News to that effect was brought to the state department today by the Chinese minister, who received it via St. Petersburg from Viceroys Liu Kum Yih and Chang Chth Tung, under date of October 4. Minister Wu received the message last night. It was as tollows:

> "The departure of their imperial majesties for Shen Si (province) was due to distressing conditions at Tai Yuan Fu. "The reasons for the temporary postonement of their majesties' return to ekin are the presence of the allied forces there, on account of which solicitous fear is doubtless entertained, besides a danger of the outbreak of epidemic disease, which usually follows after great disturbances, destruction of property and military operations. Hondurance Mining Property That Was Left by Dying Fiance.

Paul, Oct. 10 .- Through the publication of a dispatch in today's Pioneer Press, Mrs. H. E. Butterfield, of this city, has discovered that she is \$200,000 wealthier than she imagined. In 1890, while on an excursion to the Pacific coast, she became acquainted with Thomas P. Harkin, of Boston, also a member of the party. They became engaged and the wedding date was fixed. Shortly after Harkin was taken sick and died. Before his death he executed for his affianced a quit claim deed to a mining property in Honduras. Communication with the, Honduran government officials led to the belief that the property was not worth the trouble of filing formal transfer. Last winter, however, the property greatly increased in value and the synidcate that had it in charge offered Harkin's attorney \$200,000 for a quit claim deed from Miss Griffin. Manila, Oct. 10 .- Four troops of cavalry and two companies of infantry have recently reinforced General Young in Northern Luzon, where the insurgents are concentrating in the mountains of North and South Ilicos provinces under the leadership of Aglipav. the ex-communicated priest and renegade.

General Tinio and General Villannave, who had been quiet for some time, are now showing signs of becomng active as the end of the rainy seaon approaches. Of late there has been considerable

scouting and skirmishing in the provinces of Abra and North Hocos, though without decisive results. It is obvious, however, that the maneuvers of the Filipinos are more sikllful than formerly and that the field tactics of the Americans are being followed by them.

Senor Mateni, the founder of the socalled Filipino government, who was captured by the Americans last December and lodged in jail in Manila, has been liberated. As he had always persistently refused to take the oath of allegiance to the United States governe ment he had maintained his reputation among the Filipinos as a resolute patriot. They now believe that he has reached a private understanding with the American authorities which has secured his release, and consequently he has lost some of his popularity, alof the dormant revolutionary element.
