Died—In McMinnville, Nov. 30th, 1900, Lora N. Stow, daughter of Mrs. M. E. Stow, aged 7 years, 5 months and 18 days. Funeral from the Cumberland Presbyterian church on Saturday, Dec. 1st, at 10 a. m., with interment at South Yamhill cemetery. Little Lora was a sufferer for nearly three years, and was one of those striking examples of cheerfulness and patience through a long period of illness. The mother, a widow, is left with one daughter, and has the deepest sympathy of all in what seems an undue share of affliction.

The Oregon Bar Association will hereafter celebrate John Marshall day, February 4th. The association asks that all courts be adjourned on that day and that schools and colleges celebrate the day in some suitable manner. C. E. S. Wood, of Portland, was elected president of the association and George B. Dorris, of Eugene, second vice president. The association has adopted the following resolution: "Resolved, That it is the sense of this association that the expenses of litigation in the circuit and supreme courts of this state ought to be reduced so that the courts may be open equally to the poor and the rich."

City Treasurer Apperson submitted his annual report to the council at its last meeting. This report shows a balance of \$1,340.58 cash on hand, and a total indebtedness of \$9,499.17, exclusive of the bonded debt, which leaves a floating debt of \$8,158.59. The cost of building, operating and maintaining the plant for the past eleven years has been \$117,264.72. If the plant is worth what it cost, \$20,000, then the expense of maintaining and operating has been \$97,264.72. Of this amount the consumers have paid \$55,819.31, leaving a balance of \$41,445.41 paid or to be paid by the city for water and light during a period of eleven years, or an average annual cost of \$3,767.76. The water and light collections for the year have been \$5,676.11, leaving a balance of \$1,908.35 in favor of the city.

The smallpox scare in Dallas is a thing of the past. No cases have developed during the week, and it is believed that the prompt work of the city authorities and the precaution taken by those having the recent case in charge have effectually stamped out the disease. The members of the Cook family, in whose home the disease appeared, are all in perfect health, and it is thought that they have passed the danger point. The house has been thoroughly disinfected and the bedding, curtains and carpet were taken from the room in which the patient was confined and were destroyed. Business is moving along as usual, and our citizens are pursuing their usual occupations the same as if there had never been a case in a thousand miles of here. Indeed, one may walk from one end of the street to the other now and not hear the subject mentioned.—Observer.

The Thanksgiving cake sale and social at the home of Mrs. C. C. Merton last Tuesday evening was a delightful affair. All the cakes were models of the culinary art and sold as soon as they were brought in. The parlors looked very pretty with numerous dainty tables, snowy linen and artistic center pieces, elegant cut glass and silver. Old silver candle sticks, with their pretty pink and green candles, shone as brightly as they did 20 years ago. Old heirlooms of family silver all added to the beauty and pleasure of the occasion, to say nothing of the financial success which is always assured under the direction of the ladies of the Cumb. Presbyterian church.
