put up in boxes of 24 with envelopes to match, is just the thing. They are only 35c a box without printing.

MENU CARDS.
We have just added a few handsome designs in menu cards to our stock, both folders and single panels, and can supply them in any number, great or small, plain or printed.

VISITING CARDS.
There is nothing like being in style, and a calling card out of date in shape is one of the things to be avoided. Our stock is direct from a leading Chicago house and is vouched for as the correct thing for 1900. We sell them unprinted if desired.

FUNERAL ANNOUNCEMENTS.
We have recently added a line of mourning bordered note paper, to meet the legitimate public demand for this class of printing. Our facilities are unsurpassed, and calls from adjacent towns can be filled in an hour's time.

We carry a large line of stationery for all kinds of
