## A Cough Question

How long, as you do, of the danger which lurks in every neglected cough? How long before it becomes a permanent habit? This is the question that has cured hundreds of cases. A remedy that is perfectly harmless. One of which you get a liberal quantity for the price. One that costs you nothing if it fails to cure. Here is such a remedy. It is Dr. Lowe's White Pine Cough Syrup. It cures promptly and always cures thoroughly. Price 25 and 50 cents.

### NEW RAILROAD IN OREGON.

#### Nehalem and Tillamook To See One This Year.

It is now declared that the purpose of the Goble, Nehalem & Pacific Railroad, which has been understood to be a logging road, to tap a valuable timber district of Columbia county, is to cross the divide into the Nehalem valley and pass around the northern rim of the valley to Nehalem and Tillamook Bays. It is said that a trackage arrangement with the Northern Pacific has been settled whereby the new line will get into Portland, and that it will be a Portland road to all intents and purposes. President E. Cannon, of the Goble, Nehalem & Pacific, has given out the following statement:

"Our company is composed of local young business men. We have not asked for financial aid, and are building the road with local capital. All we want is the moral backing of the community we will serve. We will have the line through to Tillamook Bay this year some time, and it will tap the rich timber and coast lands of that region.

"We already have five miles completed and in operation. The road leaves the Northern Pacific track about 1 1/2 miles this side of Goble, and we have traffic arrangements with that company as favorable as though we had built clear through from Portland. The substantial character of our work is shown by the fact that the road is standard in every respect, 56-pound steel having been used and heavy bridge materials. The grades do not exceed 2 per cent anywhere on the line. The route was only selected after the most careful surveys, and the public need have no fear but that it will be well served.

"The road will cost about \$15,000 per mile to construct and equip, and will be operated by experienced traffic men. We hope to have through trains running into Portland before the end of another 12 months. We believe the business is there to support the road. This road has really been under construction for a year past, though little noise was made about it. I am a little surprised, however, that the public has just awakened to the fact that a railroad is needed into the Nehalem."

### CARLTON.

The parents of a number of boys in Amity should take warning from the accidental shooting last Monday, and put a stop to their boys using guns and revolvers. Boys 10 and 14 years old are too young to be entrusted with dangerous things like firearms.

The "diggins" on the Watt hills have been all the talk for some days past. Whether the prospectors were after buried treasures or seeking a mine is a matter of conjecture. The fun of the thing is, there is no one willing to "own up" and lay claim to "the diggings," while there are others who are willing to swear that they saw certain parties making tracks through the timber when surprised at their work.

A very sad accident occurred about five miles west of here last Monday afternoon, on the farm of Mr. Stultz. Mrs. Abi's fourteen-year-old son was hunting and in attempting to pull the gun through the fence one of the barrels was discharged, the contents striking the little fellow above the knee, almost cutting the leg in two. Drs. Wood and Matthis were immediately summoned, and the leg was amputated, and all done that was possible for him, but he died during the night. The funeral was held from the Baptist church the following Wednesday. Mrs. Abi has the sympathy of the entire community in her sad bereavement.
