

BOILS AND CARBUNCLES

These unwelcome visitors usually appear in the spring or summer, when the blood is making an extra effort to free itself from the many impurities that have accumulated during the winter months.

Carbuncles, which are more painful and dangerous, come most frequently on the back of the neck, eating great holes in the flesh, exhaust the strength and often prove fatal. Boils are regarded by some people as blessings, and they patiently and uncomplainingly endure the pain and inconvenience under the mistaken idea that their health is being benefited, that their blood is too thick anyway, and this is Nature's plan of thinning it. The blood is not too rich or too thick, but is diseased—is full of poison—and unless relieved the entire system will suffer. The boil or carbuncle gives warning of serious internal troubles, which are only waiting for a favorable opportunity to develop. Many an old sore, running ulcer, even cancer, is the result of a neglected boil.

Keep the blood pure, and it will keep the skin clear of all the irritating impurities that cause these painful, disfiguring diseases.

S. S. S. cures boils and carbuncles easily and permanently by reinforcing, purifying and building up the blood and ridding the system of all accumulated waste matter.

S. S. S. is made of roots and herbs which act directly on the blood, and all poisons, no matter how deep-seated, are soon overcome and driven out by this powerful purely vegetable medicine.

S. S. S. is not a new, untried remedy, but for fifty years has been curing all kinds of blood and skin diseases. It has cured thousands, and will cure you. It is a pleasant tonic as well as blood purifier—improves the appetite and digestion, builds up your general health and keeps your blood in order.

Our physicians have made blood and skin diseases a life study—write them fully about your case, and any information or advice wanted will be cheerfully given. We make no charge whatever for this service. Send for our book on Blood and Skin Diseases—free. Address, The Swift Specific Co., Atlanta, Ga.

Mr. R. M. Pratt, Cave, S. C., writes: "For twenty years I was sorely afflicted with boils and carbuncles caused by impure blood. It is impossible to describe my suffering; part of the time being unable to work or sleep. Several doctors treated me, and I tried all the so-called blood remedies, but nothing seemed to do me any good. During the summer of 1901 I was persuaded to try S. S. S., and after taking several bottles was entirely cured, and have had no return of these painful pests up to the present time."

A Corvallis fruit man received returns yesterday from 100 boxes of apples shipped to Portland and sold on commission. The boxes cost him \$9, freight \$13, commission \$2, total \$24. The total amount that the 100 boxes sold for was \$26. He had left for his picking and profit \$2. With Oregon apples selling at a nickel each in a neighboring state, is not there meat for thought in this sale? Shipping rates from state to state should be reasonable enough to give the man who grows apples more than two dollars for 100 boxes.—Times.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. labor. They must go hand in hand with prosperity. If capital receives more than its just share, it should be equitably distributed between capital and labor, by just and equitable arbitration laws, that each may receive its just reward.

"The state of Oregon and city of Portland are prosperous under present conditions. The only cloud, apparently, that obscures the horizon of prolonged and continued prosperity is the possibility of the election of Mr. Bryan. Let us keep our senses.

IT WAS A PRACTICAL JOKE.

Pres. B. Marshall, a popular business man of Albany, was married Wednesday to Miss Winifred J. Wilds. It seems that the groom has many enthusiastic friends in Albany, and fearing they would make a demonstration at the depot on his departure for his honeymoon that might be a little embarrassing to the newly married couple, it was determined to avoid this by the couple leaving Albany in a carriage and taking the train at Jefferson. Mr. Marshall's friends were determined that proper respect should be shown him on this important occasion, and issued a small hand bill which was distributed freely among the passengers on the train, as it passed through Albany, on which the couple were to take passage at Jefferson. The poster read as follows:

"This will introduce the bearer to Mr. and Mrs. Pres. B. Marshall, a bride and groom, who will board the train at Jefferson, en route to Portland on their honeymoon trip. DON'T FAIL TO EXTEND CONGRATULATIONS."

Five hundred passengers with this poster in their hands looked forward to the arrival of the train at Jefferson with great expectancy, and when the couple were sighted they were given an ovation, so it is said, that W. J. Bryan himself would have turned green with envy, had he witnessed it, at the power this couple possessed for calling forth a demonstration of the people. Each passenger seemed to feel at perfect liberty, with the introduction in his hand, to advance and offer congratulations and with them a "bon voyage" on the blissful sea of matrimony, to the great embarrassment of the newly wedded couple.

Is It the Missing Link?

A few miles east of Corvallis, on the farm of George Cochran, Linn county, a queer skeleton has been unearthed. On account of its peculiarities, the skeleton may well become the subject of inquiry. It is in the shape of a man, and an elongated vertebral system suggests that the missing link is at last found. Describing the find the Albany Democrat says:

"All the bones were secured and they will be articulated as soon as possible. They indicate a man of 4 feet, 8 inches, of large bones. The skull lacks the usual sutures. It is 18 inches in circumference, four inches smaller than that of the average skull of the white man. The jaws are large and protruding and the teeth perfect. The vertebrae have an additional bone and a socket for a missing bone. The bones of the legs and feet are normal like those of a man, but in the arms the radius and ulna bones are about two inches longer than the humerus bone, where they are generally considerably shorter, indicating an arm that reached considerably below the knee. The bones of the finger are longer than those of a man. The skeleton is not that of an Indian, because distinctly different. What is it?

What Hops Will Do.

J. Carmichael, a hop buyer of Salem, on Tuesday last bought the hops that grew on 130 acres of land in this county. Jas. H. Sewell, 30 acres; J. A. Inubrie, 40 acres; Wm. Bagley, 25 acres; Zina Wood, 20 acres; and Mr. Suasbauer, 15 acres. The price paid was 15 cents per pound. At that figure the purchaser pays to these five men \$30,000. The hops will load a train of 15 cars. From Cornelius the Buchanans contributed 370 bales at 14 1/2 cents. Enough to load 4 cars and bring \$10,000 into circulation.—Hillsboro Independent.

SOME THINGS TO CONSIDER

in choosing a Grocer are these:

Are his Goods fresh and wholesome?
Does he keep up with the Market?
Is he neat and clean?
Does he deal fair with all Customers?

If you find he is all this and more, he will do to tie to.

We aim high, and are trying to fill this bill as well as all others left with us.

Come and see us.

This picture is the trade mark of SCOTT'S EMULSION, and is on every bottle of SCOTT'S EMULSION in the World, which now amounts to many millions yearly. This great business has grown to such vast proportions,

First:—Because the proprietors have always been most careful in selecting the various ingredients used in its composition, namely; the finest Cod Liver Oil, and the purest Hypophosphites.

Second:—Because they have so skillfully combined the various ingredients that the best possible results are obtained by its use.

Third:—Because it has made so many sickly, delicate children strong and healthy, given health and rosy cheeks to so many pale, anaemic girls, and healed the lungs and restored to full health so many thousands in the first stages of Consumption.

If you have not tried it, send for free sample. Its agreeable taste will surprise you.
