AT THE POINT OF WAR

Strained Relations Between Holland and Portugal

THEY HAVE RECALLED THEIR MINISTERS

The Trouble Was Caused by Withdrawal of the Exequatur of the Dutch Consul at Lourenco Marques.

Lisbon, Dec. 10.—The minister of the Netherlands to Portugal and the Portuguese minister at The Hague have left their respective posts. It is believed that a difference has arisen on the subject of the exequatur to the Dutch consul at Lourenco Marques, which the Portuguese government has withdrawn. The tension between Portugal and Holland appears to have been emphasized, perhaps not altogether unintentionally, by the peculiar warmth of King Charles' toast to Queen Victoria at the banquet given yesterday evening at the Royal Palace to Vice-Admiral Sir Harry Boldsworth Rawson, and the officers of the British fleet, now in the River Tagus, and by the telegram which the king afterwards dispatched to Queen Victoria, thanking her majesty for sending the fleet, and for the friendship thus demonstrated. "I beg to record," telegraphed the king, "my great satisfaction at the frank and loyal alliance uniting England and Portugal." In the course of his speech, when he toasted Queen Victoria, the king said among other things: "England has often shared the efforts and glories of Portugal. Our mutual friendship and close alliance are strengthened by history and the blood shed together in causes which have always been just." Admiral Rawson replied that the words of the king harmonized with the thoughts of the government and people of Great Britain. Portuguese Minister Will Explain. The Hague, Dec. 10.—While it is not denied that the minister of the Netherlands at Lisbon and the minister of Portugal here are temporarily leaving their posts, it is semi-officially declared that there is no question of the ministers being recalled. It is explained that Count De Selir, the Portuguese minister, is proceeding to Lisbon on a few days' visit to explain verbally the difficulties which have arisen in connection with the Netherlands consul, Herr Pott, at Lourenco Marques. Spaniards Accuse England. Madrid, Dec. 10.—The Imparcial says it considers the rupture of relations between Holland and Portugal to be very serious. It adds that it was due to the intrigues of Great Britain, further asserting that Portugal is now under the tutelage of Lord Salisbury. Observers think that the speech and telegram constitute an intimation to the world that Portugal can count on strong support if necessary. THE CORONER'S VERDICT. Holds No One Responsible for San Francisco's Thanksgiving Day Accident. San Francisco, Dec. 10.—The coroner's jury, inquiring into the causes of the Thanksgiving day disaster, in which 22 lives were lost by the collapse of the San Francisco & Pacific Glass Works during the progress of the Stanford-Berkeley football game, has returned the following verdict in the case of each victim of the accident: "That the accident was caused by the breaking of the ventilator of the roof over the furnace in the house of the San Francisco & Pacific Glass Works at the corner of Fifteenth and Folsom streets on the afternoon of November 29; further, that he had no business there and was there against the orders and temporary resistance on the part of the superintendent of said works, and further, that no one can be held responsible for his death other than himself and that death was accidental." Territory for the Canal. Chicago, Dec. 10.—A special to the Record from Washington says: Nicaragua and Costa Rica have announced their willingness to grant a lease to the United States for a period of 200 years of the territory necessary for the construction of the projected Nicaragua canal. The terms are regarded as moderate. It is understood that Nicaragua and Costa Rica will accept bonds, the value of those to be accepted by the former government to be less than \$6,000,000 and by the latter to be less than \$1,500,000. Pleased With Americans. Peking, Dec. 10.—Li Hung Chang has informed General Chaffee that he and all the people of the province of Chi Li are extremely pleased and gratified at the behavior of the American troops toward the Chinese. This is considered no light matter. From all sections of the portion of the city under American supervision come words of praise, thankfulness and commendation regarding the behavior of the Americans. Oxnard Married a Maid. New York, Dec. 10.—The World says: "On the Deutschland, which arrived here yesterday, were Henry T. Oxnard, of San Francisco, president of the two American beet-sugar associations, and his bride, formerly Miss Marie Pichon, maid of Mr. Oxnard's sister-in-law, Mrs. Robert Oxnard. They were married in Paris November 15, but the marriage was not announced until the Deutschland's arrival."

KRUGER IN HOLLAND.

Enthusiastic Greeting to the Ex-President by the People of The Hague. The Hague, Dec. 10.—At the opening of the second chamber today, the president, J. G. Glichoeman, said: "President Kruger arrives here today. He will take up his residence here. I take the occasion to propose that the chamber authorize me to welcome, in its name, the ex-president to our country and offer him an expression of our cordial sympathy." The proposal was adopted amid cheers and bravos. Mr. Kruger arrived here today and was greeted at the station by the burgomaster and counselor. A choir of 600 men and girls chanted Psalm 72, verses 6, 7 and 11. The ex-president and his suite then retired to the royal waiting-room, where the burgomaster warmly welcomed them in a brief speech. Then followed Dr. Spink, president of the local South African Association, assuring Mr. Kruger of the deep sympathy of the entire Dutch nation, "who had," he said, "so greatly though vainly hoped that the great powers who recently assembled at the peace conference would not have permitted that in South Africa the right of nations, the right of war and civil law should be trampled under foot, or a little nation be sacrificed in an unequal combat in defense of its existence." The address, after a long eulogy of the heroism of the Boers, proceeded to liken Mr. Kruger to William the Silent, who sacrificed everything for the welfare of his people, and concluded: "May your reliance on the Almighty, similar to that of the Prince of Orange, support you, Mr. President, in the arduous fight for right and liberty, and may the liberty of your nation crown your courage. Then will Great Britain have learned the lesson of how dangerous it is to attempt to throttle the independence of a free nation." KENTUCKY FIEND CAPTURED. Man Who tortured His Stepdaughter Safe in Jail—No Indications of Violence. Maysville, Ky., Dec. 10.—William Gibson, the man who is charged with fiendishly torturing to death with a red-hot iron his helpless 2-year-old stepdaughter, at Cattleburg, Ky., two weeks ago, is safely in jail here. In an interview tonight he denied everything as to his guilt. At different times during the interview he would laugh idiotically. When asked why he fled, if innocent, he replied: "Well, you see, this thing was hollered about and made so much over that the people got excited, and you know how the people are when they get excited." He said he had slept in ravines and in brush for the last two weeks. His intellect seems somewhat blurred and at times his stupidity was very perceptible. Everything is quiet here tonight and there are no indications of mob violence. TELEGRAPHERS' STRIKE. A Walk-Out on the Gulf, Colorado & Santa Fe Road—Ten Hours Rest Wanted. Houston, Tex., Dec. 10.—The telegraphers belonging to the Order of Railway Telegraphers on the Gulf, Colorado & Santa Fe road, extending from Galveston to Purcell, I. T., left their desks at 11 o'clock today. Passenger trains are being operated on running orders from junction points, and through freights are also being handled, although there is considerable delay. The strike has been expected for some time. A committee of the telegraphers went to Galveston to hold a conference with General Manager Polk, to whom they represented their grievances. The latter was in communication with President Ripley, and it is believed by the men that the latter official will yield on the point of 10 consecutive hours of rest for the operators. The operators say they expect to gain the active co-operation of other railroad organizations. Chinese Hold Mountain Passes. Berlin, Dec. 10.—A dispatch from Field Marshal von Waldersee, dated Peking December 4, says strong detachments of Chinese regulars, under General Ma, are reported from Shan Si to be holding the mountain passes on the frontier of Chi Li. An explosion at Pao Ting Fu during the clearing out of a powder magazine killed one man and wounded five others. Given Up for Lost. Provincetown, Mass., Dec. 10.—The Provincetown fishing schooner Cora S. McKay, with 30 men, has been given up for lost. Every circumstance points to her destruction at Virgin rocks on the Grand banks of Newfoundland in the storm of September 12 to 14, known as the Galveston hurricane. Movement of Porto Ricans. El Paso, Tex., Dec. 10.—Two cars passed through here today containing 114 Porto Ricans who are going as contract laborers to the Hawaiian islands to work in the sugar industry for Claus Spreckels. Christiania, Dec. 8.—The Nansen fund, which was started after the return of Dr. Nansen from the Arctic, to promote scientific explorations, now amounts to 1,000,000 kroner, and no further contributions will be made.

FIRST SUPPLY BILL

It Was Passed by the House in Record Time.

WAS NOT TEN MINUTES OF DEBATE

Legislative, Executive and Judicial Appropriation Bill, Carrying Over \$24,000,000, Went Through Unchallenged. Washington, Dec. 12.—The first of the great supply bills, the legislative, executive and judicial appropriation bill, was passed by the house in record time. The bill carries \$24,496,308, and has 131 pages, but there was less than 10 minutes debate upon it. It required about three hours for the clerk to read the bill. No other business was transacted. Today under the rules belonged to the District of Columbia committee, but, owing to the desire of the leaders to proceed with the appropriation bill, district day was postponed until a week from tomorrow. Bingham (Rep. Pa.), who was in charge of the measure, made a preliminary statement of its contents. Both parties in the recent campaign, Bingham said, pledged themselves to economy and retrenchment. The pending bill—the first of the big money bills—was a step in that direction. Robinson (Dem. Ind.) expressed the opinion that if retrenchment were desired, a provision be inserted in the bill to cut off the 30 days' sick leave in addition to the 30 days' leave now allowed to clerks in the executive departments. Bingham explained that such legislation did not come within the purview of the pending bill. The law left the question of leave within the discretion of the various heads of departments. Robinson protested that clerks in the government service outside of Washington did not receive the same leave privileges received by those here, and he thought the unjust discrimination against the former should cease. An amendment providing for 12 additional temporary clerks to dispose of the accumulated business in the office of the controller of the treasury was adopted. At the conclusion of the reading of the bill, Bingham thanked the house for the confidence shown in the appropriation committee in allowing the bill to go through unchallenged, and the bill was then passed. CHIRIQUI COALING STATION. United States May Purchase the Port From Colombia. Washington, Dec. 12.—The gunboat Bancroft sailed today from Colon for Almirante bay. It is understood that her mission is to look into the advantages offered by the port of Chiriqui as a coaling station. The harbor is capable of floating the entire fleet of a nation, and the water is deep enough for the heaviest battleship. Approaches were made to the Colombian government, with a view to learning whether it would entertain a proposition to grant Chiriqui as a coaling station. At that time, Colombia was not in a position to make a definite answer, as the territory, including this harbor, had been in dispute between Colombia and Costa Rica. The answer, therefore, was to the effect that the grant could not be made while the question of sovereignty remained open between the two countries. Since then, however, Colombia and Costa Rica have arranged to arbitrate the differences, and there is a prospect of an early settlement of sovereignty. With this point removed, it is believed that there will be no serious objections from Colombia or Costa Rica to granting a coaling station. EXPLOSION IN A TUNNEL. Four Men Lost Their Lives at Aspen, Wyo.—Accumulation of Gas the Cause. Aspen, Wyo., Dec. 12.—A disastrous gas explosion occurred today in the new railroad tunnel by which four men lost their lives and several others were injured. The tunnel is being built on the cut-off of the Union Pacific railroad between Aspen and Billiard. The explosion was caused by the accumulation of gas. The coroner's verdict is "unavoidable accident." Twenty of the men were at work at the time of the explosion. It is not known what ignited the gas. Electric lights are used throughout the tunnel. No Hope for Kruger. London, Dec. 12.—"Dr. Leyds and his friends are spreading a report," says the Amsterdam correspondent of the Daily Mail, "that Queen Wilhelmina will intervene after her marriage. This is meant to blind the public to the real facts, which are that she wrote personally to every European ruler on Mr. Kruger's arrival in Europe, and from two countries at least, France and Russia, received conditional promises of help in the direction of intervention, but the plan failed in Berlin." Steel Company Resumes Work. Lorain, O., Dec. 12.—The Lorain Steel Company resumed work today at its blooming, converting, finishing and shape mills, with more than 3,000 men employed in the entire plant. Crashed Into a Handcar. An engine on the Grand Trunk road, near Inglewood Junction, Ont., crashed into a handcar on which were five section men going to work. All five were killed instantly. All Credit Due America. St. Petersburg, Dec. 12.—The Novoe Vremya, in an article evidently inspired, referring to the recent dispatches from Dr. Morrison, in Peking, to the London Times, saying all the credit for securing softened terms is given by the Chinese to the Russians, remarks: "The credit for the existing entente really belongs to America. England begrudges President McKinley his just pre-eminence because he has emphasized America's friendship for Russia." Fire at Silverton, Or. Fire at Silverton caused a loss of \$12,000. Incendiarism is suspected, two men being under arrest. A fire engine was sent from Portland to the relief of the town. The British Unconcerned. The British show little interest in Nicaragua affairs. Argument in the Neely case was begun before the United States supreme court.

WOULD NOT HONOR IT.

Requisition For an Indiana Man Turned Down By the Governor of Colorado. Indianapolis, Dec. 12.—Governor Mount today received word that Governor Thomas, of Colorado, has refused to honor a requisition from Indiana for the return of Clifton Oxman, of Princeton, Ind., accused of defrauding, in a real estate deal, J. Mayer Greens, of Chicago. A special from Denver says the Indiana sheriff had Attorney-General Campbell, of Colorado, inspect the papers and they were declared legal. Afterward, it is stated, Governor Thomas had a consultation with Mr. Campbell, and then announced that the papers were not made out in technical form, and this, taken in connection with the attitude of Governor Mount, of Indiana, in refusing to honor Governor Beckham's requisition for the return to Kentucky of W. S. Taylor, who is now living in Indiana, and who was wanted in Kentucky, he said would cause him to refuse the requisition. Governor Thomas, it is stated, at the same time, said that several other governors had, he believed, decided to take similar steps regarding Governor Mount. The matter has created considerable comment. Governor Mount, when told tonight of Governor Thomas' action, said he was surprised at it. "There may be something political in this matter," he said, "but I am surprised that Governor Thomas resorts to any so-called precedent in his action on the requisition. He cites my action in the Kentucky cases as a precedent, which he says he is inclined to follow. I considered no precedent when I refused the Kentucky requisition. I did so because I did not believe the men could get a fair trial in their own state. Governors do not as a rule resort to precedents in acting on such questions. Each stands on its own merits." EIGHT PERSONS DROWNED. Iron Ore Barge Went to the Bottom During a Storm on Lake Erie. Erie, Pa., Dec. 12.—In the midst of one of the most bitter gales that ever swept Lake Erie the iron ore barge S. H. Foster, in tow of the Iron Duke, went to the bottom at 4 o'clock this morning 10 miles off Erie, and eight persons were drowned. The Foster was one of the fleet of James Corrigan, of Cleveland, and for two months has been running from Duluth to Erie with iron ore. Her cargo consisted of 1,500 tons of ore. Captain Ashley, of the Iron Duke, made Erie in safety. Government Cotton Crop. New York, Dec. 12.—A story to the effect that the government cotton crop, which will be made public tomorrow, has been offered to certain cotton brokers in this city in advance, received corroboration today. Frank B. Guest, head of a cotton commission house, said tonight that advance information was offered to him Saturday. He immediately notified President Hubbard, of the cotton exchange. The latter asked for a detailed statement, which was given, and this is to be used as a basis for federal investigation. President Hubbard said tonight that he would go to Washington without delay and place the entire matter before the proper authorities. To Amend Laws. Washington, Dec. 12.—Representative Jones, of Washington, is seeking to amend the pension laws by lifting from the soldiers the necessity of proving that the disability for which they seek pensions did not exist prior to their enlistment. His bill on this subject provides that in all cases where the services of a soldier were accepted, and he was mustered into the army, no further questions should be asked concerning his physical condition prior to enlistment. In many cases the soldier of the Civil war has been prevented from securing a pension because of his inability to prove that his disability did not exist prior to his enlistment. Hospital for Lumbermen. Eugene, Or., Dec. 12.—Arrangements have been made whereby the Booth-Kelly Lumber Company will provide a hospital in Eugene for the benefit of the workmen who may at any time be taken sick or injured. The employees will pay monthly dues for the support of the institution, and when any of them requires medical or surgical treatment he will receive it without further cost. A contract has been made with Drs. Paine and Kuykendall for professional services and medicines for a year. They will select a suitable building and have the hospital ready to receive patients by the first of January.
