

HEALTHY OLD AGE SSS

The majority of persons upon reaching middle age and past find their blood becomes weak and thin, and diseases that were easily controlled in earlier life begin to affect the constitution. Those predisposed to Scrofula, Cancer, Rheumatism, Gout and other hereditary troubles may escape till then, but as they age the blood, so long tainted and weakened by accumulated waste matters, is no longer able to properly nourish the body, and it becomes an easy mark for disease. At this critical period of life the blood must be re-enforced before it can perform its legitimate functions and rid the system of these poisons, and nothing so surely and effectually does this as S. S. S.

S. S. S. strengthens and enriches the blood, improves the appetite, and builds up the general constitution. It is not only the best blood purifier, but the best tonic for old people. It warms the blood, tones up the nerves, removes all taint from the blood, and prevents the development of disease.

S. S. S. is the only purely vegetable blood medicine known. Not one particle of mercury, potash or other mineral poison can be found in it, and it may be taken for any length of time without harm.

S. S. S. is the only remedy that reaches deep-seated blood troubles like Scrofula, Cancer, Rheumatism, Eczema, Tetter, etc. It purifies and restores the blood to a healthy, normal condition, and makes it impossible for any poisonous waste materials to accumulate.

If you have an old running sore or an obstinate ulcer that refuses to heal, or are troubled with boils and carbuncles, try S. S. S. It never fails to make a quick and permanent cure of these pests. If your system is run down and you feel the need of a tonic, S. S. S. will strengthen and help you as it has many others to a happy, healthy old age.

S. S. S. cured Mr. H. Borden of Sausalito, Va., of a case of Eczema of thirty-five years standing. After the best physicians in the surrounding country had failed. This was seven years ago, and there has been no return of the disease.

Mrs. D. R. Johnson, of Blackshear, Ga., was for years afflicted with a severe type of rheumatism, and had used every remedy known and recommended as a cure without receiving any benefit. S. S. S. promptly reached the seat of the disease and made a complete and permanent cure.

If you are in doubt about your disease, and will send us a statement of your case, our physician will give you any information or advice wanted, for which we make no charge.

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

The Willamette river, which two weeks ago was reported the highest it had been at that date in many years, being then twelve feet above low water mark, may now be said to be the lowest it has been at this date for many seasons past. Standing at less than 3 feet above low water mark, and slowly falling. The reason assigned for such a sudden fall in the stage of the water is that the ground had not absorbed as much as it would hold, and as soon as the downpour of rain ceased the ground took up a great amount of the surface water.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. Of all the dispatches read to the audience waiting in Crater's hall Tuesday night to get election returns, none was received with the amount of enthusiasm which greeted the dispatch from Dr. Korn of Dayton, Ohio, bringing the intelligence that twenty-seven carloads of beet sugar machinery would be started in our direction the following morning. Though of yellow journal origin it demonstrated that the sugar factory doesn't run far behind the national republican ticket in this vicinity.—Graphic.

The people of Sheridan were shocked last week to hear of the setback of Will Huston, who was last recovering from a long sickness with typhoid fever. For a few days he lay at death's door, and calmly passed away Wednesday noon. The funeral services were held yesterday afternoon in the Christian church and were largely attended. After singing of appropriate hymns by a quartet, reading of scripture lesson by Rev. Edw. Gittins and prayer by Rev. M. Blair, a very impressive funeral sermon was preached by Mrs. Barrett. As a mark of respect and esteem the young people of the Christian Endeavor and Epworth League societies accompanied the remains from the late residence to the church. This morning the sorrowing relatives conveyed the body of their beloved one to the family burying ground at Lafayette for interment. Mrs. Barrett accompanied them on their sad journey. The floral offerings were many and beautiful.—Sun.

The local camp of Woodmen held that duck supper following their hunting contest on Tuesday evening. Over one hundred people sat down to supper. The competing teams were led by W. C. Arthur and W. T. Macy. The former team was victor by nearly two to one. Arm Woodrum only lacked 100 points of matching the entire record of Mr. Macy's team. He killed 72 snipe, 6 China pheasants, 2 teal ducks and 6 common ducks, making him in all 8,375 points, and champion of the shoot. He was out two days on Wapato lake. The net proceeds of the supper were over \$25.

The Linton horse cannery, which was supposed to be closed for good, is to start up again for a brief season for the disposition of 1000 culms cayuse ponies. Samuel Kinsman, the sole owner of this establishment now, states that it will be strictly an accommodation run, as he has no intention of further engaging in the horse-canning business. The industry here never has been a success, by reason of the fact that it was difficult to find a market in Europe for the output. It is Mr. Kinsman's intention to convert the horse cannery into a fruit cannery. The plant is admirably situated for the fruit-canning industry, possessing the advantages of both rail and water transportation facilities.

SOUTHERN CALIFORNIA.

Notable among the pleasures afforded by the Shasta route is the winter trip to southern California and Arizona. Renewed acquaintance with this section will ever develop fresh points of interest and added sources of enjoyment, under its sunny skies, in the variety of its industries, in its prolific vegetation and among its numberless resorts of mountain, shore, valley and plain. The two daily Shasta trains from Portland to California have been recently equipped with the most approved pattern of standard and tourist sleeping cars, but the low rates of fare will still continue in effect. Illustrated guides to the winter resorts of California and Arizona may be had on application to C. H. MARKHAM, G. P. A., Portland, Oregon.
