

SORES and Ulcers DRAIN THE SYSTEM, ENDANGER LIFE.

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years—maybe longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but *never* if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure. S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It developed into a running sore and gave me a great deal of pain. I was treated by many doctors, and took a number of blood remedies, but none did me any good. I had heard of S. S. S. highly recommended and concluded to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the trouble, and forced the poison out of my blood; soon afterwards the sore healed up and was cured sound and well. I now have perfect use of the leg, which was swollen and very stiff for a long time."—J. H. McBRAYER, Lawrenceburg, Ky.?"

S. S. S. is the only purely vegetable blood purifier known; it is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually clears the blood of all morbid, unhealthy humors, and the old, troublesome sore heals. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

Our Medical Department is in charge of experienced physicians, who have made blood diseases a life study. If you will write them about your case, they will gladly furnish all information or advice wanted, without any charge whatever. Address SWIFT SPECIFIC CO., ATLANTA, GA.

To be sure. You are not a watchmaker. How should you know the difference? That is just why you should buy that watch of a substantial, located, home jeweler—a place where you know of whom you are buying, and the assurance of a business reputation, and guarantee that goes with every sale. Here you take no risk. It isn't like sending off for a watch—we couldn't afford to misrepresent the quality, as our best advertising develops in the watches we have sold from year to year. It is our ideas of store-keeping to make people satisfied; they come again and send others. We think it pays.

As to prices, it stands to reason that the jewelers of the smaller towns like ourselves, can undersell the city jewelers who are laboring under enormous rentals and varied expenses of city merchandising.

- Does he keep up with the Market?
- Is he neat and clean?
- Does he deal fair with all Customers?
